Adam Wood - New CTE Teacher of the Year
On October 15th East High School teacher, Adam Wood, received the 2019 Alaska ACTE New CTE Teacher of the Year award! Adam joined ASD in 2017 as the Metal Fabrication instructor at East High School. Adam is a member of the Local 23 Sheetmetal Workers and brings years of industry experience to the classroom. His classroom and shop integrate cutting edge technologies including a plasma cutter, 3D printers, and CNC milling equipment.

Literacy Strategies in CTE - November 11 Cross District Info to Know
CTE Teachers will be part of the Cross-District In-Service at West High School. CTE teachers will focus on literacy strategies in CTE. Each school will choose 3 literacy strategies to focus on this school year. CTE Departments should collaborate to choose the three strategies prior to November 11th. The schedule has been released by Teaching and Learning. You must use the online scheduling app to sign up for your sessions.

Please use the following link to sign in/register with Sched, our conference scheduling app: https://engageinspire2019.sched.com/signup

Register your Account
- Returning Sched users - click on “Log In” with your old credentials: ASD email and your unique password. (Forgot password? - click on “Reset your password”)
- New to Sched users - “Create and Account” with your ASD email, name, and set your unique password.

CURRICULUM
4 Skills and 4 Steps to a Successful Career (video)

Dr. Kevin Fleming was in Anchorage for the Alaska ACTE Conference and visited King Tech High School to talk to students about preparing for life after high school. He shared his video and 4 lesson plans for helping students plan their future. These are great resources for your classroom!

Lesson 1: The 4 Skills
Lesson 2: Preparing for High Wage Jobs
Lesson 3: Steps 1 & 2 to Career Success
Lesson 4: Steps 3 & 4 to Career Success

BUSINESS AND COMMUNITY

Thanks for your support recruiting CTE students for fall internships!

Observation: According to the AK ACTE conference keynote by Claudia Lampman, Vice Provost for Student Success at UAA, the majority of new UAA students are enrolling in health sciences programs. This is consistent with what I am seeing in our first two cohorts of CTE internships; the majority of our student interns are in the health professions.

The next application deadline for CTE spring internships is Friday, November 15th. If students would like to do an internship during the spring semester, please encourage them to apply!

Spring Internships can lead to summer hire, so it’s a good time to get started. Have students get those resumes polished and ready.

Thanks to Melinda Dooley, Evelyn Tunley, and Rebecca Jesse for helping supervise fall internships! As this program grows, we will be looking for more internship supervisors.

If you would like to see an overview of best practices for student internships, there is now an internship page on CTE’s Support Central.

BUDGETS AND ORDERING

The Fall ordering window is CLOSED! We will finish processing the orders that were placed before October 31st. The ordering window will reopen on January 1st. Please remember that you MUST include a quote for items. We cannot process orders without a quote. This is a purchasing requirement.
