

# Weekly Wolf News

FEBRUARY 21ST - FEBRUARY 24TH

## FEATURED STAFF

Learn about Whaley's awesome school counselors below!

My name is Christine Hendrickson. I was born and raised in Weiser, Idaho and moved to Alaska 5 years ago. I have been in education for 17 years as an elementary teacher, reading facilitator and school counselor. I am so happy to be a part of the Whaley staff. I have three children, Ellie, Megan and Hunter, and one granddaughter, Sailor Rae. In my free time I enjoy hiking, skiing, iceskating and decorating.

School Counselor  
My name is Elizabeth Congdon-McGee. I was born in California and raised in Alaska. I have worked at Whaley for 25 years and with ASD for 23 years. I have 2 grown kids, a son in high school, and a new daughter-in-law. I am looking forward to being a grandma in April with my first grandchild. During my free time, I love outdoor activities, reading, and spending time with family and friends. I absolutely love my job as a school counselor as I get to see my students grow and become productive citizens in our society.

My name is Julia Erickson. I have been with the district since 2014 when I was a counseling intern, sparking my desire to change course and become a School Counselor. I was born and raised right here in Anchorage. I have two wonderful kids who keep me busy! In my free time I like to travel, explore the outdoors and spend time with my family. I am happy to have found "home" here at Whaley/Outreach and I look forward to many more years serving our amazing staff, students and community.

# WHALEY FAMILY CLIMATE AND CONNECTEDNESS SURVEY

To better understand family needs and experiences, please fill out the yearly Family Climate and Connectedness survey. This will allow us to make adjustments to practice and ensure the best possible experience for our families. The survey window is open until March 24th; however, please take a moment to complete the survey soon. Thanks in advance for your help and communication!
