What methods did you use to report the results of your grant to interested members of the public? Some examples would be your school newsletter, parents' meeting, or your school web site.

Updates @ PTSA meetings, newsletters articles, morning announcements. Romig Ambassadors informed and dispersed info to peers, info was given to SEL and PIC coordinator for planning and stats and info was given at 6th grade orientation night.

Major Accomplishment

Romig has done many "cutting edge" activities and projects this year. We held student forums where the students discussed issues that were important to them and their school climate. They in turn presented their idea to the administration for implementation and approval. However, I would have to say that our community partnerships with UAA, AK Regional Hospital and AK Premier Dental Group, was a highlight for us. Providing free school sports physicals, dental screenings, and a support group for students dealing with cancer is a fulfilling achievement for us. We feel that we have built strong assets on so many levels because of these combined efforts.

Other Comments

The Romig Ambassadors are a great asset to RMS. The students feel that this is **THEIR** school when they have a say in what is going on in and at school.
