Non-Proficient Students

Administer Word Lists Levels AB or CD or EFG:

- If a student scores lower than 90% on a word list, go to the next lower list and continue until the student scores 90% or above.
- If a student scores higher than 90%, go on to the next higher list, continuing until the student has read the most difficult list he or she can at 90% accuracy.
- You may offer no help. Wait 5 seconds and then say, "Go on." Score the word as an error.
- Match word list to leveled reading passage.
