Application is due to the ASD by November 30, 2007 in order for your child to be considered for services. Due to funding limits or lack of space in the programs available, not all students will be able to receive services. Students who are eligible for and apply for services will be ranked in order of greatest academic need in determining who will receive services. Once the application deadline has passed, the district will process all applications and notify parents whose children are authorized for service.

Do not send your child for services until you have received authorization from the Anchorage School District. By signing this form, I am authorizing release of contact information as well as release of student academic records to the state-approved Providers I selected above. Further, I understand that my child may not receive services if funding and space are not available for all eligible students. I will be notified by the Anchorage School District if my child is approved for services.
