# Group Discussion

## Fully-Participating

## Participating

## Non-Participating

**5**

- considers what others say and adds on to move discussion along to deeper meaning
- summarizes what has been said so the whole group understands
- encourages others to participate in a tactful way

**4**

- shares own opinion with the discussion group
- gives supportive reasoning for own opinion when sharing with the group

**3**

- listens well and appears to be following all points of the discussion
- gives eye contact to speakers
- considers the opinions of others

**2**

- no eye contact with speaker
- body turned away from discussion
- quiet and non-disruptive, but does not appear to be following all points

**1**

- engaged in own conversation or in side conversation
- distracting others away from discussion focus
- plays with things like pencil, paper, notebook

**Compliments...** \_\_\_\_\_
