

October 9, 2008

Thank you for the opportunity to participate in the ASD Survey and ASD Candidate forum; as I am sure you have heard my opponent has dropped from House District 17's race and I am now unopposed. I believe it is in the public's interest to use the time to discuss the issues with those candidates who have opposition, I will not be attending and want to provide you an opportunity to reallocate the time you had held for District 17's race to others.

I am very supportive of the Anchorage School District, its Administration and all of our Districts Teachers and support staff. I hope my voting record on Educational issues speaks for itself. Thank you for all you do for our students and community every day.

*Sincerely,*

Anna Fairclough
