

Winterberry Charter School Overview

Statement of Program

Winterberry Charter School is a school inspired by the Waldorf methods serving grades K-7. The mission of Winterberry is to educate the individual child using methods that stimulate the mind, heart, and body. Students actively engage in academic subjects presented through the arts and are encouraged to use their bodies to make learning meaningful. Winterberry is located in downtown Anchorage allowing staff and students to participate in and experience performances at the Anchorage Museum, Anchorage Performing Arts Center and other venues. Students at Winterberry develop a larger view of their role in the greater community by working on improvement projects for the school that, in turn, beautify the downtown area.

N/A is used to indicate:

- (1) Subgroups with 20 or fewer students enrolled on the first day of testing shall not be included in participation rate calculation.
- (2) Subgroups with 25 or fewer students enrolled for the "full academic year" shall not have the performance score computed.

* For the groups where the number enrolled is less than or equal to 40, participation is met when no more than two miss the test. Groups can also meet this target using the average of the past two or three years.

** When a group achieves a "Yes" without meeting the listed target, it has done so using either the 99% confidence interval or Safe Harbor.

Climate Survey Results for Winterberry Charter School

The Anchorage School District administered the School Climate and Connectedness Surveys in spring 2008 to students in grades 5-12, all school staff and parents/guardians of students in grades K-12. The surveys were done to provide schools with information about perceptions and experiences related to school climate for use in setting school goals and redirecting resources. In the spring of 2008 grades 3 and 4 students were involved in a pilot survey for measuring school climate and connectedness. The results are currently under review by the American Institutes for Research.

Respondents were asked to answer a series of questions that were related to a certain concept. For each item, there were five options from which to choose a response. The answer options ranged from strongly disagree (1) to strongly agree (5).
