

Career Ready 101 by KeyTrain

Online Skill Building Resource

Career Ready 101 is our new comprehensive career training course. It is an integrated approach to exploring careers and their skill requirements, building workplace skills using KeyTrain[®], and creating life-literacy with such skills as financial awareness and job searching. It is being paid for by the state to help kids prepare for the WorkKeys assessment. User accounts have been created for every student grades 6-12.
