

Begich Middle School
Building a School Community, sixth class
Tuesday, February 20, 2007, 4:00-6:00 p.m.
Bartlett High School Library

1. Welcome, introductions and announcements
See folder for handouts.
2. Mixer
3. Activities discussion

The following format and questions were developed by the Activities Working Committee:

ACTIVITIES will be discussed at the next class. We will divide into groups with one member of the activity working committee serving as a group leader. We will discuss the "must haves" and best practices that the committee has identified for Begich and also the issues and concerns.

Some of the questions each group will discuss are:

1. How can we make sure all students feel connected/partnered with Begich in regard to activities? Obstacles? Pros/Cons?
2. What are the "must haves" and best practices for what we want to see at Begich? What are the issues? Concerns?
3. Discuss how activities should be distributed amongst staff? Should activities be capped at a certain number?
4. Explain why you believe activities will be an important component in creating a positive school climate?
5. Any other comments, suggestions or questions?

Thanks to any staff who can bring a snack to share.

The next class will focus on POSITIVE SCHOOL CLIMATE AND FAMILY/COMMUNITY INVOLVEMENT. We will meet in the Library of Creekside Elementary School on March 6, from 4:00-6:00 p.m. All are welcome and invited to participate.
