

Alatna Team Student-led Conferences

On **Wednesday, November 9th**, the Alatna team will hold student-led conferences. Students will share a portfolio containing first quarter work from all of their core classes. **It is critical that your child is present to lead his or her conference.** Report cards will be available for pick-up prior to the conference.

A fifteen-minute block will be scheduled for each student-led conference. One team teacher will stay in the immediate area to support students and serve as a resource for parents, but your child will lead the conference. Elective teachers will be available in the MPR before and after your conference. Counselors and special education teachers will be available, too.

You will have the opportunity to indicate your preference for the time of day during which we schedule your conference. (Students should be giving you this paper tonight and returning it tomorrow.) The following choices are listed on the sheet.

Block A (11:30-1:00)

Block B (1:00-3:00)

Block C (4:00-5:30)

Block D (5:30-7:00)

No Preference/Any Block Will Work

We recognize that some parents will not be able to attend conferences during the day. If you are able to attend a daytime appointment, please consider requesting block A or B.

If you prefer to respond by email, please reply to this message with the following information.....

Child's name / Block Time / Special instructions

Sample:

Bob Smith / Block B / We have another child, Tina Smith, in 8th grade & would like the conferences held consecutively

**We will confirm the exact time & place of your conference at a later date.
THANK YOU.**
