Northern Lights ABC School Overview

**Statement of Program**

Northern Lights ABC K-8 School is an alternative school within the Anchorage School District known for its back-to-basics approach to education. The parents, teachers, and staff of Northern Lights ABC believe that the purpose of education is to provide children with the skills necessary to live successfully as responsible, contributing citizens.

The academic program at Northern Lights ABC is based on the premise that many students learn best within the framework of a structured environment, where self-discipline is encouraged and boundaries are consistently applied. The program challenges students to take responsibility for their own learning and to have pride in their work. It is designed to build a solid foundation, using the basic building blocks of reading, writing, and mathematics, from which higher order thinking skills can evolve. The ABC program also promotes leadership, citizenship, and character development. High academic expectations provide each student with a measurable standard of achievement. Every effort is made to achieve maximum student learning, at the appropriate level, through sequential teaching. Our goals are accomplished through an atmosphere of knowledge, understanding, cooperation, involvement and support on the part of students, parents and staff. Northern Lights ABC was designated a 2004 Blue Ribbon School.

Attendance Rate: 95.9% (Threshold is 85%)

N/A is used to indicate when a group does not need to be evaluated when:

(1) 20 or fewer students are enrolled in a group for all groups except "All Students".

(2) 40 or fewer students are enrolled FAY (column D) in the Disabled & LEP groups.

\* For the groups where the number enrolled is fewer than or equal to 40, participation is met when no more than 2 miss the test. Groups can also meet this target using the average of the past two or three years.

\*\* Where a group achieves a "Yes" without meeting the listed target, it has done so using either the 99% confidence interval or Safe Harbor.

\*\*\* Results cannot be published without releasing personally identifiable information.
