Meeting Date: March 15, 2022

FROM: ANCHORAGE SCHOOL DISTRICT

SUBJECT: AO 2022-30 ANCHORAGE SCHOOL DISTRICT
FY 2022-2023 FINANCIAL PLAN

PROPOSED FINANCIAL PLAN

The Anchorage School Board has approved the Proposed Financial Plan and Budget for FY 2022-23 in the amount of \$850,548,476. The total proposed Anchorage School District budget by individual fund is projected as follows:

It is requested that the Anchorage Assembly approve local property taxes in the amount of \$256,691,028, an increase of \$1,284,612 from the prior year, or about 0.5 percent, and the upper limit spending authorization of \$850,548,476 for FY 2022-23, an increase of \$9,229,955 from the prior year.

Additionally, the District is requesting \$20,318,014 in property taxes to pay costs associated with the Governor's 63 percent reduction in State bond debt reimbursement that is tied to bonds passed prior to 2015.

1 The Anchorage School District requests the full support of the Anchorage
2 Assembly for this budget and in the ongoing efforts to continue a community
3 dialogue that focuses on building on the momentum ASD has started to achieve.

ASD MEMORANDUM #081 (2021-2022)

February 8, 2022

TO: SCHOOL BOARD

FROM: DR. DEENA BISHOP, SUPERINTENDENT

SUBJECT: FY 2022-23 PRELIMINARY FINANCIAL PLAN AND BUDGET

ASD Core Value: *The District will be open, transparent and accountable to the public.*

RECOMMENDATION:

It is the Administration's recommendation that the School Board approve the fiscal year 2022-2023 Preliminary Budget and authorize an upper limit spending authority of \$850,548,476.

PERTINENT FACTS:

Consistent with the upper limit budget set in the Board's pro forma financial planning guidance and updated revenue projections, the total Anchorage School District managed funds for FY 2022-23 is \$850.549 million, or about 1.1 percent above the prior year. Including the State of Alaska on-behalf payments, the total for all funds is \$905,549 million or about a 1.0 percent increase from FY 2021-22. The following table shows the upper limit authority requested for each fund:

Additional information regarding changes in revenue and expenditures specific to each fund can be found in the budget document as well as programmatic and staffing changes specific to academic programs and support services.

Once the FY 2022-23 Preliminary Budget is approved, it will become the Proposed Budget and is submitted to the Anchorage Assembly no later than the first Monday in March.

After Assembly approval and the Legislative session has concluded, the District will finalize the Adopted Budget, incorporating any changes made by those entities and approved by the School Board, if necessary.

The Anchorage School Board is the governing body of the Anchorage School District and is composed of seven members. The Board meets twice a month unless noticed otherwise. Work sessions begin at 4 p.m., executive sessions at 5 p.m., and regular sessions at 6 p.m. The work and regular session meetings are held in the board room of the ASD Education Center located at 5530 E. Northern Lights Boulevard. Executive sessions, when needed, are held in the Executive Session conference room 150. In addition, special meetings and additional work sessions are scheduled throughout the year on an as-needed basis. Regular sessions may be watched live on ASD YouTube and are also available on-demand online after the meetings are over.

Office of the Superintendent

District Profile

The Anchorage School District (District) was established by the Home Rule Charter of the Municipality of Anchorage (municipality) on September 16, 1975. The most recent State of Alaska Department of Labor estimate of population in the Municipality of Anchorage was 288,970 (2020) – a decrease of 1.2 percent from the prior year. The District primarily serves 43,390 students from pre-kindergarten through the 12th grade.

The District is a component unit of the Municipality whose eleven-member assembly approves the District's total budget. The District is operated under a Superintendent-Board system with a seven-member school board elected at-large from the community. The Superintendent acts under the direction of the School Board and is responsible for running the day-to-day District activities. The School Board serves as the governing body of the District and approves memorandums, significant contracts, budgets and all personnel appointments and terminations as well as creating and approving policy and District strategic vision and goals.

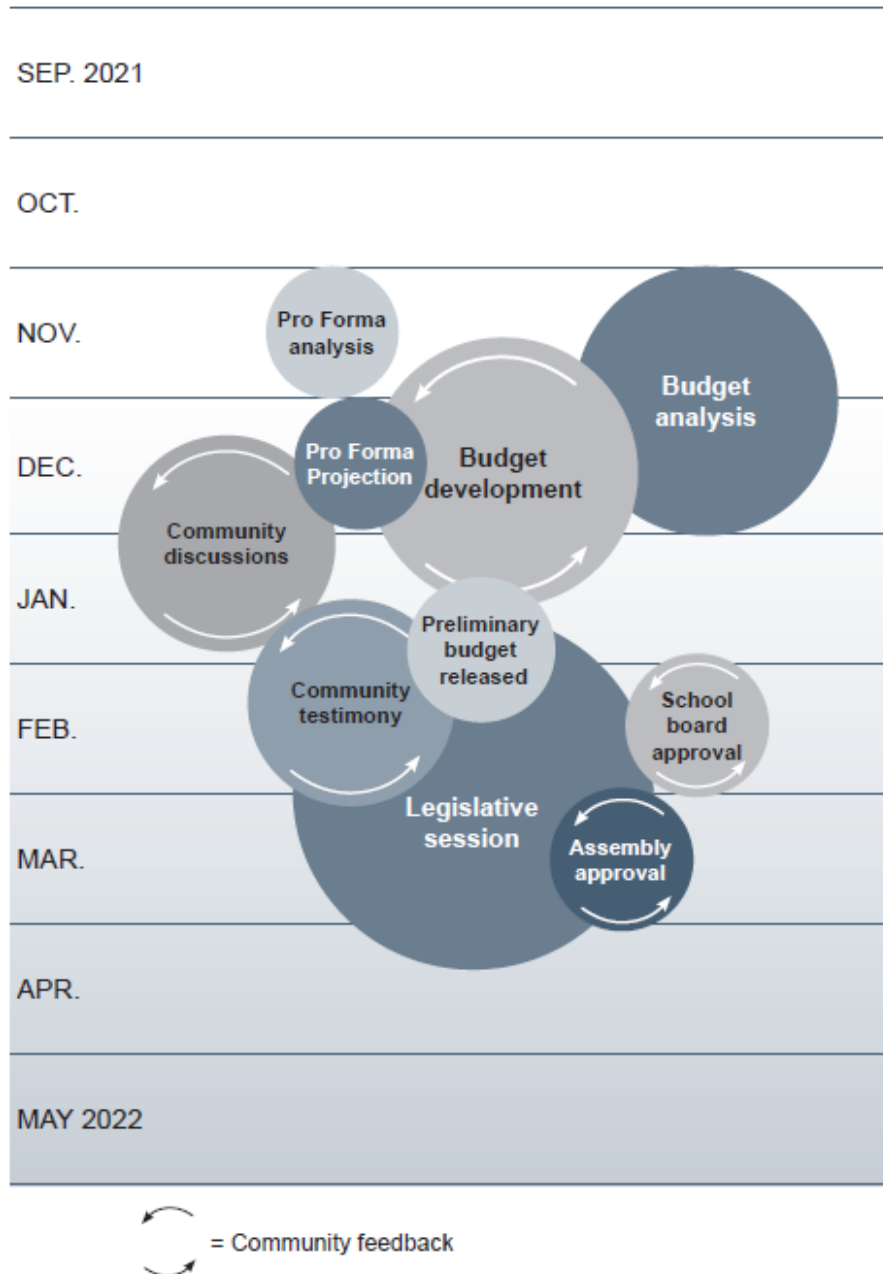

The District provides a full range of educational and certain community services. Educational opportunities within the District include a wide range of schools and programs to prepare students to be ready for college and careers. The schools range from traditional local neighborhood schools to specialized schools and programs that draw upon students from across the District. The District has a number of educational alternatives and programs such as Montessori, back to basics ABC learning, language immersion, ASD Virtual and self-paced instruction. In addition, the District offers special education services, gifted, career and technical as well as multi-cultural education programs. The District offers community use of District facilities such as tracks, fields, playgrounds, ice rinks, classrooms, and libraries.

The District operates nine charter schools, which have been approved by the School Board and the State Board of Education. Charter schools are primarily funded through the State of Alaska Public School Funding formula. Each charter school in the District is guided by an Academic Policy Committee, whose purpose is to “supervise the academic operation of a charter school” (AS 14.03.290). Charter schools remain under the purview of the superintendent and governance of the school board.

The School Board approves the Superintendent's budget for the General Fund, Grants, Student Nutrition, Pupil Transportation and Student Activity Special Revenue Funds, Debt Service Funds and Capital Grants. The District is required to submit the budget to the Assembly on (but not later than or prior to) the first Monday in March each year for the subsequent year's budget. The Assembly must approve the District's total budget and appropriate the funds within 30 days after receipt. If the Assembly fails to approve the budget within this time, the budget as submitted becomes the budget for the District. Legislative changes subsequent to the passage of the budget may result in revisions to the Adopted budget.

The District's timeline for budget development, community engagement, and approval is below:

Budget development process for the 2022-23 fiscal year

Budgetary control is maintained by the District by fund, organization, function, and object in the General Fund, Student Nutrition Special Revenue Fund, Grants Special Revenue Fund, Pupil Transportation Special Revenue Fund, and Debt Service Fund only. The Capital Project and

Student Activity Funds are controlled based on the amount of revenue generated, where expenditures and encumbrances cannot exceed revenue.

Additional information regarding the District, its programs, services, facilities, events and other statistics can be found on the District's website at www.asdk12.org.

Long-term Financial Planning

The District saw no increase to the Base Student Allocation of \$5,930 for fiscal year 2021-2022, and has remained unchanged since 2017. The State did not provide any additional funding as one-time contributions as had been done in some previous years, most recently in fiscal year 2019-2020. Additionally, approximately \$20.4 million, which was intended to pay a portion of Anchorage's previously incurred bond debt, was eliminated from the State budget. This doesn't eliminate the cost of bonds, only shifts the responsibility of bond repayment to the Anchorage taxpayers.

The District initially projected a budget shortfall of approximately \$67 million in fiscal year 2022-2023 and used a combination of budget reductions and shifting expenditures to the American Rescue Plan Act (ARPA) to close the gap and continue providing a safe and adequate education for all students. For fiscal year 2023-2024, the District does not expect to have enough remaining Federal stimulus funds to support current levels of services and will be faced with difficult choices on how to provide an adequate education to all students. The budget shortfall for FY 2023-2024 is estimated to be in the \$75 to \$85 million range as the District hits the 'fiscal cliff' as stimulus funding runs out. For FY 2024-2025 and FY 2025-2026, the District expects to contend with medical and liability insurance cost increases above the rate of inflation and normal inflation on salaries, benefits, services and supplies which will generate additional shortfalls of approximately \$12 to \$15 million each year. These budget shortfalls over the next three years could result in the elimination of over 1,000 positions in order to close the fiscal gap and balance the budgets if additional revenue sources are not provided.

Enrollment

The majority of the District's funding is derived from the State of Alaska Public School Foundation Program, which provides formula funding based on adjusted average daily membership (ADM). The district's ADM increased by 1,567 students (3.8 percent) from the prior fiscal year to 42,887 for fiscal year 2021-2022 as schools reopened, vaccinations become available, and some of the uncertainty surrounding the COVID-19 pandemic subsided. The projections for fiscal year 2022-2023 and 2023-2024 expect enrollment to remain relatively unchanged, however, it should be noted that changing economic and pandemic related factors could materially effect the District's enrollment.

Facilities

Under Alaska law, the District cannot legally hold title to real property, therefore, all constructed or purchased school facilities are owned by the Municipality of Anchorage. The Municipality has delegated the construction management of school projects to the District.

Anchorage School District

2022-23 Proposed Budget

Educating All Students for Success in Life

A message from the School Board

The economic impacts of COVID-19 continue to challenge our community. Inflation, the Base Student Allocation (BSA), and the forecasted budget deficit are three key fiscal concerns facing the Anchorage School District (ASD) for the

2022–23 budget. The Anchorage School Board and the District remain committed to working with our state and local partners to responsibly fund education and maintain smaller class sizes.

As inflation hits home in our personal finances, it also hits home for ASD. While costs continue to rise, the lack of inflationary adjustments has caused the BSA to remain stagnant for the last five years. Much has been discussed about the decline in student enrollment and the BSA. We know that declining enrollment is not unique to ASD and is reflective of the declining

population in Anchorage. The Anchorage Economic Development Corporation (AEDC) forecasted that the population in Anchorage has declined by 14,000 people. This presents real challenges for ASD enrollment, workforce supply, and services. The BSA must be adjusted for inflation. If not, the forecasted \$67 million plus budget deficit could have real time impacts as early as 2024. Relying on federal funding is not an option and not fiscally responsible.

Our commitment continues to the Board's Goals and Guardrails as well as the District's legislative priorities to best reflect the community's vision and values. We are grateful for the steadfast support ASD receives as we navigate these uncertain times.

The success of our students helps build a better, stronger community.

In service,

Margo Bellamy
President

A message from the Superintendent

The Anchorage School District's (ASD) focus for the 2022–23 budget is to maintain class size, focus on safety, and meet Board goals—which all support students in achieving academic growth. First and foremost, school exists to help students master complex academic material. ASD has clarity to its purpose in our Goals and Guardrails which are designed to increase the outcomes for all our students. To do this, ASD must be responsible with its financial planning in the long term. It must be prudent. It must have a realistic understanding of current and future costs and revenues.

Those futures are forecasting a General Fund deficit of more than \$67 million as the Base Student Allocation (BSA), which drives state funding of public education, has not been inflation proofed. Since 2017, ASD has received flat revenue from the State of Alaska (SOA) through the BSA formula. Again, the funding mechanism does not account for inflation, which is a real expense. For more than five years, inflation has reduced purchasing power at a level of approximately \$40 million less than what the District could afford in 2017 in real dollars. This, coupled with a declining student enrollment in our city, continues to negatively impact ASD's ability to maintain smaller class sizes to better address student learning.

ASD has been using federal, one-time funds to fill the gap and offset the deficit. Now those emergency funds are running out. The relief grants can only be spent

once, in a limited time frame, and then they are gone. One-time funding is not the responsible, long-term financial planning and investment education warrants in our state. The District used approximately \$36 million in CRRSA, federal relief funds, this year to maintain class size to best meet educational needs of students.

Absent major and immediate adjustments to how the SOA provides revenue for public education by adjusting for inflation, ASD's deficit could have a significant impact on public education in the Municipality of Anchorage as early as 2024. Please know, ASD has streamlined functions and reorganized for efficiencies which resulted in a utilization of shared facilities and the closure of two schools.

ASD takes great care of its people, and our history demonstrates this. We are proud to be a vital and important part of the community. The success of our young people now will drive the success of our city into the future.

The Anchorage School District (ASD) is committed to our students' education; that is our fundamental purpose.

Building the Ideal Student Experience

Student learning, achievement, and lifelong success are the focus of the Anchorage School District. Within the District, families have many academic choices to meet a variety of student needs while keeping standards high. Equitable access and opportunity are keys to building a successful learning path for each student. ASD celebrates differences and is committed to inclusion of all languages, cultures, and perspectives.

ASD School Funding Since 2017

This chart reflects ASD’s funding since 2017. The Red line at the top of the chart depicts the Base Student Allocation’s (BSA) inflationary increase, based on Anchorage’s CPI-U from 2017 through December 2021. The rates from January 2022 through the end of 2024 are estimated on a 2% steady inflation rate, and reflect adjusted staffing levels based on projected student enrollment in those years.

The light blue, yellow, and orange bars below the red line represent BSA-equivalent funds that helped offset structural deficits. The State of Alaska (SOA) provide one-time funds in FY19 and FY20 in lieu of a permanent increase to the BSA. The federal government provided three infusions of relief dollars. The Anchorage School District applied fund balance, the state’s one-time payments, and federal relief money to maximize educational opportunities during the past five years.

The dark blue bars represent the BSA. This chart represents no change in the state’s formula for fiscal years 23 and 24,

although there are several bills in the 32nd legislative session that may increase the BSA if passed.

Fiscal years 22 and 23 rely heavily on federal ESSER II and ESSER III funds, however, there are not enough remaining funds to shore up the structural deficit in FY24. The far right of the chart shows that ESSER funds will be exhausted in FY24, with a shortfall equivalent to an additional \$670 in BSA funding.

During the past five years, ASD has closed two schools (Mt. Iliamna and Mt. Spurr), combined several programs (Crossroads, AVAIL, PAIDEA), merged two schools into one facility (King Tech High School and Alaska Middle College School), and reduced staff to achieve balanced budgets. The District increased revenue and educational opportunities with the Alaska Middle College School (AMCS) and a new CTE-focused partnership with the Lower Yukon School District.

FY 2022–23 Proposed Budget Highlights

General Fund Revenue

Anchorage schools are primarily funded through the State of Alaska Foundation Funding Formula, which includes required and additional allowable local property taxes. Additional Federal revenues come from Federal Impact Aid and reimbursements for Medicaid and JROTC instructors. Other local revenues include interest earnings from the municipal investment fund, user fees, facility rental, and E-rate, which is a program that reimburses some telecommunication costs. The state is not expected to significantly increase K-12 education funding for next year, though several bills will be presented during this year’s legislative session to increase funds in some areas. The District plans to use approximately \$78 million in Elementary and Secondary School Emergency Relief (ESSER III) funds for FY23 to assist in efforts to keep schools open, maintain class sizes, and recover from impacts of the Covid-19 pandemic. Enrollment in FY22 increased by 1,567 over FY21, however, it was still lower than projected, as fewer students returned to Anchorage schools amid the ongoing pandemic. FY23 enrollment is projected to be slightly higher than FY22 although still lower when compared to the FY22 budget projection. This lower enrollment, compared to the FY22 projection, is expected to result in decreased state and local revenue.

FY 2022–23 General Fund Revenue

Expenditures

District expenditures are apportioned for personnel costs (85.5%), utilities/rent (5.3%), purchased services (4.5%), supplies & equipment (3.5%), and Insurance/other items (1.2%).

Budget Development

Student enrollment, or membership, drive the state's funding formula. Projected enrollment numbers and current law are used to develop the budget. Enrollment data during the first 20 school days in October are used to develop the Average Daily Membership (ADM); this confirms the state/local

revenue for the school year. The state hasn't changed the Base Student Allocation (BSA) since 2017, and it is expected to remain unchanged for FY23. The following chart depicts ASD's per-student revenue during the past several years.

General Fund Revenue per Student (ADM)

	ADM	Revenue per Student
FY13	48,493	\$11,371
FY14	47,770	\$11,410
FY15	47,562	\$11,966
FY16	47,756	\$11,709
FY17	47,685	\$11,754
FY18	46,964	\$12,000
FY19	46,748	\$12,086
FY20	45,466	\$12,592
FY21	45,180	\$12,748
FY22	45,266	\$12,491
FY23	43,471	\$12,641

Budget Assumptions

The State's legislative session is scheduled to end in late April, requiring some assumptions to be made to develop the budget within required timelines. The budget must be balanced prior to submission to the Anchorage School Board in February and to the Anchorage Assembly no later than the first Monday in March. The following assumptions were used for the proposed budget:

- No increase to the state's Base Student Allocation (BSA) at \$5,930. The BSA has remained unchanged since FY17
- No changes to the state's Foundation Funding Formula
- No increases to the state's transportation funding
- No decrease in the state's portion of ASD's debt reimbursement

Personnel Reductions

Well over 80% of the District's budget is used to pay salaries and benefits for employees. As a result, the District's revenue determines whether the workforce increases or contracts. The District balanced the budget with no change to the pupil-teacher ratio (PTR) due to the availability of federal relief funds. The charts below indicate that the ESSER III funds

were used to maintain staffing levels for FY23. The PTR formula divides the total number of students in the school, by grade level, by a ratio (e.g. 1 teacher to 22 students in first grade); this creates a baseline to establish the total number of teachers allocated per school.

School Type	FY 2023 <i>GENERAL FUND + ESSER</i> PTR—Grade Level Groupings							
	K	1	2	3	4–5	6	7–8	9–12
Secondary Schools								30.25
Middle Schools						30.25	30.25	
Elementary Schools	21	22	24	25	26	27	27	

- Pupil to Teacher Ratio (PTR) is a budget staffing formula, not a class size or a class cap
- ESSER funds used to maintain current PTR. Without these federal funds, significant Districtwide structural changes would have been required
- \$56.2M in ESSER funds are applied toward retaining 477.2 teacher FTE in FY23
- Enrollment based changes: Increase 3.4 FTE high school teachers, reduce 18 teacher FTE at middle schools, and reduce 46.5 teacher FTE at elementary schools

School Reductions

The following series of charts depict proposed staff allocations, at all grade levels, needed to standardize the number of staff positions at each school. Some schools with unique

requirements may be allocated additional staff and other resources.

Elementary Schools

The elementary school teacher allocation is being reduced by 46.5 FTE teachers overall. Initiatives will be implemented or accelerated to meet Board goals in reading and math

outcomes, along with efforts to increase access to choice programs and schools. ASD will continue to focus and redirect resources toward creating better student outcomes.

Governmental Funds Overview

Governmental funds are used to account for governmental activities and focus on near term inflows and outflows of spendable resources as well as on balances of spendable resources available at the end of the fiscal year. The District maintains seven individual governmental funds and adopts an annual appropriated budget for its General Fund, Grants, Student Nutrition, Pupil Transportation, Student Activities Special Revenue Funds, and Debt Service Fund. Additionally, the District adopts an annual budget for the Capital Projects Fund to account for monies received outside of voter approved, bond funded projects such as State Legislative Grants or Capital Contributions from the General Fund. The combined governmental funds budgets are approved and set the Upper Limit Spending Authority in accordance with Municipal Charter.

The District is projecting a total increase for all Governmental Funds of approximately \$9.231 million, or 1.1 percent. This increase is primarily due to receiving American Rescue Plan (ARP) Act stimulus funds partially offset by decreases in the General Fund due to lower enrollment and a reduction in hold harmless funding through the State of Alaska's Foundation Funding program.

General Fund Overview

The General Fund is the general operating fund of the district. It is used to account for all financial resources traditionally associated with school districts except those required to be accounted for in another fund.

Funding Sources

Anchorage schools are primarily funded through the State of Alaska and local property taxes, with additional Federal revenues coming from Federal Impact Aid (FIA). FIA is a program to help offset lost local tax revenue for students living on Joint Base Elmendorf Richardson and other federally connected students. Other reimbursements for JROTC instructors and Medicaid are also included in Federal revenue. Other local revenues include interest earnings, user fees, facility rentals, and E-rate, a program which reimburses some costs of telecommunications.

State Revenue

The District's revenue from the State is generated through the Alaska Foundation Formula Program which uses each district's average daily membership (ADM) to calculate State revenue and, in turn, set the amount of local property taxes that a district can collect.

The ADM is based on the District's average enrollment during the first 20 days of October in the fiscal year in which funding is to be provided. Once the ADM is calculated, it is run through the six steps of the Foundation Formula to generate an adjusted daily membership (AADM). The six steps to determine the AADM through the foundation formula are as follows:

1. Adjusts the ADM at each school based on the school's size
2. Apply the District Cost Factor to the total adjusted ADM from step 1.
3. Apply the Special Needs Factor
4. Apply the Career Technical Education (CTE) Factor
5. Adds adjustment based on Intensive Needs (IN) count
6. Adds adjustment based on correspondence schools ADM

Once the AADM is determined, it is multiplied by the Base Student Allocation (BSA) to determine Basic Need. Basic Need is then reduced by an amount that is required to be funded by the local borough or municipality and reduced for a portion of Federal Impact Aid funds that are received.

The detailed calculations to determine State revenue and local contributions for fiscal year 2022-2023 are as follows:

Step 1 – School Size Adjustment

Schools are divided into two categories: regular schools (facilities based) and correspondence (home schools). The school size adjustment applies to regular schools only and correspondence schools are added at step 6, not receiving adjustments for special needs or CTE. The school size adjustment is applied on a school-by-school basis (with the exception of alternative and charter schools under 175 and 150 ADM, respectively, which are included within the District’s school with the highest ADM) and is calculated based on the following formula created by the State of Alaska:

Alaska State School Size Table		
Reference	School Size	Formula
1	10 - 19.99	39.60
2	20 - 29.99	$39.60 + (1.62 * (ADM - 20))$
3	30 - 74.99	$55.80 + (1.49 * (ADM - 30))$
4	75 - 149.99	$122.85 + (1.27 * (ADM - 75))$
5	150 - 249.99	$218.10 + (1.08 * (ADM - 150))$
6	250 - 399.99	$326.10 + (.97 * (ADM - 250))$
7	400 - 749.99	$471.60 + (.92 * (ADM - 400))$
8	Over 750	$793.60 + (.84 * (ADM - 750))$
Correspondence student counts are not adjusted for size (See Step 6)		

The school size table effectively creates a sliding scale where ADM is incrementally less for each additional student that is enrolled in the school. The graphical representation of the school size adjustment is below:

For FY 2022-23, the District is projecting an ADM of 43,471 (41,325 regular and 2,146 correspondence)

Step 1	Regular ADM	41,324.56
	School Size Adjustment	+ 5,399.41
	Total	46,723.97

Hold Harmless Adjustment

State Statute includes a hold harmless provision to assist districts that experience a significant drop in enrollment from one year to the next. The hold harmless provision is triggered when the school size adjusted ADM declines 5 percent or more from the preceding fiscal year. The first year the provision

applies, a district is able to recoup 75 percent of the difference between that fiscal year and the preceding fiscal year, which is set as the base year. The hold harmless provision then provides 50 percent of the difference between the base year and the second year, so long as the school size adjusted ADM remains any amount below the base year. For the third year, 25 percent of the difference from the base year is provided before being completely phased out in the fourth year. The provision was triggered in FY 2020-21 due to the ongoing COVID-19 pandemic in which many students opted to attend private schools or statewide correspondence schools. For FY 2022-23, the District expects to remain below the FY 2019-20 base year and expects to be able to recoup 25 percent of the lost ADM. The hold harmless ADM adjustment is then added to the school size adjusted ADM for FY 2021-22 and continues as part of the Adjusted ADM calculation.

Step 1	FY20 School Size Adjusted ADM	49,610.25
	FY23 School Size Adjusted ADM	- 46,723.97
	Difference	2,886.28
	Hold Harmless (HH) at 25%	721.57

Step 2 – District Cost Factor

The second step of the formula is the District Cost Factor which is an adjustment for cost differentials between districts. Anchorage is set as the baseline and receives no cost adjustment in this step. Cost factors are specific to each district and range between 1.000 and 2.116. It is worth noting that the district cost factors have not been adjusted based on any studies completed within nearly 19 years. In that time, the cost of living in Anchorage has outpaced many other districts and may not be the least expensive place to conduct business any longer.

Step 2	AADM + HH from Step 1	47,445.54
	District Cost Factor	x 1.00
	Total	47,445.54

Step 3 – Special Needs Adjustment

The Special Needs Adjustment is block funded at 20 percent of Step 2 and is intended to assist districts in providing vocational education, non-intensive special education, gifted/talented education and bilingual/bicultural education.

Step 3	AADM from Step 2		47,445.54
	Special Needs Factor	x	1.20
	Total		56,934.65

Step 4 – Career Technical Education Funding

The CTE adjustment is block funded at 1.5 percent of Step 3 and is intended to provide for additional CTE instruction for students in grades 7-12.

Step 4	AADM from Step 3		56,934.65
	CTE Factor	x	1.015
	Total		57,788.67

Step 5 – Intensive Needs Funding

Intensive needs funding is based on the actual number of students with an IEP and are receiving intensive services. The number of IN students is multiplied by 13 and added to the total from step 4.

Step 5	Intensive Needs Count		1,019.00
	Intensive Needs Adjustment	x	13.00
	Subtotal		13,247.00
	AADM from Step 4	+	57,788.67
	Total		71,035.67

Step 6 – Correspondence Funding

Funding for correspondence programs is calculated by multiplying the correspondence ADM by 90 percent. This is added to the total from step 5 to get to the Foundation Formula's total Adjusted Average Daily Membership (AADM).

Step 6	Correspondence ADM		2,146.00
	Correspondence adjustment	x	0.90
	Subtotal		1,931.40
	AADM from Step 5	+	71,035.67
	Total AADM		72,967.07

Basic Need

After the AADM is determined, the State calculates Basic Need, which is the amount of revenue the State has determined each district needs to fund education, by multiplying the AADM by the BSA. Basic Need, however, is not the amount the District will receive from the State.

District adjusted ADM		72,967.07
Base Student Allocation	\$	5,930
Basic need (BSA x AADM)	\$	432,694,725

Adjustments to Basic Need

Once Basic Need is calculated, the State makes adjustments to the amount of each district's funding based on a required local contribution that boroughs and municipalities must make towards education, Federal Impact Aid funds received, and the Quality Schools Grant which was incorporated into the formula in 1998.

Required Local Contribution

The Required Local Contribution (RLC) is calculated as the lesser of 45 percent of the prior year's Basic Need or 2.65 mills of the borough or municipality's tax base for prior tax year (e.g. 2021 tax base used for the 2022-23 fiscal year). ASD has historically used the mill rate as the basis of calculation and is shown at right:

Property Values	\$	42,492,985,048
Mills		x 2.65
Total Required Local Taxes	\$	112,606,410

Federal Impact Aid

Basic Need is then reduced by 90 percent of eligible revenue received from Federal Impact Aid funding that provides an 'in-lieu of local tax revenue' for the children of parents living and/or working on Federal property. For Anchorage, the actual percentage of total Federal Impact Aid receipts that is recaptured in the State Funding Formula is closer to 50 percent.

Quality Schools Grant

The Quality Schools Grant is calculated based on \$16 per AADM and added into the total funding provided by the State. The total adjustments to Basic Need and the resulting net amount of State aid to ASD are calculated as:

District adjusted ADM		72,967.07
Base Student Allocation	\$	5,930
Basic need (BSA x AADM)	\$	432,694,725
Required local effort (property taxes)	\$	(112,606,410)
Reduction for Federal Impact Aid		(7,168,320)
State Foundation Revenue		312,919,995
State Quality School Grant		1,167,473
Total State Revenue	\$	314,087,468

Operating Grants

State funded operating grants are generally funds appropriated by the State in lieu of a permanent increase to the BSA. For FY 2022-23, the Legislature has not appropriated any funding outside the Foundation Formula.

Total State revenue for FY 2022-23 is expected to decrease from FY 2021-22 primarily as a result of lower overall enrollment, a decrease in Hold Harmless funding, and shifting responsibility to the Municipality of Anchorage through the RLC. Total State revenue is expected to decrease by approximately \$12.8 million, or about 3.9 percent.

Education Raffle Proceeds

In FY 2019-20, the State of Alaska instituted an Education Raffle where residents can purchase raffle tickets when applying for their Permanent Fund Dividend. Half of the proceeds from the raffle are dedicated to go directly to school districts and are distributed to all districts on the basis of AADM. For FY 2022-23, the District is expecting approximately \$0.15 million in revenue generated from the raffle.

Additional Local Contribution

The State allows boroughs and municipalities the opportunity to contribute additional funds to education above the amount legally required. The maximum additional allowable amount is calculated as the greater of a 2 mill tax levy on the local tax base or 23 percent of the total of Basic Need, the Quality Schools Grant, and other supplemental funds provided outside of the Foundation Formula, if applicable. ASD has historically used the latter method to calculate the total amount of local contributions allowed by the State as shown here:

Basic Need	\$ 432,694,725
Quality Schools	1,167,473
Supplemental Funding	-
Total	\$ 433,862,198
	23%
Total Allowable Contribution	\$ 99,788,306

Local Revenue

The District is a component unit of the Municipality of Anchorage and has no ability to levy taxes itself, therefore, any tax appropriations must be levied by the Municipality for the benefit of the District and are subject to the State's allowable local contributions as described above.

Local Property Taxes

The District is fortunate to have a community that is very supportive of public education and expects to receive tax appropriations equal to the maximum allowed under State law. Total local property tax contributions are expected to decrease by \$2.55 million, about 1.2 percent, due to an increase in property values that shifts funding responsibility from the State (\$0.321 million), offset by a decrease in the additional allowable contribution that is due to lower overall enrollment and the reduction in the Hold Harmless provision (\$2.870 million).

Additionally, the District is subject to a local tax cap defined in Municipal Charter. Information on the District's mill rate and local tax cap can be found in Appendix D - Local Property Tax Mill Rate and Appendix E - Municipal Tax Cap Limitation, respectively. The District can only collect the lesser of the State Allowable Local Contribution or the Municipal tax cap.

Fund Balance

The District has not used fund balance, the governmental equivalent of savings, as a local revenue source in FY2022-23 as it intends to use more restrictive ARP Act funding to balance the budget.

E-Rate

The E-Rate program is intended to help school districts offset the costs of telecommunications, including bandwidth and telephone services. E-Rate revenue is expected to increase by \$0.075 million over FY 2021-22 as additional bandwidth is necessary to connect more devices associated with the District's 1:1 student to device initiative.

Other Local Revenues

Other local revenues include interest earnings, facility rentals, user fees and other miscellaneous revenue. For FY 2022-23, the District is not expecting any material changes to other local revenues.

Federal Revenue

Federal revenue consists of Federal Impact Aid, JROTC instructor funding and Medicaid claim reimbursements. Budgeted Impact Aid is expected to decrease from FY 2022-23 levels by \$0.65 million or about 4.1 percent. The decrease is primarily due to fewer students living on Joint Base Elmendorf Richardson (JBER). Funding for Impact Aid is set by Congress and there are currently bills being considered that could change the level of funding and the District will continue to monitor those. Other Federal revenues are not expected to change significantly.

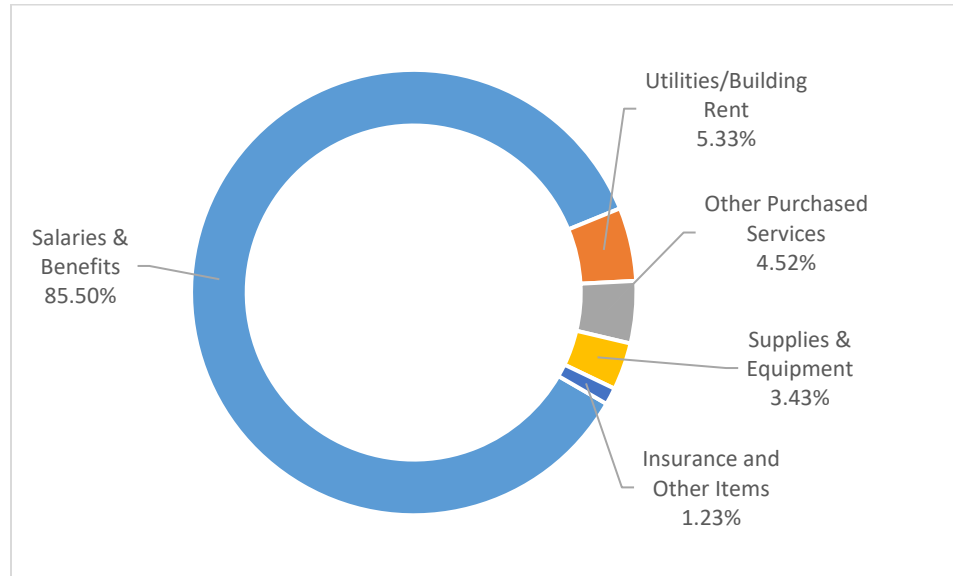

The total General Fund Revenues are shown in the chart on the following page.

Expenditures

By law, the District is required to have a balanced budget where revenues are equal to expenditures. Given that the District has no authority to levy taxes or raise additional funding, balancing the budget when revenue declines generally results in a reduction of budgeted expenditures. The District spends about 86 percent of its revenue on salaries and benefits so reductions in expenditures predominately come from personnel.

The District has made reductions across nearly all functions since 2013 as revenues have been flat or declining for the past several years. The table below shows the authorized FTE by State Function since 2019. The description of each State Function can be found in Appendix A – State of Alaska Chart of Accounts, as well as a more detailed description of which positions are in each function, in Appendix B – General Fund Detailed Personnel History. A detailed summary of changes can be found in Appendix C – Summary of FTE and Significant Discretionary Budget Changes.

The State of Alaska has separated the State Functions into two distinct categories for the purposes of recognizing the amount that is classified as instructional activities. Functions 100 through 400 have been defined as instructional activities while function 450 through 780 are defined as support services. Up until fiscal year 2016-17, when AS 14.17.520 was repealed, Alaskan districts were required to spend a minimum of 70 percent of operating funds on instructional activities. Anchorage School District has always been well above the minimum requirement and continues to see the value in providing the calculation to demonstrate the funds being directed to each category. The chart below shows expenditures by State Function for the General Fund and the calculation of instruction vs support. It should be noted that districtwide attrition estimates are now spread across all functions for FY 2022-23 whereas for FY 2021-22, those estimates were only contained in Function 550.

Pupil Transportation Fund Overview

The Pupil Transportation Fund is used to account for the operation of the District's home to school and school to school transportation programs. Transportation costs for other extracurricular or instruction purposes, such as sports and educational field trips, are recorded in the fund and function in which the activity applies.

The District is anticipating a decrease of \$0.74 million in State revenue for FY 2022-23 based on enrollment changes and a stagnate appropriation of \$481 per ADM that has remained unchanged since FY 2016. The District is requesting \$5.63 million in local tax revenue to supplement the Pupil Transportation Fund, an increase of \$2.96 million, to support current levels of operation. The overall Pupil Transportation revenues and expenditures are expected to decrease by \$0.12 million or about 0.5 percent, however, the settling of labor contracts and/or mandatory increases in driver wages tied to the minimum wage could increase expenditures.

The chart below shows total revenue for the Pupil Transportation Fund. Additional detailed information on Pupil Transportation Fund expenditures can be found in the Other Funds section of this document.

Grants Fund Overview

The Grants Fund is used to account for revenues from sources, which include categorical State and Federal grants or contracts used to supplement the District's educational programs.

The District anticipates receiving \$137.72 million in grants in FY 2022-23, an increase of about 22 percent. Federal grants, including contingency, are expected to increase by approximately \$25.22 million, predominantly due to receiving ARP Act stimulus funds which the District intends to use in FY 2022-23. The ARP Act spending plan can be found in Appendix F of this document.

Federal grants constitute approximately 96 percent of the Grants Fund and includes \$11 million in contingency for Federal awards that not yet been received. State and local grant awards make up the remaining 4 percent. The graph below shows the amounts and percentages of local, State and Federal awards which are expected for FY 2022-2023. Additional detailed information on local, State, and Federal grant expenditures can be found in the Other Funds section of this document.

Debt Service Fund Overview

The Debt Service Fund is used to pay expenditures associated with voter-approved bonding for the purpose of major capital outlay relating to acquisition, construction, and renovation of capital facilities as well as debt incurred through the Municipality of Anchorage's master lease program. Annual debt service payments used to pay long-term principal, interest and related costs are expected to be \$70.77 million, about \$0.196 million more than the current year, or a 0.3 percent increase. The District's total gross bonded debt as of June 30, 2021 is \$500.372 million, down from \$654.044 million a decade ago.

Funding for repayment of principal, interest, and other expenses comes primarily from the State Capital Debt Reimbursement program and local property taxes. The calendar year tax assessment for the repayment of bonds is estimated at 1.11 mills for 2022, about 2.6 percent below 2021. The table below shows the revenue sources by agency and the expenditures by type for the Debt Service Fund.

Capital Projects Fund Overview

The Capital Projects Fund is used to account for the acquisition and major repair of school facilities and equipment. Capital projects are financed by proceeds from general obligation bonds, local, State, and Federal grants and transfers from other funds. For upper limit spending authority purposes, the District budgets for additional spending authority for funds received outside of voter-approved bonds. There were no Legislative grants issued since the 2014 legislative session and the total of \$10.0 million is included to preserve upper limit spending authority within the fund if any grants are received. Additional information regarding the administrative costs and personnel of the Capital Projects Fund can be found in the Other Funds section of this budget document.

Student Nutrition Fund Overview

The Student Nutrition Fund is used to account for the operation of the School District's student nutrition program. Funding is provided by user fees and proceeds received under the National School Lunch and Breakfast Programs as well as from the State of Alaska's Fresh Fruit and Vegetable grants. For FY 2022-23, the District has included \$0.1 million in transfers from the General Fund to pay for uncollectible, unpaid meal balances, primarily for students in foster care or who subsequently became eligible for free or reduced meals.

Overall revenue for the Student Nutrition Fund is expected to decrease by \$0.031 million or about 0.1 percent. The anticipated revenue is shown in the chart below and detailed statements of expenditures and personnel can be found in the Other Funds section of this budget document.

STATEMENT OF PROGRAM:

OMB's principle responsibility is for the planning, development, compilation, execution and monitoring of the district's budget and financial planning. This includes developing extensive revenue projections based on state statute, evaluating prospective changes to statutes, estimating future costs of labor, benefits, supplies and services and assessing the risk in each area. Additionally, OMB provides training for school and administrative staff and provides support in financial modeling and reporting to other departments.

STATEMENT OF PROGRAM:

The Assessment and Evaluation Department serves schools and students within the learning community by supporting the multiple systems of support that contribute to our mission to ensure success in life for all students. The department oversees data collection including state required and district adopted assessments and data analysis by supporting research and evaluation projects. The department, in close collaboration with the Information Technology Department, strives to provide accurate data and analysis to support key decision makers from the classroom to the boardroom so that the district can deliver the best possible education to all students.

STATEMENT OF PROGRAM:

The Fine Arts Department provides funding, instruction, and direct supervision for the elementary band, 6-12 orchestra, and middle school choir programs. Our itinerant instrumental music and choral teachers teach more than 5,000 students throughout the District. The FA budget also funds orchestra and band in the secondary optional programs. In addition to funding and supervision, The FA Department also provides support and event coordination for the entire K-12 Music program and K-12 Art program. This includes curriculum support, teacher in-service, professional development, resource materials, festivals, concerts, art shows, and a variety of other services to all schools.

STATEMENT OF PROGRAM:

Career and Technical Education (CTE) department designs and delivers career preparation programs aligned to in-demand industry clusters and career pathways. CTE priorities include high quality programs with modern technology and equipment. The department provides quality instruction, rigorous CTE curriculum, work-based learning, and post-secondary connections for students in 6th through 12th grade. Programs are influenced and guided by the CTE Advisory boards, industry partners, and post-secondary education institutions to ensure students can successfully transition out of high school to pursue their career and educational goals.

STATEMENT OF PROGRAM:

The Development and Grants Department acts as the central oversight for ASD's external funding opportunities. The Department provides research, prepares competitive grant proposals, and plans for growing the peripheral relationships and networking capacity for ASD to gain funding prospects. The staff works closely with ASD leadership and Academic Services to identify school/instructional funding needs and to strategically align with ASD's long-term goals/objectives. Under the Finance Department, the Development and Grants Dept. works closely with Accounting staff regarding notification of awards, post-award compliance training, budget adjustments, and new award criteria.

STATEMENT OF PROGRAM:

The Rentals Department coordinates district and community use and rental of ASD facilities for school, community, cultural and recreational events. Spaces available for facility rentals include auditoriums, gyms, multi-purpose rooms, classrooms, outside spaces and more. The department uses a web based program that allows community rental groups to check site availability and to schedule their own rental requests. The department's goal is to make tools available that support rental groups' facility scheduling needs and provide more customer service assistance.

STATEMENT OF PROGRAM:

The Community Resources Department works closely with classroom teachers, community-wide resources and special events coordinators to enhance the instructional process for students. This is achieved by scheduling assemblies, speakers and field trips for ASD classrooms. The department uses a web based program that allows school staff to submit requests online, track requests and status changes, and receive immediate email notifications. Throughout the year, the department schedules People Mover buses for many field trips. Use of People Mover increases classroom mobility, eases congestion and decreases overall District transportation costs.

STATEMENT OF PROGRAM:

Alpenglow Elementary School is set in the picturesque Eagle River Valley, a local K-6 neighborhood school. While high academic achievement continues to be a success story, its best attribute is the cohesive community of parents and staff who work together to make each day a positive experience. Alpenglow is a high achieving school that fosters both high expectations and consideration for the social emotional development of the whole child. Alpenglow enjoys strong parental involvement and is dedicated to continuing and expanding its partnership with the community. We are proud to hold a high standard at Alpenglow and pleased to celebrate the many successes of all our hard working students.

STATEMENT OF PROGRAM:

Baxter Elementary provides a comprehensive educational program for students in Kindergarten through sixth grade. Baxter is the alternative site for the MSI (Multi-Sensory Instruction) program in the Anchorage School District. MSI is a structured, systematic, explicit approach to teaching Language Arts and Reading. The approach is highly effective with students with Specific Language Disability and those that struggle in reading, writing, and spelling. Baxter has two Life Skills classes for students with disabilities. The Baxter staff is dedicated to providing a safe and positive educational environment in which students are challenged, excellence is expected, and diversity is valued.

STATEMENT OF PROGRAM:

Bayshore Elementary School provides a well-rounded education for children in grades K-6 in a traditional neighborhood setting. The rigorous program is focused on district and state standards. Our dedicated 90-minute literacy and math blocks help students learn in flexible groups based on regular review of performance. Reading and math instruction is provided according to students' specific needs. We also use assessment-driven instruction in writing. PTA and staff members are dedicated to providing personal development activities for students such as: chorus, choir chimes, community service, Student Council, spirit days and numerous sports opportunities.

STATEMENT OF PROGRAM:

Birchwood ABC is a neighborhood school in the Anchorage School District with an alternative curricular program. The staff emphasizes basic academic skills and subject matter along with character building, citizenship, and patriotism. The school seeks to build a sense of responsibility, confidence, and community. Parent participation is a key component to our success as many parents volunteer six or more hours of their time each quarter. This partnership creates the optimal climate for promoting student success.

STATEMENT OF PROGRAM:

Campbell STEM Elementary is ASD's first official STEM (science, technology, engineering and math) alternative school serving the Campbell neighborhood and students throughout Anchorage who are interested in STEM. In addition to PE, Music, Health, Art, and Band or Orchestra for 6th graders, Campbell STEM includes integration of science, technology, engineering and math into all subject areas. Campbell STEM places an emphasis on engineering design process, project-based and place-based learning, and STEM career exposure at every grade level as well as STEM labs and maker-spaces. Campbell STEM utilizes partnership businesses, UAA and high schools to provide STEM experiences for students.

STATEMENT OF PROGRAM:

Chinook is an elementary school providing a comprehensive instruction program for grades K-6. The staff is committed to improving student achievement. Our focus on reading, language arts and the Common Core State Standards continue throughout all grade levels. The staff welcomes focused and intensive staff development to increase their knowledge and skill set. Chinook is also fortunate to have two active parent associations, the PTA and Chinook Optional School Association (COSA). These associations work together to benefit all students and provide enriching experiences for our students.

STATEMENT OF PROGRAM:

The students at Chugach Optional Elementary develop a sense of responsibility for themselves and others while becoming confident, independent learners. The open method at Chugach focuses on “doing” and reflects an experiential approach to learning. In practice this means extensive use of manipulative teaching materials, formulation and testing of hypotheses, numerous field trips and classroom visits by a variety of resource persons. Chugach has a strong sense of community with close home school connections.

STATEMENT OF PROGRAM:

Offered within the walls of Chugiak Elementary one will find our Natiya Program, an academically rigorous educational program working harmoniously with the District's only one-way Spanish Immersion School. Adding to the richness of our school one will also find an award winning art program, a high-energy physical education program that is committed to lifelong fitness, a state of the art library, and a music program offering the regular music curriculum as well as a handbell choir, an honor choir, and regularly scheduled performances. We are also fortunate to have caring and dedicated support staff in our Teacher's Assistants, office personnel, recess attendants, and bus drivers.

STATEMENT OF PROGRAM:

College Gate is a neighborhood school that enjoys a strong partnership with parents and our PTA. We provide a comprehensive instructional program for students in grades K-6. Our program emphasizes academic excellence, responsibility, decision-making and meeting our social/emotional needs. We strive to help each student be the best he or she can be. We focus on reading, mathematics, writing and higher-level thinking across the curriculum.

STATEMENT OF PROGRAM:

Denali Montessori School uses the Montessori method of instruction for its students. The emphasis is highly customized using proprietary materials appropriate to the child's developmental level. The child progresses academically at his or her own pace. Denali's classes are multi age with individual and small group instruction. Independent learning, teamwork, inquiry and freedom within a structured academic environment are encouraged.

STATEMENT OF PROGRAM:

Eagle River Elementary is a community of learners, with students and staff taking an active role in creating a safe and positive learning environment. Teachers set high academic standards for all of our students while still recognizing and honoring the strengths and challenges of each child. Our neighborhood and open optional programs provide students with opportunities to grow and develop as learners and citizens of the school community. ERES was closed in FY20 and FY21 due to earthquake damage and is scheduled to reopen in FY22.

STATEMENT OF PROGRAM:

Huffman Elementary is a K-6 neighborhood school emphasizing strong, caring relationships and high academic expectations. In addition to the K-6 neighborhood program, Huffman offers a K-6 Extended Resource program for children with significant cognitive delays. We are committed to providing a well-rounded education where students are challenged to take academic risks and share their unique perspectives. We strive to meet the individual needs of every student. Parent and community involvement are vital to Huffman's success and we are lucky to have a strong and involved PTA and parent group. Huffman emphasizes our motto, "We are safe, respectful, responsible, friendly, and caring" everyday.

STATEMENT OF PROGRAM:

Kasuun Elementary School is a neighborhood school. In addition to our traditional K-6 education program, our school provides bilingual support and fulfills gifted education needs. We also house an Early Intervention Preschool Program. We are committed to providing a safe and engaging environment for the success of all of our students. Our well-rounded academics incorporate technology, art, music and character building. We stress a strong commitment to the relationship between home and school and encourage our families to become involved at the school. By working together this approach will set up our students to become life-long learners.

STATEMENT OF PROGRAM:

Kincaid Elementary is a neighborhood K-6 school. We prepare our students with strong academic foundations while promoting an environment based on respect and responsibility. Our school community emphasizes good citizenship and responsible social conduct. We celebrate our unique diversity and embrace the gifts and talents of all students. Our school helps students succeed through quality staff, parent involvement and community partnerships. Parents play a crucial role in making sure their children do well in school. Principals share school achievement data with parents and actively seek parents' suggestions, comments and participation in developing plans for continuous school improvement.

STATEMENT OF PROGRAM:

Lake Hood Elementary is a preK-6 school that celebrates its wide diversity and development of respect for all. The academic, physical, social and emotional needs of all of our students are addressed throughout the building and in every classroom. Our Power of Positive Students program helps us maintain a positive school environment. We directly teach social and emotional learning skills (SEL) through our Connected and Respected lessons. SEL is also incorporated into content areas. Through our RTI process we regularly review student academic progress and apply interventions when necessary. We have an active family community.

STATEMENT OF PROGRAM:

Lake Otis Elementary School provides a complete education for children in grades K-6 in a traditional neighborhood setting, adjacent to Wendler Middle School and the University of Alaska. A strong focus on the individual child is evident daily. Lake Otis offers an excellent academic program, as well as before and after-school activities that support the physical and academic growth of our students. Our PTA and staff are dedicated to providing additional learning experiences for students such as chorus, community service, student council and bicycle rodeo. We are proud of our school's accomplishments and look forward to improving all aspects of our education community.

STATEMENT OF PROGRAM:

Mountain View Elementary is a Pre-K through 5th grade Title 1 school, located in northeast Anchorage. Our student population is comprised of multiple racial and ethnic groups who speak a wide variety of languages. We celebrate diversity in our school and in our neighborhood. Our instruction is data-driven and district curricula are implemented with fidelity and integrity. Science and math have often been strong areas for our students and we have fielded several winning Math Derby teams in the last several years. Our mission statement: At Mountain View Elementary we are dedicated to promoting a safe productive learning environment in which all students can thrive academically and socially.

STATEMENT OF PROGRAM:

Northern Lights ABC K-8 School is an alternative program in the Anchorage School District known for its back-to-basics approach to education. The parents, teachers, and staff believe the purpose of education is to provide children with the skills necessary to live successfully as responsible citizens and contribute to their community. The academic program at Northern Lights ABC is based on the premise that many students learn best within the framework of a structured environment, where self-discipline is encouraged and boundaries are consistently applied. The program challenges students to take responsibility for their own learning and to have pride in their work.

STATEMENT OF PROGRAM:

The mission of Orion Elementary School is to ensure optimal learning and safety for all and help make respect, courtesy, and consideration for others a common practice. Located on Joint Base Elmendorf Richardson, Orion serves approximately 450 Pre K-6 students, most of whom are military dependents. Students attend art, health, library, music, and physical education classes in addition to classroom instruction. Parent and community involvement, participation, and support of our exceptional teaching and classified staff are key ingredients to Orion's educational program and positive learning environment.

STATEMENT OF PROGRAM:

Rogers Park Elementary School provides a climate that promotes instructional excellence through a student-oriented program that focuses on the development of the whole child. Recognizing that individual students have unique learning styles, Roger Park School affords every person opportunities for success with access to special services and resources for those students who are exceptional. At Rogers Park, two educational programs exist; a neighborhood K-6 program and a K-6 for highly gifted students. Cooperation of school professionals, parents, and community members ensures support for each student to achieve positive academic, emotional, physical and social growth.

STATEMENT OF PROGRAM:

"Leading with Respect, Learning for a Lifetime" is more than a vision statement; it is a way of life at Sand Lake Elementary School. As a "Leader in Me" School, Sand Lake is a strong community of learners with students, teachers, parents and the community partnering to provide the best opportunities for every student. Sand Lake has a vibrant neighborhood program and is home to the Japanese Immersion Program. The staff is recognized for its commitment and the school benefits from involved parent groups. While Sand Lake is the largest elementary school in the Anchorage School District, the sense of community gives it the feel of a much smaller school.

STATEMENT OF PROGRAM:

Scenic Park Elementary provides a complete K-5 instructional program using the Anchorage School District curriculum. Students learn the language and culture of China from our certificated Chinese teacher. Chinese classes are taught 20-30 minutes twice a week. We also provide bilingual students and native students with support through English Language Learners and the Cook Inlet Tribal Council program. We strive to promote a safe and healthy environment where students are taught how to solve problems and make good choices. We are a community committed to the success of all learners as they become knowledgeable, responsible, and caring citizens.

STATEMENT OF PROGRAM:

Spring Hill Elementary School is a neighborhood school and provides a complete K-6 educational program. Spring Hill also serves as a regional site for Special Education Extended Resource serving kindergarten through sixth grade students. We believe in educating students for success in life with a focus on both academic skills and personal responsibility. A teacher is available for students who qualify for the gifted program. Spring Hill offers students in our neighborhood an instructional program based on the curriculum adopted by the Anchorage School Board. Emphasis is placed on development of the whole child using a standards-based approach to teaching and learning.

STATEMENT OF PROGRAM:

Student scores from AIMSweb, and COREK12 and informal tests determine student needs. The school day is structured with a 90 minute literacy block, 60 minute math block for k-4 and 75 minute math block for 5-6, 30 minute writing block and 30 minute intervention block for grades 1-6, to provide differentiated instruction for all students. Staff professional development is provided through study groups, grade-level collaboration, district training, and staff meetings. Second step lessons along with Conscious Discipline are regularly directly taught to students. Our leadership team is working on the development of school wide policies and expectations.

STATEMENT OF PROGRAM:

Turnagain Elementary provides educational opportunities for K-6 students. The Turnagain educational community believes all children can learn and be successful in a safe, nurturing environment where a respectful relationship exists between staff, students, and parents. We are dedicated to improving student achievement and to providing opportunities for students to acquire strategies and coping skills that foster good citizenship and life-long learning. In addition to a neighborhood school program, a Russian Immersion Program is available through a lottery process. Our goal is that all students will become literate, independent, positive and respectful citizens who take pride in themselves.

STATEMENT OF PROGRAM:

William Tyson Elementary School provides a comprehensive elementary curriculum that strives to develop each. It is our vision that people in our community will become aware that we have many constructive choices for dealing with conflict, and encourage our students to develop skills that will help them make those choices. We are dedicated to increasing respect for our own and others cultures, and above all, believe Tyson has a powerful role to play in creating a more democratic, just and peaceful world. We are committed to providing a safe and peaceful learning environment for everyone.

STATEMENT OF PROGRAM:

Ursa Major Elementary, a K-6 school with special education preschool, is located on Joint Base Elmendorf Richardson. All of our students are dependents of military personnel. We have a highly mobile population at Ursa Major, with most students staying a maximum of three years. We offer a supportive environment for our military families stationed in Anchorage. We focus on rigorous learning experiences for all students. All teachers are highly qualified in the subjects they teach. Ursa Major provides the following support programs to our students: bilingual tutoring, resource, gifted, speech-language and counseling.

STATEMENT OF PROGRAM:

Williwaw students are making significant gains and we will continue our commitment to providing a quality education for all students. Significant resources are invested in our staff's development in the areas of effective teaching strategies and practices, particularly in literacy and math. In order to provide the maximum opportunity for learning, dedicated time and energy have been devoted to mentoring students in all grades. Williwaw participates in programs such as the Artist in Residency, Foster Grandparents, 21st Century and SES tutoring which all provide additional learning experiences for our students.

STATEMENT OF PROGRAM:

Polaris is an evolving program that creates an environment challenging its students, teachers, and parents to personal excellence, lifelong learning, and ethical responsibility to self, community, and world. The Polaris community holds true to our student-centered philosophy by using a project-based approach. This encourages an active learning environment that keeps students excitedly engaged in their work while simultaneously cultivating and prompting students to ask, explore, and synthesize deep and interesting questions. Community involvement and parent participation are an integral part of the program.

STATEMENT OF PROGRAM:

The Alaska Native Cultural Charter School is operating in its new building. The K-8 school offers a curriculum that is similar to Anchorage School District adopted curriculum with an emphasis on Native subsistence life styles and rural Alaskan culture. Several Native languages are introduced to students and various Native groups and organizations present special programs and provide guest helpers in the classroom to enrich the children's' educational experience. The school provides free and reduced breakfasts and lunches as well as makes available Title I assistance for all students. The school is open to all students in ASD and uses the lottery system to determine enrollment.

STATEMENT OF PROGRAM:

Aquarian serves students in grades K-6 and is currently residing in an ASD facility. The program philosophy statement says that Aquarian provides an educational community which supports a learning environment based on high expectations within an academic foundation, experiential hands-on learning and a commitment to personal character. The instructional program follows many aspects of an enrichment model, with Spanish inclusion in all grades, a solid core curriculum, which is aligned to State Performance Standards, fine arts, thematic instruction and technology integration.

STATEMENT OF PROGRAM:

Eagle Academy is a K-6 charter school. It offers an academically challenging program requiring students to master Eagle Academy's performance standards before progressing to the next level of curriculum. Students are placed in instructional levels after teachers analyze the results of standardized tests and classroom assessments. The Spalding Method of Integrated Language Arts is the basis for instruction across curriculum in all grades, employing a multi-sensory learning approach. Saxon Math is used across all levels for math instruction. All students receive an hour of instruction in art, music, physical education, and technology weekly.

STATEMENT OF PROGRAM:

Family Partnership is a K-12 alternative school. "Parent directed education" defines this program. It is based on the premise that a partnership between students, parents, professional educators, and community members is an ideal educational environment for children. This partnership is established between a family and a certificated ASD teacher who share similar educational philosophies and work together to create customized educational programs for each student.

STATEMENT OF PROGRAM:

Highland Academy serves as a model for educational entrepreneurship and illustrates a paradigm shift in education and learning. Highland Academy serves 6th - 12th graders from the Anchorage School District. Students are expected to follow a dress code resembling casual business dress. Since students will be going into the community, a professional appearance and stature is expected. The facility promotes a digital learning environment, which integrates technology, connectivity and digital content into the classroom. Student learning is rigorous and demanding and students must pass each level with at least an 80 percent proficiency in each of the eight content areas.

STATEMENT OF PROGRAM:

The school was opened in the fall of 2007 and serves K-8 students. The program philosophy states that this school will provide an immersion program in the German language for students who attend the school. There will be an emphasis on being responsible citizens of the community and the world. The Anchorage School District curricula will be followed in all classes except German. The school will be open to all students selected through the lottery application process.

STATEMENT OF PROGRAM:

Special Education Administration is responsible for all functions of the Special Education Division which supports students ages 3 through 22 who are eligible for services under the IDEA. Section 504 is also supervised by Special Education. The Special Education division provides Special Education instructional and related services to students in district schools, special school programs, and community sites. Services are implemented through collaboration with the general education divisions and under the supervision of the Deputy Superintendent. In addition, guidance and support is provided to ensure District compliance with state and federal statutes and regulations.

STATEMENT OF PROGRAM:

The gifted program provides services for identified gifted students requiring a curriculum with acceleration and enrichment. These students have been determined to need extensions beyond the regular classrooms. The elementary program consists of two components: IGNITE and Highly Gifted (HG). The IGNITE program is a pull-out model which offers enrichment supplemental to the regular classroom to students in grades two through six and who are identified as superior in the range of intelligence. The HG program is a self-contained full time program for the highly gifted in kindergarten through grade six and is housed at Rogers Park Elementary School.

STATEMENT OF PROGRAM:

Whaley School provides special education services to students who require an intensive, specialized program designed to meet the specific educational, behavioral, and social/emotional needs as determined by the student's Individual Education Program (IEP) team. The school primarily serves students in grades 5-12. The School and staff are dedicated to addressing the concerns of special education students whose severe emotional/behavioral needs justify placement in this separate day school program.

STATEMENT OF PROGRAM:

The mission of the Psychology Department is to assist teachers, parents and administrators to meet the academic, emotional and social needs of the Anchorage School District students. This includes accurate, timely evaluations for special education provision of direct and indirect services to students, and consultation and short-term counseling to ensure the total health and wellness of students and staff in an environment free of emotional and psychological barriers to learning. Psychologists will directly respond to and assist staff in responding to crises created by violence in schools, student and/or staff injury or death.

STATEMENT OF PROGRAM:

Middle School Special Education provides special education services to support students with disabilities in grades 7-8, as well as grade 6 in certain schools. Students receive instruction in their least restrictive learning environment, with access to the general education curriculum as determined by the student's IEP team. Specialized, research-based curriculum is used to address reading, writing, math, and/or behavioral skills for students based on their individual needs. Middle School Special Education provides a continuum of services to address all levels of student need.

STATEMENT OF PROGRAM:

High School Special Education provides instructional, vocational, transitional and support services for students in grades 9 through age 22. Students receive instruction in their least restrictive environment, with access to the general education curriculum as determined by the student's IEP team. Specialized curriculum is used to address academic and/or behavioral skills based on individual student needs. High School Special Education provides a continuum of services to address all levels of student need. The program focuses on post-secondary transition to help students increase independence, develop critical job skills, and make a successful transition to life after secondary school.

STATEMENT OF PROGRAM:

The Outreach Program provides special education services for students with an Individual Education Program (IEP) who have received a long term out-of-school suspension, expulsion, or alternative placement in lieu of suspension or expulsion. The Outreach classroom is housed at Whaley School. Students receive their special education services and have the opportunity to earn credits through online instruction. Certificated staff may provide educational services at various community locations such as the library, community center, or jail (for incarcerated students).

STATEMENT OF PROGRAM:

The ACT Program (Adult Community Transition) provides instruction for special education students who have completed four years of high school, have not received a diploma, and who are eligible for services as determined by their IEP. Students are eligible for participation in ACT through age 22. The program's goal is to give students as much independence as possible in their adult lives through instruction to promote job skills and functioning in a variety of settings. Instruction concentrates on work maturity, self-help, communication, social and recreation/leisure skills. The program utilizes multiple community settings, including leased space at the Trust Authority Building.

STATEMENT OF PROGRAM:

The Special Schools Program provides educational programs outside traditional school settings for students who experience physical, medical, emotional, or behavioral conditions which affect the student's ability to attend school. These services are provided at various residential treatment centers and hospitals within the municipality of Anchorage. Fifty to sixty percent of the students served are from the Anchorage area, and forty percent from outside the district. In addition, visiting teacher services are provided to students who are physically unable to attend school due to temporary or chronic medical conditions. These services are provided in the hospital or home settings.

STATEMENT OF PROGRAM:

The Health Services program improves and protects the health of students in a supportive learning environment. School nurses prioritize health maintenance, injury and disease prevention, and health restoration. Nursing interventions support educational staff in providing students with a safe, caring and educationally relevant school program. Students with disabilities are provided nursing services as identified in the Individual Education Plan (IEP). Health Services program administration supports supervision, delegation, evaluation of nursing practice and employee training. Mandatory first aid training is provided promoting safe and caring schools.

STATEMENT OF PROGRAM:

Mears Middle School provides seven instructional periods daily. All students are enrolled in four required academic courses, physical education and electives. Remedial and gifted course work is offered in language arts, science and mathematics. Electives include computer and industrial technology, arts/crafts, family consumer science, foreign languages and music. Growth in traditional academic areas is emphasized. Students are also encouraged to participate in career and leisure time activities. Intramural, interscholastic and after school extracurricular activities are available to all students. Mears' parents, staff and school business partners work together to build a dynamic community.

STATEMENT OF PROGRAM:

The Martin Luther King Jr. Technical High School is a hybrid model with full time and part time students. King Tech is a full time school for ASD juniors and seniors; it combines career technical education with regular core classes in a design- your- own-education format. King Tech students work with a mentor to design a personalized learning plan that could include the following: career path, relevant electives, core classes, King Tech classes, internships (on the job training), District options outside King Tech, and digital learning (APEX, ASD iSchool).

STATEMENT OF PROGRAM:

Chugiak High School offers a standard high school program in line with the expectations of the Anchorage School District. Spanish Immersion, World Discovery Seminar, NJROTC, AP and CTE Courses are some of the special programs offered. Chugiak High School is a partnership of students, staff, families, and the community. This partnership works to graduate students who communicate effectively, think logically and critically, discover and develop their own creative talents, and possess essential career and technical skills. Included in this vision is the encouragement of all facets of educational levels and future career goals as they pertain to each individual student.

STATEMENT OF PROGRAM:

East High provides a safe and positive educational environment for a highly diverse population of students. High expectations for academics and decorum are the norm. Students are served by a curriculum encompassing a range of remedial through advanced placement courses, and opportunities in fine arts, world languages, JROTC, career technology, and physical education. Extra-curricular offerings in both athletic and academic teams, clubs, and organizations are available, and an intentional focus on building positive one-to-one adult-student relationships for every student occurs through a four-year advisory program.

STATEMENT OF PROGRAM:

Steller Secondary is an open optional school of choice that serves students in grades 7-12 from across the Anchorage School District. The emphasis of the school program is attaining an education through responsibility to self and to the community. Students, parents, and staff participate in the democratic process of setting school policies. Students participate in all aspects of the school program from planning and scheduling activities, mentoring and assisting younger students, and designing coursework through independent study and peer taught classes. Students acquire leadership and responsibility for both their school and their community through participation in operation of the school.

STATEMENT OF PROGRAM:

West High School has served the community for over fifty years making it the original high school for Anchorage. This history in the community has fostered and supported a tradition of academic excellence that includes an International Baccalaureate program, a Highly Gifted strand, and a School Through the Arts Program. Additionally, over sixty nine percent of graduates attend post secondary schooling. The population at West is a direct reflection of Anchorage, diverse in both ethnicity and economic status. Accredited by Advance Education and partnering with over 25 local businesses, West offers a balanced and varied comprehensive high school curriculum.

STATEMENT OF PROGRAM:

Eagle River is a comprehensive high school that serves students in grades nine through twelve. The student body is evenly comprised of students from the local Eagle River community and from Joint Base Elmendorf/Richardson. Annual enrollment fluctuates due to a high mobility rate amongst the 45% of students who are military dependents and the school provides a variety of transitional supports. Despite being the smallest of the ASD high schools, ERHS provides a full compliment of fine arts, world languages, Advanced Placement offerings, and CTE programs. The school also supports a regional autism program.

STATEMENT OF PROGRAM:

McLaughlin School provides educational services for residents of McLaughlin Youth Center. Youth are placed at MYC as a result of their criminal activity and placed in a detention or a long-term treatment unit (based on court ordered disposition). The educational program is an essential component of each student's treatment plan. This requires additional academic assessment, appropriate class placements, and differential curriculum to meet the unique educational and treatment needs of each student.

STATEMENT OF PROGRAM:

P.A.I.D.E.I.A. Cooperative school's mission is to provide a cooperative, yet individualized learning environment where students can pursue and develop their passions while inspiring academic success, a love of learning, respect for others, and community involvement. P.A.I.D.E.I.A serves students in grades kindergarten through twelve who reside with the Anchorage School District area. In the practical application of diverse parent guardian educational philosophies and curriculum choices, each student will be encouraged to develop the necessary skills and concepts to his/her capacity in alignment with the State of Alaska Content and Performance Standards.

STATEMENT OF PROGRAM:

The Adult Crossing Guard Program was established to provide area students with safe passage across streets with heavy vehicle traffic. The program is monitored by the Executive Directors of Elementary and Secondary Education and the principals of each school where guards are provided. Specific locations for Adult Crossing Guards are recommended by the Hazardous Transportation Committee which is chaired by the Director of Transportation Services.

STATEMENT OF PROGRAM:

The Food Service Administration is responsible for the planning, organizing, coordination, accountability, regulating, control and evaluation of all Student Nutrition Program functions within the District, i.e., administration, unit operations and delivery. The administrative staff role is to assess the program needs; set measurable goals; maintain advisory groups as appropriate; meet and respond to inquiries from students, staff, parents and the community. The main department goal is to provide proper student nutrition to enhance their overall wellness, to increase their participation, and to provide resources for employees to be creative and to promote good practices.

Functions

FUNCTION is used to group within a fund the different broad classifications of financial activities or services performed; for example, Instruction is function 100, a broad group of activities and services performed. Functions provide for the reporting of financial information in a manner, that is useful to school boards, superintendents, the Department of Education and Early Development, the Legislature and in some instances provides for the accumulation of expenditures in such a manner as to show compliance with law or regulation.

For school districts that wish to accumulate financial information in greater detail than the required function level many required functions are further subdivided into optional functions. Optional functions provide for the grouping of activities or services in further detail; for example, Instruction 100 is a required function but could be further broken out into the optional function Correspondence Instruction 120. The optional functions are components of the required functions and if optional functions are used, then they should be aggregated and reported at the required function level. When establishing coding for required functions the explanations and detail provided in the optional functions should be considered.

- 100 **INSTRUCTION** - Instruction includes the educational activities directly involving the interaction between teachers and students. Instruction may be provided in the school classroom, in another location such as a home or hospital, or in other learning situations such as student curricular field trips. It may also be provided through some other approved medium such as televisions, radio, computer, multimedia, telephone, or correspondence. Technology that is used by students in the classroom or that has a student instruction focus should be coded here. Included here are the certificated classroom teachers or other certificated personnel who are performing as classroom teacher and classroom aides or classroom assistants who directly assist in the instructional process. Examples of the types of expenditures to include are salaries, employee benefits, teaching supplies, textbooks, equipment and equipment repair directly used in the teaching process, and travel between schools or other locations for instructional purposes. Inservice teacher training, conferences and workshops that are for the benefit of teachers for staff development are not included here but in Support Services - Instruction, function 350. **(Required)**
- 120 **BILINGUAL/BICULTURAL INSTRUCTION** - Bilingual and bicultural instruction includes the educational activities directly involving the interaction between teachers and students of limited English-speaking ability. Included here are the certificated bilingual and bicultural classroom teachers or other certificated personnel who are performing as the bilingual and bicultural classroom teacher and classroom aides or classroom assistants who directly assist in the bilingual and bicultural instructional process. Examples of the types of expenditures to include are salaries, employee benefits, teaching supplies, textbooks, equipment and equipment repair directly used in the teaching process, and travel between schools and other locations for bilingual and bicultural instructional purposes. Specific inservice teacher training, conferences and workshops for bilingual and bicultural staff development are also included here. **(Optional)**

American Rescue Plan (ARP) Act Spending Plan

The ARP Act, signed into law on March 11, 2021, provides funding and flexibility for States to respond to the COVID-19 emergency, work to fully reopen K-12 schools, and provide interventions to students who have been adversely affected by the pandemic.

On November 17, 2021, the School Board authorized the Superintendent to accept the ARP Act grant in the amount of \$112,451,632 and allocated an initial amount of \$21,151,925 to District priorities with the remaining \$91,299,707 to be allocated during the FY 2022-23 budgeting process.

Allocated funding is available to the District to be spent from July 1, 2021 through September 30, 2024 and the District has identified several areas that will be a high value response to the COVID-19 pandemic, including a mandatory 20 percent directed toward evidence-based interventions to address learning loss initiatives, facility and air quality enhancements, maintaining class sizes, and School Board goals and guardrails.

The administration has strategically developed a plan to use the funds in FY22 through FY24, utilizing input from the Strategic Planning Task Force (SPTF), community & staff members, and the School Board's goals and guardrails. Actual amounts in each are may vary depending on actual costs and priority shifts during the next 2 years.

Teachers to Preserve PTR in FY23- \$56,219,316

Funds will be used to attain lower pupil teacher ratios in neighborhood schools for FY23. In FY22 the District allocated nearly \$29 million in CRRSA funds to retain PTR; this amount was able to keep an additional PTR of 4 at all K12 grade levels. In FY 23 these funds will be used to offset a PTR of 10 at all K12 grade levels representing 477.2 FTE.

Learning Loss Initiatives - \$11,702,900

Assessments and planning will continue to identify and address areas in which learning loss can be mitigated. The following planned uses are not inclusive of all future initiatives:

- **Summer School for FY23/24 - \$4,300,000**
Funds will be used to increase learning opportunities for all students in FY23-24. This will provide continuity and connectedness to learning for students at all grade levels K-12. The administration plans to dedicate \$4.3 million to support extended learning in the summers of 2023 and 2024.
- **Virtual Teachers for FY23 - \$2,343,161**
Funds will be used to pay the salaries and benefits for 20 virtual teachers in support of ASD Virtual.
- **Reading Teacher Experts - \$1,288,739**
Funds will be used to pay the salaries and benefits for 11 Reading Teacher Experts for FY23. These positions will be allocated to schools with the most needs after assessments are completed in the spring of 2022.
- **Implement reading initiatives - \$3,450,000.**

Funds to be spent in FYs 23/24 for Heggerty Phonological and Phonemic Awareness, professional development, and instructional materials to support PreK through 3rd grade reading. Afterschool reading intervention programs will cover 8-week sessions in 30 schools twice yearly. Substitutes for MTSS data meetings to support reading and math.

- **Training Inclusive Practices for Special Education staff in FYs 23/24 - \$221,000**

Funds will be used to provide training to special education teachers, school administrators and other staff, with strategies and methods to ensure students are making academic progress with better access to the general curriculum. Training topics include, but are not limited, to the following: specializing instruction, IEP development, inclusive practices, accommodations & modifications, Co-Teaching, engagement strategies, etc.

- **Increased Substitute Teacher training for FYs 23/24 - \$100,000**

Funds will be used to pay for training substitute teachers during onboarding. This will better prepare new substitute teachers so they are more effective when they perform their classroom duties.

Board Goals & Guardrails - \$1,777,536

Assessments and planning will continue to identify and address areas in which learning loss can be mitigated. The following planned uses are not inclusive of all future initiatives:

- **Graduation supports for at risk students for FYs 23/24 - \$360,000**

Funds will be used to partner with United Way and Covenant House in order to support students that are migrant, CITH or EDS and not on track to graduate.

- **Training for implementing the College, Career & Life Ready (CCL) student platform in FYs 23/24 - \$100,000**

Funds will be used to pay for staff training (substitutes) so they will be able to assist students in developing personal pathways for their success after graduation.

- **Expand Work-based learning for FYs 23/24 - \$300,000**

Funds will be used to Support the expansion of work-based learning opportunities in all middle and high schools to include field trips, job shadows, internships, mentorships, and Cooperative Learning experiences. Funds transportation, staffing, partnerships, and employer community-outreach to expand work-based learning options for students to reengage in real world learning. Students in all ASD programs including World Language, Gifted Mentorship, CTE and other pathways would have expanded access to apply their skills in real-world settings.

- **Universal PSAT in FY 24 - \$59,400**

Funds will be used to pay for 3,300 students to take the PSAT.

- **Universal SAT/ACT FYs 23/24 - \$363,000**

Funds will be used to pay for 3,300 students to take the SAT, and 3,300 students to take the ACT. Funds may be shifted between the two tests depending on the number of students who sign up for their choice of tests.

- **CCL Student Platform FYs 23/24 - \$331,000**

Funds will be used to pay for 3,300 students to take the SAT, and 3,300 students to take the ACT. Funds may be shifted between the two tests depending on the number of students who sign up for their choice of tests.

- **Testing coordinator in FYs 23/24 - \$30,000**

Funds will be used to pay addenda for testing coordinators in support of the CCL Board Goal.

- **Career Pathways Development in FYs 23/24 - \$40,000**

Funds will be used to pay for training and addenda required to develop, assess, and refine the Career Pathways programs.

- **Senior Director, Mental Health in FYs 23/24 - \$194,136**

Funds will be used to pay for .5 FTE of the Senior Director of Mental Health and Student Support position. This position will be responsible for the administration, long-term planning, coordination, and evaluation of mental and behavioral health services, social-emotional learning, and student support services, which supports the mental health guardrail.

Air Quality Improvements for District Managed School Buildings and upgrades to intercom systems- \$8,921,644

Funds will be used to improve outdated TC6 intercom systems and to replace aging and outdated pneumatic air exchange systems in order to improve air quality in schools to enhance safety for staff and students. The following areas of improvement are planned for FY23 and FY24.

- **Upgrades to Direct Digital Control (DDC) for 24 schools and 2 facilities that still have pneumatic control systems in the ventilation systems - \$7,721,644**

Upgrading these heating and ventilation systems will allow for precise control of the air delivered to the occupied spaces. With this precise control, changes to the air being delivered can be remotely monitored and through DDC controls adjusted automatically to maximize ventilation airflow per ASHRAE recommendations for virus mitigation. Making the upgrade to these systems will improve both air cleaning as well as improve energy efficiency.

- **Modernize Intercom systems for 16 schools - \$1,200,000**

Funds will be used to replace 16 schools with outdated TC6 Intercom systems, and two schools with outdated WWT intercom systems. Upgrades will include classroom audio in each school. These upgrades will improve security for staff and students, as repair parts are no longer produced for the TC6 and WWT intercom systems.

1:1 Equipment, Software and support personnel for secondary schools in FYs 23/24 - \$12,678,311

Funds will be used to buy, manage, maintain, and repair equipment and software in support of a 1:1 device for each secondary student. The costs for the equipment and software are approximately \$5.8 million/year, and the 17 FTE in staff who are currently managing the program cost approximately \$1.7 million/year, however, funding availability within the ARP grant may be limited.
