grade

Looking at this diagram, what do you know about y?

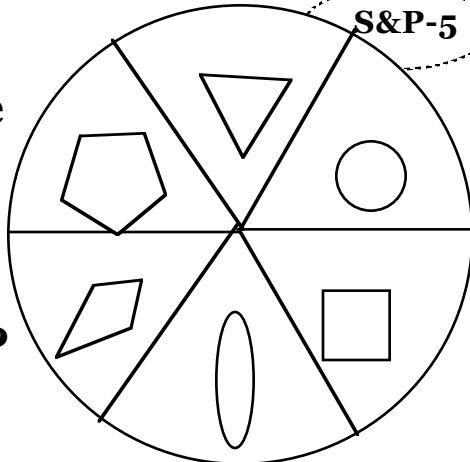

S&P-4

Roll 2 dice. Get a number less than 13.

Is this certain to happen, likely to happen, unlikely to happen, or no chance this will happen?

S&P-5

What is the probability of landing on a polygon?

S&P-5

When tossing a penny **24** times, how many times would you expect it to land on "Heads"?
