Wordsmith: Your job is to be on the lookout for a few important words in today's reading. If you find words that are puzzling or unfamiliar, mark them while you are reading. Then later on, jot down the definitions. You might also run across familiar words that stand out in some way in your reading - words that are repeated, words used in unusual ways, or words that are key to the meaning of the text. Mark these special words and be ready to point them out to your group. Help your group understand the meanings of the words that you select.
