

WENDLER EVENTS:

Need summer school to improve your academic skills?

Looking for ways to practice basic skills over the summer? The Summer Skill-Building Program is designed especially with middle school students in mind. Classes begin at 8:15a.m. and end at 12:15p.m. After working hard all morning, students can enjoy the long, summer afternoons with their family and friends. All students are enrolled in math, reading, and writing classes. Instruction is geared toward the state standards. This program provides students the opportunity to review the fundamentals and boost their confidence levels. Breakfast and lunch are available to all students at Begich at no cost. The first day for students is June 8 and the last day is July 9. (There is no school on July 5.)

The Library is still missing a number of books! Please check under your bed, shelves, neighbors house... We need all returned ASAP! Our librarians hate issuing fines that may impact your ability to register next year. If you have lost a book please see Mrs. Sinnott in the library to work out replacement.

Good luck to all track participants competing in the final prelims and competition this week!

Memory Books are being distributed at lunch this week for all pre-ordered. If you would like a Memory Book you can purchase them at lunch this week and next for \$30.

UAA has two summer programs through their TRiO program: Educational Talent Search and Upward Bound. Learn more about these programs and how you can join at www.uaa.alaska.edu/trio

YUKON NOTICES:

All text books should be returned by this time!

Remember to not "check out" too early. We still have two weeks of class with a fair number of assignments due!

CLASS NOTES:

Science: In science, students will be learning about Newton's Laws of Science. They will also be working on a Physics Keynote Project using their laptops in class this week.

Social Studies: Students will complete their GarageBand Africa projects and peer evaluations. They will begin notes on Tibet and Buddhism and begin viewing and completing writing activities on the movie *Seven Years in Tibet*. The packet on *The Breadwinner* was collected Monday.

Language Arts: for the rest of the year reading “Z for Zachariah” and notes.

Math 7: TEXT BOOKS ARE DUE!! These are being collected Tuesday and Wednesday this week. Fine slips will be sent home at the end of the week for unreturned text books.

Wrapping up Order of Operations, Algebraic Expressions, and Applying Operations with Integers this week and early next. The students will have a final exam next week covering the topics covered this past quarter.

Pre-Algebra: We are still using our text this week, so kids will be bringing it back and forth to school as needed. I will collect texts from the kids next week. Continuing with Chapter 8. We will have a Chapter 8 final next week to wrap up the year.

Literacy Lab: Finishing rBook Workshop 6 & 7 and mystery story. We will be working on spelling this week using Skills Tutor. Turn in your Gold Bridges literature book this week!
