TO: SCHOOL BOARD
FROM: OFFICE OF THE SUPERINTENDENT
SUBJECT: A RESOLUTION IN SUPPORT OF CENSUS 2000

RECOMMENDATION:

It is the Administration's recommendation that the School Board adopt the attached resolution in support of Census 2000.

PERTINENT FACTS:

The next national census will take place next year. Titled "Census 2000," it will impact every Alaskan. Across the nation, census figures will help set locations of new roads, schools, hospitals, senior centers, day care centers and other community facilities. Federal, state and local organizations will use census figures to determine grant project distribution and funding. In order for Alaskans to fully utilize the Census 2000 figures, it is important that an accurate and thorough count be made.
