

CONNECTOR

Name: _____ Date: _____

Book: _____ Pages: _____ to _____

Connector: Your job is to find connections between the book and yourself, other texts, or the world. This means connection the reading to your own experiences, to happenings at school or in the community, to similar events at other times and places, to other people or problems you are reminded of. You might also see connections between this book and other writings on the same topic or by the same author. There are no right answers – whatever the reading connects with is worth sharing! List and label the connections as text-to-self, text-to-text, or text-to-world.
