

## Goals and Objectives

Clark Middle School Renewal

Draft 3

3/26/06

**Safe:** provide a secure and safe environment for teachers, staff, students, and visitors. Integrate security measures into the school so they are effective without being intrusive.

**Facilitate Learning:** create an environment that supports and enhances the delivery of ASD curriculum and the variety of learning and teaching styles at Clark including the extensive ESL program.

**Welcoming:** create a positive feeling in students, staff, teachers, parents, and visitors as they approach, enter and inhabit the school.

**Flexible:** plan for change. Spaces must be flexible to accommodate the variety of day-to-day activities and adaptable to future learning/teaching styles for the life of the building.

**Cost Effective:** meet project budgets with efficient use of funds providing real and perceived value to the community and taxpayers..

**Sustainable:** select materials and systems for long term durability and low operational and maintenance costs. Create interior environments that are pleasant and inspiring, promoting ht health and wellbeing of students, staff and teachers.

**Unique Image:** create a fresh, dynamic and durable image that reflects the spirit and aspirations of Clark Middle School and the Mountain View Community.

**Minimize Disruption:** develop a construction phasing plan that minimizes impact to ongoing school operations.

**Embrace the Community:** celebrate the positive values of the surrounding community. Create a school that respects and complements the neighborhood.
