

ANCHORAGE SCHOOL DISTRICT  
ANCHORAGE, ALASKA

ASD MEMORANDUM #159 (2006-2007)

January 22, 2007

TO: SCHOOL BOARD

FROM: OFFICE OF THE SUPERINTENDENT

SUBJECT: TREASURER'S REPORT/FINANCIAL RECAP:  
November 30, 2006

*ASD Goal: Ensure public accountability through continued preparation and publication of the Profile of Performance, budget basics, and budget and bond summaries; effective consultation with community to ensure wise use of financial resources and responsible construction and maintenance of facilities; effective communication with students, staff, parents, community and government at all levels.*

PERTINENT FACTS:

The attached report consists of two parts: the Treasurer's Report and the Financial Recap. The Treasurer's Report and the Financial Recap are presented on a monthly basis. The Treasurer's report and Financial Recap are year-to-date information as of November 30, 2006.

I. TREASURER'S REPORT

The Anchorage School District Treasurer's Report includes a summary of the total demand deposits and investments, which are on hand as of November 30, 2006, and a summary of the investment transactions completed November 1 through November 30, 2006.

The demand deposits in the General Fund as of November 30, 2006 reported negative funds available of (\$367,641). The District's banking services contract includes the investment of the bank float that provides additional interest revenue to the District. The total amount of investments on hand at November 30, 2006 was \$110,936,950 and the combined total of these liquid assets consisting

of the demand deposits and investments were \$110,569,209. A schedule of investments is presented on page 2.

The District transacted 78 investments during the month of November. The specific investments purchased are presented commencing with page 4 of the Treasurer's Report. The anticipated earnings for these new investments are \$329,936 which will be recorded in the General, Capital Projects, Internal Service, and Debt Service Funds. The interest earnings on investments made by the District are recorded upon receipt of the actual interest earnings on the various dates of maturity. The interest earnings on investments made by the Municipality of Anchorage on behalf of the District are accrued monthly.

In summary, the District's investment performance for fiscal year 2006-2007 year-to-date is shown by the following three-portfolio yield calculations:

- 1) The Annualized End-of-Month Portfolio Yield, noted on page 6, represents the weighted average yield on investments outstanding with the District on November 30, 2006. The Annualized End-of-Month Portfolio Yield was 5.26 percent.
- 2) The Weighted Average Interest Rate for investments purchased during November was 5.10 percent and is noted on page 6.
- 3) The Year-to-Date Cumulative Yield, noted on page 6, represents the weighted average yield of all investments purchased by the District since July 1, 2006. On November 30, the Year-to-Date Cumulative Yield was 5.18 percent.

## II. FINANCIAL RECAP

The Financial Recap is a summary of revenues, expenditures and encumbrances for the current fiscal year through November 30, 2006. The funds presented are the General Fund; Debt Service Fund; Food Service and Local/State/Federal Projects Special Revenue Funds; and Capital Projects Fund. The expenditures are on generally accepted accounting principles (GAAP) basis. This means the amount in expenditures include payments on encumbrances from the prior year. For example, the working budget on expenditures for the General Fund includes the current year's revised budget plus the encumbrances from prior year of approximately \$16.021 million. Year-to-Date (YTD) expenditures therefore reflect expenditures from the current fiscal year and expenditures from prior years' encumbrances that were carried forward. The appropriations from the prior years for these encumbrances were also carried forward.

The General Fund revised budget for fiscal year 2006-2007 totals \$473.433 million which includes approximately \$6.5 million increase approved by the School Board (ASD Memorandum #317) and the Anchorage Assembly (AR No. 2006-140) on May 22, 2006 and June 20, 2006, respectively. This budget increase was mainly a result of the passage of House Bill 13, which provided for an increase in the Alaska Public School Funding Program and a one year school improvement allocation. In addition, the local tax appropriation increased approximately \$350,000 from an increase in new construction for 2005. House Bill 13 increased the base student allocation used in the Alaska Public School Funding formula an additional \$28 above the \$5,352 amount used in the District's original calculations in developing the budget. The base student allocation increased from \$4,919 in fiscal year 2005-2006 to \$5,380 in fiscal year 2006-2007 for an overall increase of \$461 per ADM. In addition, House Bill 13 appropriated a one time school improvement allocation of \$81 per ADM totaling approximately \$3.99 million for fiscal year 2006-2007. This \$473.433 million is compared to the revised budget of \$433.004 million for the prior year. The cumulative actual GAAP expenditures and encumbrances for the five-month period ended November 30, 2006 were \$155.415 million or 31.7 percent of the \$489.454 million working budget (revised budget plus encumbrance budget).

On page 28 the Cumulative Expenditures by Month for Four Fiscal Years begins which provides information concerning the actual and projected expenditures for fiscal year 2006-2007 compared to the actual cumulative expenditures by month for the prior three years. In addition, a Comparative Ratio of Monthly Expenditures to Total Expenditures is presented beginning on page 29 to provide the actual expenditures and relative percentages by month for the current and three prior fiscal years for comparative purposes. Actual expenditures are one-tenth of one percent above projections for the five-month period ended November 30, 2006.

Summary and detailed budget reports are available for each school, department, and other budgetary unit on IFAS on-line with current up-to-date data. This information is available to assist in daily operations.
