student Ideas

graffiti/tagging (so you can express yourself) – upstairs 'n' downstairs – new track – open campus lunch – blue gold and white color theme – gym – 2 story – indoor running track – outdoor court or hockey rink – outdoor pool – earth objects (teams) – scan ID cards to enter lockers and classrooms – a pond that says "Every river leads to the ocean. When you first start school you're like a river. Then as you go down the river through high school you'll end up at the ocean which would be life!" - snow machines – moose – sculptures – bigger hallways – bigger lockers – wildlife – sliding doors – wider hallways – bigger lockers – leave school alone! – blue and gold lockers - bigger lockers – yellow tinted windows – orange doors – inside café blue – lots of glass – lots of trees – tint glass – each building a quad style – center of each quad a meeting area – I think that we should stick with the colors for the teams but what we could change is the lockers and the hallways could be bigger. And maybe we could paint the hallways the colors of the teams, because colors describe diversity. – inviting entrance – colorful entrance – all girls school – colorful team hallways – put handprints on the doors – radios in your lockers – some learning spaces – two lunch rooms – two gyms: in one gym there would be basketball and other fun games and in the other the same – lockers that are bigger – there should be new tables to work on – new chairs and new lunch tables – The old tables and chairs are dirty and have marks on them. The tables have gum under them too. – Some of the lunch tables are straight and some are crooked. Some are too high and some are sideways. It has gum under some too. – make a slide to all homerooms – dancing room – bigger hallway – bigger relo – cleaner bathroom – bigger school – swimming pool – swimming lesson – make a brother vending machine – team names: dinosaurs, bubbles, elements, music, wildlife, candies – falcons – blue - gold
