FAQs

...

Welcome to Rilke Schule's Middle School! Over the years, our program has grown in many ways. This booklet strives to address community, parent, and student questions. All content is subject to change. This publication is split into six parts: **WHAT, WHO, WHY, WHEN, HOW, FAQs**. Do you have a suggestion what information we should add in next year's info booklet? Please send an e-mail to radke_tobias@asdk12.org If you have any further questions, concerns, or feedback, do not hesitate to contact us.

Your Rilke Schule Middle School Team

WHAT

6th grade runs on the traditional elementary immersion schedule (half day English - half day German, plus music/art/P.E). However, students are introduced to different middle school elements (more information below).

CLASSES

In 7th and 8th grade, we offer **FIVE** core classes:

- I. ENGLISH LANGUAGE ARTS
- II. MATH (Math 7, Math 8, Algebra, Geometry)
- III. GERMAN LANGUAGE ARTS GERMAN IMMERSION
- IV. SOCIAL STUDIES GERMAN IMMERSION
- V. SCIENCE GERMAN IMMERSION

In addition, Rilke Schule's 7th/8th grade students attend classes in:

- i. MUSIC
- ii. ART
- iii. PHYSICAL EDUCATION & HEALTH
- iv. CTE (Career and Technical Education; PLTW courses)

SCHEDULES

At the beginning of the school year, each student will be given his/her full schedule. Each 7/8th grade student will at least have 4 different periods per day. A student's core schedule is intended to remain the same for the entire school year.

WHO

While we strive for staff consistency as much as possible, each school year brings some changes. Here is a basic overview of who is projected to be teaching Middle School in 2024–2025; **however, teaching assignments may change over the summer.** Subjects marked with * are taught in German:

TEACHER	GRADE	SUBJECT	CONTACT
Herr Radke	7/8	Social Studies German Immersion *	radke_tobias@asdk12.org
Herr Radke	7/8	German LA Immersion *	
Herr Honer	7/8	Science German Immersion *	honer_tom@asdk12.org
Herr Honer	7/8	CTE / Health	
Frau Oakley	7/8	All math classes	oakley_susan@asdk12.org
Frau Oakley	7/8	English LA	
Frau Ringgenberg	6	German LA Immersion *	ringgenberg_sasha@asdk12.org
Frau Ringgenberg	6	Social Studies German Immersion *	
Frau Ringgenberg	6	Science German Immersion *	
Frau Wolfe	6	Math 6	wolfe_kaitlyn@asdk12.org
Frau Wolfe	6	English LA 6 / Health	
Herr Downie	6, 7/8	Music	downie_kevin@asdk12.org
Frau Doniere	6, 7/8	Art	doniere_jill@asdk12.org
Trainer Maddy	6, 7/8	PE	maddy_amber@asdk12.org

GRADING

We use the ASD grading scale (A, B, C, D, F), with the following reference percentages:

A = 90 – 100% B = 80 – 89% C = 70 – 79% D = 60 – 69% F = 0 – 59%

WHY

Sometimes, we are asked the following questions:

1. “Why are the 7th and 8th graders in combined classes?”
2. “Are they re-doing 7th grade when they are in 8th grade?”
3. “Why are you continuing the German Immersion model in 7th and 8th grade?”

Here are our answers:

1. There are several reasons for combining two grade levels. First, due to the number of students vs. the number of available teachers, we would not be able to offer as many classes if we went to a standalone 7th, standalone 8th model. Second, we truly believe in the benefit of the “this year I am the younger guy/gal, next year I get to be the older one” – experience. Older students can practice leadership skills, while younger students often try to “keep up” with their older peers; both scenarios offer positive development opportunities for our students.
2. No; our curriculum is set up to rotate annually, meaning one year the students receive instruction in the 7th grade curriculum, one year in the 8th grade curriculum. Within the study units we strive to differentiate the presented learning opportunities. Our experiences with this set-up have been very positive.
3. While younger students are developmentally not ready to discuss more complex subject matters, most 7th and 8th grade students are. This allows us to branch out more, challenging students with unfamiliar topics across subjects. The goal is to lead them to a stage in their language production ability where they can INDEPENDENTLY function

in the target language. After 6th grade, this process is not nearly complete; we are rather beginning to transition from GUIDED to INDEPENDENT language production. Furthermore, our experience and multiple scientific studies prove that the academic and linguistic benefits of dual language education become the most prevalent in 7th and 8th grade; benefits in students' reading and writing abilities in their mother tongue and across several other subjects are scientifically measurable in these grade levels. Rilke Schule's test scores in 7th and 8th grades consistently rank above school district and state results, despite spending significantly less time in the English language. Here are some recent test results, highlighting Rilke Schule's success:

ASD AK STAR SCIENCE TEST RESULTS 2023

8th Grade

	Advanced / Proficient		Approaching Proficient / Needs Support			
Subgroup	Count	Percentage ¹	Count	Percentage ¹	Enrollment ²	Participation Rate
Science	1,052	37.25%	1,772	62.75%	3,369	83.79%

RILKE SCHULE AK STAR SCIENCE (taught in German!) TEST RESULTS 2023

8th Grade

	Advanced / Proficient		Approaching Proficient / Needs Support			
Subgroup	Count	Percentage ¹	Count	Percentage ¹	Enrollment ²	Participation Rate
Science	18	75.00%	6	25.00%	27	88.89%

ASD AK STAR TEST RESULTS 2022

7th Grade

	Advanced / Proficient		Approaching Proficient / Needs Support				
Subgroup	Count	Percentage ¹	Count	Percentage ¹	Enrollment ²	Participation Rate	Group

English Language Arts	18	72.00%	7	28.00%	27	92.59%	View
Mathematics	17	65.38%	9	34.62%	27	96.30%	View

WHEN

Have you ever wondered what German tests students take? Check out the table below.

Test Name	Grade Level	Language Level & Skills Assessed	Source
A1 level	End of 3 rd grade	Novice fluency in all 4 skills <i>(reading, writing, speaking, listening)</i>	Provided by German authorities
A2 level	End of 6 th grade	Intermediate fluency in all 4 skills <i>(reading, writing, speaking, listening)</i>	Provided by German authorities
B1 level <i>(DSD I/Deutsches Sprachdiplom I/German Language Diploma I)</i>	End of 8 th grade <i>(teacher recommendation is given prior to sign-up in December; only 2 official attempts allowed)</i>	Advanced fluency in all 4 skills <i>(reading, writing, speaking, listening)</i>	Provided AND GRADED by German authorities
STAMP <i>(Standard-based Measurement of Proficiency)</i>	Every year in the spring, starting in grade 2	Computer-based, adaptive test, tests all 4 skills <i>(2nd – 6th grade take elementary test, 7th & 8th grade take advanced version of test)</i>	Provided and graded by US company AVANT, organized by and offered through ASD

HOW

How are we fostering learning, even beyond our regular classes? The Rilke Schule middle school program provides many supplemental activities, such as multimedia education, field trips, student exchanges, sport teams, and after-school clubs. Here you will find a basic overview:

- **Class sizes:** Our middle school classes are designed to maximize student participation. Therefore, our classes usually have right around 20 students. We are fortunate to be able to offer these smaller class sizes throughout our middle school years.
- **Field trips:** An overview of our annual field trip schedule can be found below (several more field trips occur during the year; the ones mentioned here are the “big” ones):

6 th grade	7 th grade	8 th grade
Birchwood Camp, September <i>(focus: team-building)</i>	Biking trip, September <i>(focus: leadership training, team-building)</i>	
Neon Bowling @ Jewel Lake Bowl, December <i>(focus: team-building)</i>		
Ice fishing, February <i>(focus: outdoor education)</i>	Cross-country skiing @ Russian Jack, March <i>(focus: team-building, outdoor education)</i>	
BLM outdoor education, May <i>(focus: outdoor education)</i>	7 th grade rock climbing, May <i>(focus: problem-solving)</i>	
Anchorage Zoo, May <i>(focus: Life Science)</i>	8 th grade Seward, May <i>(focus: Life Science)</i>	

- **Sport teams:** We are working towards being able to provide one team option per quarter; if a student desires to join a different sport, he/she is welcome to attend at Hanshew Middle School (transportation must be provided by parents). For the 2024-2025 school year, cross-country running will be offered in the first quarter. Our coach Herr Phillips will distribute information at the beginning of the year.

- **Clubs:** After-school clubs are provided through RSI - check out their current offers. Furthermore, Rilke Schule's middle school has a *successful "battle of the books" team* (7/8th sponsor: Frau Oakley), as well as an *active student council* (sponsor: Herr Radke - students apply and an election is held each fall). Herr Downie continues to offer an *Orff Ensemble* for middle school. *Junior Delta Epsilon Phi* (sponsor: Frau Ringgenberg - Middle School German Honor Society), which middle school students are eligible for once they earn 85% or better for three consecutive quarters in German and are on the AB honor roll overall, is also a new addition.

- **Exchanges:** Each year, Rilke Schule hosts at least one group of 15 German exchange students from one of our partner schools in Germany. They are usually in 7th and 8th grade and come either in September or in May. Rilke Schule's exchange coordinators send out information regarding hosting an exchange student and travelling to Germany far in advance. These exchanges provide monumental opportunities for our students, both in the cultural as well as in the personal realm. Unfortunately, not all our students will be able to travel to Germany, as there is a limited number of spaces available. However, all German high school programs in Anchorage maintain exchange programs as well.

- **Multimedia:** We make extensive use of computers and other devices across all subjects, while still recognizing that computers are not the teacher but rather a medium that supports instruction. Different teachers use different platforms, though *Canvas* will remain the common denominator; you will get all necessary parent information at the beginning of the school year. Additional activities include, but are not limited to: website building, coding, presenting, typing, etc.

- **High expectations:** Excellent education needs to operate under certain rules and within set boundaries. Here you can find a brief overview of expectations that are communicated to all Rilke Schule middle school students. At the core is the Anchorage School District's middle school handbook, which can be provided to every student at the beginning of each school year. In interacting with the students, we as teachers are striving to foster the positive character traits spelled out in our **R I L K E** Code of Conduct. Beyond these documents, our specific expectations are as follows:
 - ✓ Stay in German during German-speaking classes
 - ✓ Each student is to have, maintain, and bring a zippered binder to each class (contents can be found via the general Rilke Schule supply list).
 - ✓ The **middle school** dress code, as spelled out in the general Rilke Schule dress code policy, is to be followed at all times (unless otherwise instructed, e.g. during certain field trips). Please check the Rilke Schule website for details.

FAQs

Can a student pick his/her own locker?

No.* Lockers are assigned annually.

* If there is an immediate need due to medical reasons etc., switches can usually be accommodated by contacting Herr Radke.

Can a student bring his/her own lock?

No. Locks for the lockers are provided by Rilke Schule; private locks may not be used; a coded lock can be received by depositing \$10 at the front office. Once the lock is returned at the end of the year, the money will be handed back as well.

Should a student bring his/her own computer to school?

No. We provide a computer for every student when in-class assignments need to be worked on.

Is there a special dress code for PE class?

Yes. We encourage all middle school students to change into workout clothes and wear proper sport shoes. Shorts need to reach down to a student's fingertips, and shirts need to have sleeves. Students will be informed by their teacher should P.E. be held outside, and different gear is needed.

How much time is allotted for switching classes?

Not much. Since we want to maximize our instructional time and because we would like to have the lowest number of hallway/locker behavior problems, we allot only a few minutes to switch classes (max. 5). Students are to go directly to the next class and/or only stop briefly at their locker to gather necessary materials.

Will parents receive a weekly newsletter?

No. We are using more flexible options of communication, such as e-mails and texts. You will receive the necessary information at the beginning of the school year from your child's teachers.

Can a middle school student go to Kaladi's during recess/lunch?

No. We are a closed campus. Students are to stay on the premises during the entire school day. If you would like to allow your child to walk somewhere after school, a permission slip needs to be on file in our front office.

Why does every middle school student have to stay in German during the Immersion classes?

Imagine getting a group of people together to practice soccer. Now imagine one or two people out of the group picking up the ball with their hands and running around with it on the field, trying to play American football every time the ball comes close to them... We don't want a few to ruin the educational experience for the majority of the group.

What happens to the German language education after 8th grade?

As of the 2016/2017 school year, ASD has been offering German Immersion classes at Service High School. Therefore, we encourage our students to attend Service High, but most other high schools in Anchorage offer regular German programs as well. Students can earn a "Seal of Biliteracy" in high school, and some may eventually be able to take AP German courses and possibly earn university credits. Furthermore, Service High recently got approved to administer the DSD2 (B2) German exam (entry requirement for most German universities).

How can a parent help at home not knowing German?

Because we know that only a very few of our parents are fluent in German, we try to cover most German work during our regular classes. A non-fluent parent can still offer opportunities for the student to engage with the foreign language! The more exposure, the better. Give German books and games as gifts, watch movies and shows in German, download

German apps, listen to German music, etc... If you have questions about certain materials, don't hesitate to contact your child's German teacher.

How do you determine which math class to place a student in?

Our math levels in 7th/8th grade are as follows: Math 7, Math 8 (incl. advanced 7th graders), Algebra, Geometry. A proficient math student will complete Math 6 in 6th grade, move to Math 7 or Math 8 in 7th grade, and then either into Math 8 or Algebra in 8th grade. However, there are always exceptions to the rule. Determining which student gets placed in which math class depends on many factors, such as past and present test scores, maturity level, and teacher availability. Should a student be recommended for an out-of-the-ordinary placement, the math teacher responsible will get in contact with the student's parents and discuss details.

Why is no Pre-Algebra class offered?

Algebra is technically a high school class; 7th graders advanced in math will be placed in math 8, which is a preparatory course for Algebra and takes the place of a traditional Pre-Algebra class.

Is there a snack break for middle school students?

Students have the option to eat a small healthy snack during one of their morning classes. The respective teacher sets his/her classroom rules regarding snacks. Usually, this means no lunch boxes and/or crinkly bags of chips etc. We encourage students to bring a small snack, such as a piece of fruit.

Can Rilke Schule students earn high school credit?

Yes! If a student attends Rilke Schule *from Kindergarten all the way through 8th grade*, a high school language credit can be requested on their high school transcript. The 8th grade 4th quarter German grade would be used. If a student joined Rilke Schule in first grade, the school district may have options for him/her as well. All questions regarding high school credit should be discussed with the high school counselor.

Is there a policy for late work?

Yes. All middle school teachers accept late assignments until the week before the end of the quarter. For example, if a quarter ends on 5/24/23, the last day to submit late work would be the Friday before, 5/19/23.

How many students attend Rilke Schule in 6th/7th/8th grade?

Our student numbers are projected to be around 40 students in 6th grade, and around 75 students in our 7/8th grade combo classes, for a total of around 115 students.

Are there options for hot lunches?

Rilke Schule does not have the facilities to provide hot lunches. Students also don't have access to microwaves during lunch. Please plan your child's lunches accordingly.

What do CTE and PLTW stand for?

Students in CTE (Career and Technical Education) take PLTW (Project Lead The Way) courses, specifically geared towards our grade levels. These gateway courses enrich and go beyond the basic science curriculum. They involve projects and problem-solving activities in the fields of computer science and engineering, placing a special emphasis on career readiness and exploration. Rilke Schule is proud to have trained teachers who can provide these special opportunities for our 7th and 8th grade students.
