

GOLDENVIEW MIDDLE SCHOOL STUDENT LOCKERS

Goldenview students will have their own personal locker. The lockers remain the property of the Anchorage School District and are therefore subject to search by school authority. Parents also have access to lockers (see Student Rights & Responsibilities in your handbook for details).

LOCKER REGULATIONS:

1. Students are asked to take good care of all the lockers. Writing on the inside or outside of the locker at any time is not permitted and violation subjects a student to disciplinary action, including suspension or referral to the Anchorage Police Department for vandalism charges.
2. Shelves are permitted only if they are free standing on the floor. Shelves that are wedged between the sides of the lockers are not permitted.
3. Decorations in the form of decals, posters, pictures, mirrors, etc., are permitted as long as they are in good taste and appropriate for school. All decorations must be removed by the owner when checking out so students are encouraged to **use only those materials that can be easily removed**. Contact paper or full-length/wall-to-wall coverings are not permitted at any time.
4. Decorations on the outside of lockers are not permitted at anytime.
5. Students are permitted to use and enter **ONLY** that locker assigned to him/her. Unauthorized entry into other lockers can result in school disciplinary action and referral to the Anchorage Police Department. Each student is assigned his or her own personal locker.
6. Your locker number and combination are printed on your schedule. You may wish to tear off that portion and put it in a safe place.

Section III-8: District Middle School Guidelines

Random Searches: The school administration retains control over lockers and desk space assigned to students. The District retains the right to conduct random searches of student lockers or desk space and their contents at any time. All lockers and/or desks may be searched, or a smaller number chosen by random selection may be searched. Notices of the right of the District to conduct this type of search are posted in prominent locations in each school. In addition, students will be notified at least once each semester that such searches will be conducted at the discretion of the school principal. The District may or may not, at its discretion, give prior notice that a random search will take place. The purpose of such a search is to determine student compliance with school regulations and local, state, and federal laws. The search will not be more intrusive than reasonably necessary to meet the objectives of the search. The search will be conducted in a respectful, organized manner showing respect for the student and his or her possessions. Note: AS 14.03.105
