

6th Grade EDM Support for Focus Strand: Measurement

All of the AK GLE's for measurement have been addressed in previous years. Check for understanding on these GLE's from time to time.

Projects:

Project 6: *Anthropometry Project: Formulas for Body Height and Neck Circumference (M-7)*

5 MINUTE MATH

Measurement: Easy 48-56, Moderate 131-138, Difficult 212- 219

Assessment Assistant:

Everyday Math Grade 6 Goals:

Measurement and Reference Frames

Goal 1: Length, Width, and Angles

Goal 2: Area, Perimeter, Volume, and Capacity

Goal 3: Money

Goal 4: Temperature

Goal 5: Time

Goal 6: Coordinate Systems

Reinforcement Suggestions from *Maintaining Concepts and Skills in the Differentiation Handbook*

MEA – 3

- Have students complete a table increasing or reducing measurements by a factor of 10. See the Readiness activity in Lesson 8.9 (Unit 8).
- Have students complete Master 258 in class (Unit 8).
