

Student Support Consent

MTSS Supports Overview

The Multi-Tiered System of Supports (MTSS) is a framework that provides a system for schools to provide universal, targeted and individualized support in the areas of academics, behavioral, or social-emotional skills. We organize social, emotional and behavioral supports by utilizing the Positive Behavioral Interventions and Supports (PBIS) framework.

Tier II Interventions

Your child's school has additional behavioral health, educational and wellness support available through different school based personnel including but not limited to school counselors, school psychologists, behavior analysts, and teacher experts. We also have integrated and school-based community partners such as VOA, Providence and Alaska Behavioral Health in some of our schools.

As part of these supports, your child can receive access to short term activities designed to support their unique needs. Activity examples are Check-In/Check-Out (CICO), Small Groups and Skill Building, Peer Mentoring, Self-Regulation Strategies, and Executive Functioning Support. These services are to promote resilient social, emotional and mental development. These supports will be delivered through evidence-based interventions and monitored regularly to track progress.

Parental Consent

☐ **Yes** - I consent to my child receiving Tier II support, if identified. I understand that:

- The interventions are designed to provide additional academic, social, emotional and/or behavioral support.
- I will be notified of my student's participation prior to the start of the intervention. My child's progress will be monitored and shared with me periodically.
- I may withdraw my consent at any time by notifying the school in writing.
- This consent allows school-based staff and/or school-based community partners to work with my child in activities, small-group settings or individualized skill building sessions as needed.
- I understand that data will be collected to track my child's progress and inform instructional decisions. This data will be kept confidential and only shared with authorized school personnel involved in the intervention process.

If you have any questions regarding this consent form or the MTSS process, please contact your child's school.

☐ **No** - I do NOT consent to my child receiving Tier II support.
