

ANCHORAGE SCHOOL DISTRICT
ANCHORAGE, ALASKA

ASD MEMORANDUM # 239 (2007-2008)

April 14, 2008

TO: SCHOOL BOARD

FROM: OFFICE OF THE SUPERINTENDENT

SUBJECT: MONTHLY UPDATE STUDENT INFORMATION SYSTEM - ZANGLE

ASD Goal: Ensure public accountability through effective consultation with the community to ensure wise use of financial resources and responsible construction and maintenance of facilities, and effective communication with students, staff, parents, community and government at all levels.

PERTINENT FACTS:

The Zangle Student Information System implementation continues to move forward.

- A new project plan has been developed, reflecting a K-12 implementation scheduled to “go-live” August 2009. The implementation plan was created with highest priority given to modules or system elements that are critical to district functions, followed by modules or system elements that address specialty functions and user satisfaction. (Attachment A)
- CInnovation has presented the district with an Estimate of Work for the customizations and contractual requirements that were identified through the Fit/Gap process. This list was prioritized according to the needs of the implementation plan and submitted to district leadership for approval. When the finalized list of approved customizations has been presented to CInnovation for further development, the Fit/Gap phase of implementation will be complete.
- Base configuration and ASD Business Process review continues based on the project plan established between CInnovation and ASD.
