2. How long does it usually take you to do your homework at night? Could it be done more efficiently?

3. Do you have low scores, missing work, zeros, or late work? If so, explain to your parents why in each case.

4. What is your behavior like in each of your core classes? Describe your behavior to your parents.

5. What are your strengths as a student? Which assignments, quizzes, tests, or projects do you feel show outstanding work on your part?

6. If one or more of your class grades is lower than you and your parents' expectations, what will you do to improve your grade for second quarter?
