What methods did you use to report the results of your grant to interested members of the public? Some examples would be your school newsletter, parents' meeting, or your school web site.

The school community was informed of the grant through parent meetings and the school newsletter. Information about RCCP is also included on the school website.

Major Accomplishment

This year the RCCP program was extended to third graders. The team worked to expand the reach of our school peacemakers, beyond peer mediation to broad support of peaceful activities on the playground. The team was involved in outreach. One exemplary component was when the mediators visited each Family Group to demonstrate the mediation process.
