

Alaska Family Leave Act (AFLA) Family Medical Leave Act (FMLA) And Military Family Leave

*AFLA/FMLA leave should be applied for after any incapacity or treatment connected with inpatient care in a hospital, hospice or residential medical care facility; or a period of incapacity requiring absence of more than **three calendar days** from work, school or other daily activities that involve continuing treatment by a health care provider; or any period of incapacity due to pregnancy or for prenatal care.*

The Anchorage School District will grant job protected family and medical leave to eligible employees for any one of the following reasons:

- ◆ The birth of a child or the placement of a child with the employee for adoption or foster care; or
- ◆ In order to care for an immediate family member of the employee if such immediate family member has a serious health condition; or
- ◆ The employee's own serious health condition that makes the employee unable to perform the essential functions of their job.
- ◆ “Any qualifying exigency” arising out of the fact that the spouse, son, daughter, or parent of the employee is on active duty, or has been notified of an impending call to active duty status, in support of a contingency operation.
- ◆ To care for a covered service member who is recovering from a serious illness or injury sustained in the line of duty on active duty.

Eligibility

An employee is eligible for AFLA/FMLA if the employee has been employed by the Anchorage School District for at least 35 hours a week for at least six consecutive months or for at least 17.5 hours a week for twelve consecutive months immediately preceding the leave.

Length of Leave

Eligible employees are entitled to a total of 18 weeks of leave within 12-month period for:

- Pregnancy and birth of a son or daughter of the employee; or
- Placement of a child with the employee for adoption or foster care.

The right to take leave for these reasons expires on the date one year after the child's birth or placement of the child with the employee.

Eligible employees are entitled to a total of 18 weeks of leave within 24 month period or 12 weeks in a 12 month period for:

- The care of an employee's spouse, son, daughter, or parent with a serious health condition; or
- The employee's own serious health condition that makes the employee unable to perform the essential functions of their job.

Eligible employees are entitled to a total of 12 weeks of leave within 12-month period for:

- “Any qualifying exigency” arising out of the fact that the spouse, son, daughter, or parent of the employee is on active duty, or has been notified of an impending call to active duty status, in support of a contingency operation.

Eligible employees are entitled to a total of 26 weeks of leave within 12-month period for:

- An eligible employee who is the spouse, son, daughter, parent, or next of kin of a covered service member who is recovering from a serious illness or injury sustained in the line of duty on active duty.

Use of Accrued Leave

Accrued sick leave may be used by those approved for AFLA/FMLA subject to the restrictions in the employee's Negotiated Agreement.

If use of sick leave or personal leave is available to the employee to keep the employee in a paid status that leave will run concurrently with AFLA/FMLA.

Health Insurance Benefits

Health insurance coverage for employees on AFLA/FMLA shall be maintained for the period of time the employee is on approved Family Medical Leave, on the same basis as coverage is available to an employee who is actively at work. The District will pay the employer's portion of the medical expense while an employee is on AFLA/FMLA leave; the employee would still be responsible for any employee contribution.

Job Protection

Upon return from AFLA/FMLA leave, an employee must be restored to his or her original job, or to an "equivalent" job, which means virtually identical to the original job in terms of pay, benefits, and other employment terms and conditions.
