Dear Board Members,

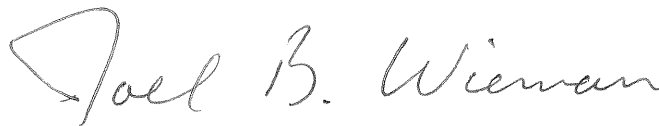

I am writing to express my interest in the seat recently vacated by Chris Tuck.

I have been interested in running for the School Board for several years, and believe I now have the time necessary to devote to the position. It was my intent to run for the seat Macon Roberts will vacate and had discussed this with him some time ago. However, a friend will be running for that seat, thus my interest in being appointed to seat B rather than the traditional electoral process. I recognize if I am appointed it will involve running again in April and yet again in 2010.

I feel I can add fresh ideas to the Board as well as the insight my nearly thirty years of psychological practice has given me. I view a seat on the Board as an end in itself rather than a political stepping stone, and have no intention of running for further elected office. However, I do intend to try and serve for three terms if possible.

I am a graduate of the Anchorage School District as are my children, and serving on the board will allow me to give back our community as well as enjoy a rewarding experience.

I thank you for your consideration,

Joel B. Wieman Ph.D.
