What methods did you use to report the results of your grant to interested members of the public? Some examples would be your school newsletter, parents' meeting, or your school web site.

We invited the Alaska Star to cover our training. They wrote an article explaining our mediation program. The Chugiak News club and For Kids by Kids magazine promotes social skill building by covering school news. Throughout the year, mediators contributed to our school newsletters.

Coordination

Other Comments

This was our thirteenth year of having mediators on the playground. In order to have a meeting with all the mediators, kept them in for one recess. Later in the day, several staff members asked me where they were. Their absence was noticed. They are such an integral, important part of our school. They truly help shape the emotional climate at our school. Students feel safe here, they know where to get help with their conflicts
