

TPD is Puzzled...Again ?

Help us complete our jigsaw puzzle and win Valuable prizes!

We have two identical puzzles. One we have assembled and have on display in our office area. BUT. . .there are ten pieces missing! The second puzzle is in a jar. Come and purchase a puzzle piece drawn from the jar. If you draw one of the missing pieces, YOU WIN!!

Here's how it works. . . each of the spaces (where the missing pieces go) contains a number 1 through 10.
