## ASD Migrant Education Program

# Do your children qualify for our program?

These are some of the services available to eligible families:

- \* Preschool (ages 3-1/2 to 5 years)
- \* Literacy learning activities
- \* Swimming classes, camps and recreational opportunities
- \* Direct social services and referral to community services
- \* Free lunch program
- \* High school credit recovery

All responses are confidential and will be used for educational and planning purposes only.

In Alaska, most of the children in our program qualify because a member of their household has been involved in some subsistence or commercial fishing activity. However, as this is a Federal program, there are other ways your children may qualify to receive services.

In the last two years, has any member of your household been involved with, or looked for work in any of the activities listed below?

Commercial fishing, fish processing,  
fish hatcheries, fish farming                      Yes \_\_\_\_\_ No \_\_\_\_\_
