Student Ideas

about every few feet should be a map of the school - we should have our own library - I want my school to have nice designs on the school walls and halls - I want the school to look better - bigger lockers - couch - make the entrance like a piece of art or some weird sculpture - make the Trojan more interesting like fighting a lion in a picture - statue of a Trojan outside of the front door - murals - bricks with all the teachers' names on them - park benches - trees - new desks for the teachers - a cooling room - a new place for the stage with removable chairs - new ovens - a water fountain in front of the office - more smiley faces - a fun study room - save the mascot on the PE floor - keep the track records in the PE room - save the mural outside - add more color to the outside - more purple and white - student lounge - change locker colors - cafe - expand the two stories - igloo-creative - bigger Home Ec room - new mascot - black and purple school uniform - more comfortable chairs - make a mural with all the faces of important people in Alaska - rock wall - lights like stars and moon
