SUBJECT: ANCHORAGE FIRE DEPARTMENT AND FIRE MARSHAL
APPRECIATION

PERTINENT FACTS :

Our community is fortunate to have individuals who willingly share their time, talent, and expertise to benefit the Anchorage School District. Fire Inspector John Peck and Fire Marshal Robert Taylor are among this group.

These men have worked tirelessly, often past the traditional work day, to help ensure our facilities are safe for students, staff and the general public. They have made themselves available to answer questions and provide recommendations to keep the district on a course of continuous improvement in the area of fire safety. In all these endeavors, Mr. Taylor and Mr. Peck have performed their duties with a high degree of professionalism and enthusiasm.

It is requested that the School Board recognize John Peck and Robert Taylor for their tremendous support to the Anchorage School District, its students and facilities. Their exemplary efforts help ensure our schools are safe places to study and work.
