ASD School Staff: Please fill in ASD student number and return **All Completed** forms to the Migrant Education Program by interdepartmental mail**.** Thank you.

Student ASD # _____

ASD Migrant Education Program

Do your children qualify for our program?

These are some of the services available to eligible families:

* Preschool
* Literacy learning activities
* Swimming classes, camps and recreational opportunities
* Direct social services and referral to community services
* Free lunch program
* High school credit recovery

All responses are confidential and will be used for educational and planning purposes only.

In Alaska, most of the children in our program qualify because a member of their household has done some type of fishing activity. However, as this is a Federal program, there are other ways your children may qualify to receive services.

In the last three years, has any member of your household been involved with any of the activities listed below?

- Subsistence fishing (salt and freshwater), clamming, crabbing, shrimping — Yes _____ No_____
- Commercial fishing, fish processing fish hatcheries, fish farming — Yes _____ No_____
- Logging or agricultural work — Yes _____ No_____
