

ANCHORAGE SCHOOL DISTRICT
ANCHORAGE, ALASKA

ASD MEMORANDUM #26 (2001-2002)

August 27, 2001

TO: SCHOOL BOARD

FROM: OFFICE OF THE SUPERINTENDENT

SUBJECT: ACCEPTANCE OF GRANT AWARD: CARL PERKINS

RECOMMENDATION:

It is the Administration's recommendation that the School Board approve and authorize the Superintendent to accept the Carl Perkins Grant in the amount of \$941,430 for 2001-2002.

PERTINENT FACTS:

On June 11, 2001, ASD Memorandum #342 (2000-2001), the School Board authorized the District to apply to the State of Alaska for Carl Perkins funding for 2001-2002. Notification has been received that the District has received that funding in the amount of \$932,143. Approval of this memorandum will allow the District to move forward with expending the funds for the purposes intended.

The Carl D. Perkins Vocation and Technical Education Act provides federal monies for the support of vocational and technical education in the country. Funds are provided as flow-through funds through the State. As a result, interested and eligible districts must make application to the State for the funds.

The Carl D. Perkins funds will be administered through the Office of Career & Technology Education. Funds will be used to provide equipment and materials to schools that qualify to support vocational courses, to provide training to vocational teachers, to provide follow-up information, and to meet other program needs and requirements. Approximately 100 substitute days are included in this grant for release time for teachers to attend training and various activities. Some of these funds will be used for added duty for teachers who attend Saturday training sessions and activities.
