Agreements Screens

O nei screen e mafai ona 'ese'ese e fa'atatau ile Vasega ma le A'oga. O lo'o i lalo ni nai fa'ataitaiga.

Release of Student Directory Information: K-12

As a parent (or a student 18 or over), you have the right to prohibit the Release of Student Directory Information about your student.

What is Student Directory Information?

"Student Directory Information" is information about students that may be disclosed by the Anchorage School District (ASD) to identify enrollment and to publicize student accomplishments and activities. Examples of publication include:

* The annual yearbook   * A playbill showing your student's role in a drama production
* Graduation programs   * Honor roll or other recognition lists
* Sports activity sheets, such as for wrestling, showing weight and height of team members

Library Card Consent

Anchorage Public Library (APL) in partnership with the Anchorage School District will give parents/guardians the choice to get a public library access number for their student when they register for school in the Anchorage School District (ASD). The ASD will provide this opportunity to all ASD K-12 students through the ASD online registration process. This consent must be reauthorized annually. The ASD library number will serve as the APL library access number.

Online Student Handbooks

Student Handbooks are now online at http://www.asdk12.org/students/handbooks .

Parents and students are responsible for reading and understanding the information in the Student Handbook. School administrators are available to help with questions or concerns. If you need a paper copy, please request one from your school's office staff.

☑ I acknowledge that I know where to access my student's handbook.

The Anchorage School District is committed to providing parents and students with the most up-to-date information about its schools. This includes academic programs, activities, and behavior expectations.

Thank you.

Summary Screen

Tautuana e va'ai fa'alelei pe o sa'o information (fa'amatalaga). Afai e te mana'omia le faia o fa'asa'oga kiliki le **Green Edit** button.
