

Staff Celebration Ideas

Use this season to explore the songs, symbols and celebrations of many cultures and traditions. The “holiday spirit” has the same meaning in all religions, focusing on sharing and caring.

- Transform your traditional tree to a “giving tree” with warm socks, mittens and hats for the homeless
- Throw your staff party at a senior center
- Donate to charity in the name of a co-worker instead of having a “Secret Santa” program
- Give the gift of time by organizing a volunteer session for a community group
- Give the world a present. Select a project at a Web page like www.altgifts.org. “Shop” together for best project, vote for everyone’s favorite and donate
- Host an International Potluck, encourage coworkers to bring a dish from a country of their own heritage
- Invite cultural dance or music groups to perform and share their cultural beliefs

Get creative and find new ways to mark the winter season!
