

November 8-9, 2005

Dear Parents and Students,

Central School of Science would like to thank you for participating in student-led conferences. We hope you feel informed about your child's progress and feel as if it has been a successful experience for your family.

We will be using the same format for spring conferences. We would like your feedback in order to improve our implementation. Please take a few moments to answer the following questions with your child. Drop the completed evaluation off to any of the core teachers or leave it at the front office as you exit the building. Thank you so much for coming to school and supporting your child with his/her learning.

Sincerely,

Central School of Science Staff

1. If you had to give the student-led conference format a letter grade, what grade would you give it?

2. What did you like about the student-led conference format?

---

---

---

---

3. Explain any difficulties you might have had with the student-led conference format.

---

---

---

---

4. Do you have any suggestions for spring conferences?
