

West/Romig School Renewal - Student Design Workshops

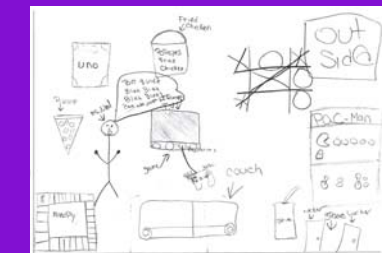

more music – water features in the cafeteria – murals on the hallway walls – make the lockers look like icebergs – the hot lunch area will be a cave – bigger and better lockers –

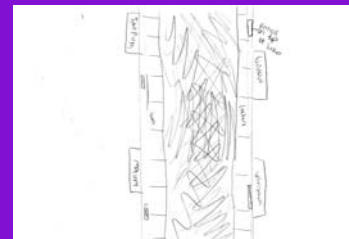

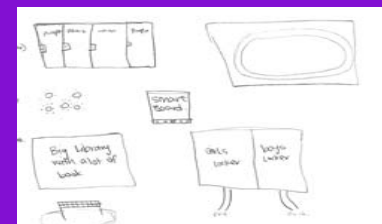

lights like the aurora borealis – floor tiles in the shape of a river – better bathrooms – an area to chill in – save the Romig Trojan on the outside –

a Trojan fountain in the middle of the hallway – keep West and Romig together – food court – waterfall – Starbucks – safety – more rugs – fountain –

singing room – football field – more culture – bigger classrooms – big hallways – lots of space – indoor swimming pool – polka dot walls – color –

Student Ideas

My idea is to have a fountain with a Trojan inside with a bronze plate on the side telling about the school and why our name is Romig – I think we should have a tile mural on the ground of the Trojan helmet – murals – benches – super lockers – bigger school – bigger lunchroom – pool – lots of space – dance – skating rink – I think the school should have all of the classes write their names in a collage with the teachers' name in the middle, and all of the students' photos – game room – couches – a better school mascot – more space between lockers – better gym, lockers, lunch – bigger school – cafe – football field – lockers in Romig colors - purple, black and white – round tables – smart boards in every classroom – lots of books in a big library - separate girls' and boys' lockers – a gym with a track on the second floor – volleyball court – make the hallways have windows – paint the walls bright colors – I think the new Romig school should have an auditorium with a rising stage – make the outside colors more eye popping – wildlife on the walls – more stairs – polar bears on walls – gym –
