

Science Self-Assessment
3rd Quarter 2005

Name _____
Date _____

I was in science class _____% of the time 3rd quarter.

I was on time to science class _____% of the time 3rd quarter.

I turned in _____% of the assignments due 3rd quarter.

Answer all the questions thoughtfully. Take time and think carefully BEFORE you write. The answers are truly and honestly your individual reflections. Remember to apply what you have learned about writing.

1. Preparation: Describe how you come prepared for class (homework complete; book, writing utensils and other supplies, and binder in class; ready to learn).

2. Assignments: Describe your success in the following categories.

Classwork:

Projects:

Homework:

3. Behavior: Describe your behavior in your Science class. Include your behavior during instruction time, class discussion, individual work time, and group work time.

4th QUARTER GOALS:

1. What is your primary 4th quarter goal?

2. What will do to reach this goal?

3. What support do you need to reach this goal?

4. Write a positive statement about yourself with reference to your education.
