

ANCHORAGE SCHOOL DISTRICT  
ANCHORAGE, ALASKA

ASD MEMORANDUM #333 (1999-2000) (FIRST READING) May 22, 2000

TO: SCHOOL BOARD  
FROM: OFFICE OF THE SUPERINTENDENT  
SUBJECT: REVISION TO SCHOOL BOARD POLICY 343.41: GRADUATION  
REQUIREMENTS

RECOMMENDATION:

It is the Administration's recommendation that the School Board approve the deletion of section 343.41: Graduation Requirements for those students (Prior to the Class of 2000) as shown on Attachment A from School Board Policy on First Reading. It is further recommended that the changes to School Board Policy 343.41 for those students in the Class of 2000 and beyond as shown on Attachment B be approved on First Reading.

PERTINENT FACTS:

The School Board Policy Subcommittee met and discussed these proposed changes on April 27, 2000 and asked that they be forwarded to the full Board for action. The deletions on Attachment A are recommended because they are now obsolete since the Class of 1999 has graduated.

The changes recommended in Attachment B bring Policy 343.41 into alignment with School Board, Legislative, and State Board of Education and Early Development action in the past two years in the areas of World Language and Physical Education, as well as the requirement to pass all three sections of the High School Graduation Qualifying Exam (HSGQE) for the Class of 2002. These changes will also be incorporated into all Administrative Manuals and High School Courses of Study.
