

Library Resources Preview Program

The preview program is designed to help you get acquainted with new materials available from publishing houses. The publishers are interested in the reviews you have to share. This process is enriched with more selections if preview remarks are provided. Beginning in the 2008-2009 school year, reviews will be entered in OCLC Open WorldCat as well as in SIRSI Workflows.

Preview Instructions: Contact Terri Douthitt at Library Resources ASD Ed Ctr. 742-6094, when you would like to come look at available preview books.

Select up to 25 books from preview shelves and add your school barcodes. Your selections will be recorded for accountability. You may take books with you after Terri has recorded your selections. Must leave preview books at Library Resources if Terri Douthitt is not there.

Use SIRSI Bulletin 19 for instructions on completing reviews in Workflows.

Libraries by Area Group

EAGLE RIVER/ CHUGIAK	EAST	SERVICE/ SOUTH	WEST	BARTLETT	DIMOND
Alpenlow	AirportHeights	Abbott Loop	Aquarian	Aurora	Bayshore
