동의 화면

이 화면은 학년과 학교에 따라 다를 수 있습니다. 다음은 몇 가지 예입니다.

We take the health concerns of your student seriously. Please read the following questions carefully.
We want to make sure your child is properly cared for.

1. RELEASE OF HEALTH INFORMATION

The disclosure of health information within the school is limited to information necessary to serve the student's health and education interests. Your voluntary agreement gives permission for the nurse to inform school staff of precautions and procedures necessary to protect your child at school and foster academic success.

- ☐ Yes, I agree
☐ No, I disagree

Internet Agreement

We are pleased to offer students in the Anchorage School District access to the District computer network for Internet access. To obtain Internet access, all students must have parental permission.

Access to the Internet will enable students to explore thousands of libraries, databases, and bulletin boards while exchanging messages with Internet users throughout the world. Families should be aware that some material accessible via the Internet may contain items that are illegal, defamatory, inaccurate or potentially offensive. While our intent is to make Internet access available to further educational goals and objectives, students may find ways to access other materials as well. We believe that the benefits to students from access to the Internet, in the form of information resources and opportunities for collaboration, exceed any disadvantages. But ultimately, parents and guardians of minors are responsible for setting and conveying the standards that their children should follow when using media and information sources.

Media Release Form

We need your permission to use a person's photograph, voice, and/or name in various media projects. Please read the following, then select your desired option. Thank You.

- ☒ **Yes** I consent. I grant permission for my child to participate and appear in video or audio recordings, films, photographs, written articles, or on websites and social media sites. This consent includes the use and editing of my child's image, voice and name in media projects by the Anchorage School District to print, broadcast or Internet media outlets, such as newspapers, radio and television stations and news websites. In consideration of the opportunity for my child to participate, I release the Anchorage School District, including its employees and contractors, from all claims resulting from the use and editing of my child's image, voice or name, and the use, sale, editing and release to media outlets.
- ☐ **No** I do not consent. I do not grant permission to non-ASD use of my child's photograph, voice and/or name in various media projects.

Release of Student Directory Information: K-12

As a parent (or a student 18 or over), you have the right to prohibit the Release of Student Directory Information about your student.

What is Student Directory Information?

"Student Directory Information" is information about students that may be disclosed by the Anchorage School District (ASD) to identify enrollment and to publicize student accomplishments and activities. Examples of publication include:

- * The annual yearbook
- * A playbill showing your student's role in a drama production
- * Graduation programs
- * Honor roll or other recognition lists
- * Sports activity sheets, such as for wrestling, showing weight and height of team members

Library Card Consent

Anchorage Public Library (APL) in partnership with the Anchorage School District will give parents/guardians the choice to get a public library access number for their student when they register for school in the Anchorage School District (ASD). The ASD will provide this opportunity to all ASD K-12 students through the ASD online registration process. This consent must be reauthorized annually. The ASD library number will serve as the APL library access number.

Online Student Handbooks

Student Handbooks are now online at <http://www.asdk12.org/students/handbooks>.

Parents and students are responsible for reading and understanding the information in the Student Handbook. School administrators are available to help with questions or concerns. If you need a paper copy, please request one from your school's office staff.

- ☒ I acknowledge that I know where to access my student's handbook.

The Anchorage School District is committed to providing parents and students with the most up-to-date information about its schools. This includes academic programs, activities, and behavior expectations.

Thank you.
