Prepared by the ASD Assessment and Evaluation Department, August 29, 2005

N/A is used to indicate when a group does not need to be evaluated when:

- (1) 20 or less students are enrolled in a group for all groups except "All Students".
- (2) 40 or less students are enrolled FAY (column D) in the Disabled & LEP groups.

\* For the groups where the number enrolled is less than or equal to 40, Participation is met when no more than 2 miss the test. Groups can also meet this target using the average of the past two years.

\*\* Where a group achieves a "Yes" without meeting the listed target, they have done so using either the 99% confidence interval or Safe Harbor.
