

Anchorage School District- Required Trainings Guide 2025/2026

The Anchorage School District uses an A and B year schedule for required trainings. Some trainings are required annually (both A and B years), and some trainings are required bi-annually (only year A or only year B). 2025/2026 is a schedule A year, and trainings are required to be completed by October 17, 2025.

Employees are automatically enrolled in the appropriate Canvas course whether they are new or returning, and whether they are certified or classified. Employees should use this guide to determine which Canvas modules they are required to complete for their specific job role.
