

ACTIVITIES HAS CHANGED THINGS UP!

What has changed?

- **You no longer need a physical Golden Ticket to participate in a sport!**

What has NOT changed?

- **You still have to be fully registered in Planeths (both the student and parent must complete the Athletic Forms).**
- **You must be academically eligible to participate (2.0 GPA in the most recent quarter and you cannot have failed more than one class in the previous semester).**
- **You must have a Sports Physical that is no more than 18 months old and is uploaded to Planeths.**
- **You must pay the \$225 Activity Fee or submit an Activity Fee Waiver (the waiver forms are available outside the Activities Office Door...the form must be turned back into the drop box next to the forms)**

How will I know if I'm good to go?

- **Check the list for your sport on the Activities bulletin board.**

What if I think I am good to go but my name isn't on the list?

- **Verify that you have completed everything in Planeths by logging into the website and looking at your profile.**

When will the list be posted and updated?

- **Activities will post the list starting one week before a sport's official start date.**
- **Planeths will be checked daily by the Activities Office for any newly completed forms and the list will be updated based on that information.**
