ASSEMBLY MEMORANDUM

AM No. 152-2024

Meeting Date: March 5, 2024

FROM: ANCHORAGE SCHOOL DISTRICT

SUBJECT: AO 2024-17 ANCHORAGE SCHOOL DISTRICT  
FY 2024-2025 FINANCIAL PLAN

PROPOSED FINANCIAL PLAN

The Anchorage School Board has approved the Proposed Financial Plan and Budget for FY 2024-25 in the amount of \$894,240,584. The total proposed Anchorage School District budget by individual fund is projected as follows:

The upper limit spending authorization of \$894,240,584 for FY 2024-25, is a decrease of \$10,901,929 from the prior year. The overall decrease in upper limit spending is primarily due to the expiration of remaining COVID Relief funding to schools provided under the American Rescue Plan Act through the Elementary and Secondary School Emergency Relief Fund.

It is requested that the Anchorage Assembly approve local property taxes in the amount of \$263,944,771, an increase of \$460,765 from the prior year, or about .17

percent. The tax increase is primarily due to increased costs in Student Transportation coupled with flat state transportation funding, which is partially offset by decreases in Debt repayment and a slight decrease in both the Required Local Contribution and Additional Local Contribution request due to enrollment declines. The change in taxes by type is shown in the table below:

	Approved Budget FY 2023-2024	Proposed Budget FY 2024-2025	Increase/ (Decrease)	Percent Change
Required Local Contribution	\$ 120,362,918	\$ 120,159,280	\$ (203,638)	-0.17%
Additional Local Contribution	100,675,904	100,612,712	(63,192)	-0.06%
Student Transportation	5,042,104	9,060,354	4,018,250	79.69%
Debt Service	37,403,080	34,112,425	(3,290,655)	-8.80%
Total Local Taxes Requested	\$ 263,484,006	\$ 263,944,771	\$ 460,765	0.17%

## PROPERTY TAXES AND ENROLLMENT

The chart below shows the amount of taxes the District is requesting by both fiscal year (FY), which is July 1 through June 30, and calendar year (CY). Fiscal year taxes are collected over the course of two calendar years, e.g. the second half of the FY 24 tax request (January 1, 2024 – June 30, 2024) and the first half of the FY 24 tax request (July 1, 2024 – December 31, 2024) makes up the total calendar year 2024 request.

### FY 2024-25 Proposed Budget Property Tax Request

	Approved Budget FY 2023-2024	Proposed Budget FY 2024-2025	Increase/ (Decrease)	Percent Change
Total Property Taxes (FY)	263,484,006	263,944,771	460,765	0.17%
Total Property Taxes (CY)	260,087,517	263,714,389	3,626,872	1.39%
Estimated Assessed Valuation (CY)	37,600,552,285	39,464,975,293	1,864,423,008	4.96%
Estimated Mill Rate (CY)	6.92	6.68	(0.24)	-3.47%

While taxes requested for ongoing operations are expected to increase by 1.39 percent for calendar year 2024, the overall tax burden and mill rates are set to decline by 3.47 percent for the year.

Enrollment is expected to stagnate, with a slight increase in average daily membership of .32 percent. The total projected District enrollment is shown below:

	Actual FY 2023-2024 October, 2023	Projected FY 2024-2025 October, 2023	Increase/ (Decrease)	Percent Change
Average Daily Membership	42,526	42,664	138	0.32%
Students with Intensive Needs	1,119	1,118	(1)	-0.09%

1 Additional information regarding changes in revenue and expenditures specific  
2 to each fund, as well as programmatic and staffing changes specific to academic  
3 programs and support services, can be found in the budget document.

## District Profile

The Anchorage School District (District) was established by the Home Rule Charter of the Municipality of Anchorage (Municipality) on September 16, 1975. The most recent State of Alaska Department of Labor estimate of population in the Municipality of Anchorage was 289,810 (2022) – an increase of less than 0.1 percent from the prior year. The District primarily serves 43,426 students from pre-kindergarten through the 12th grade.

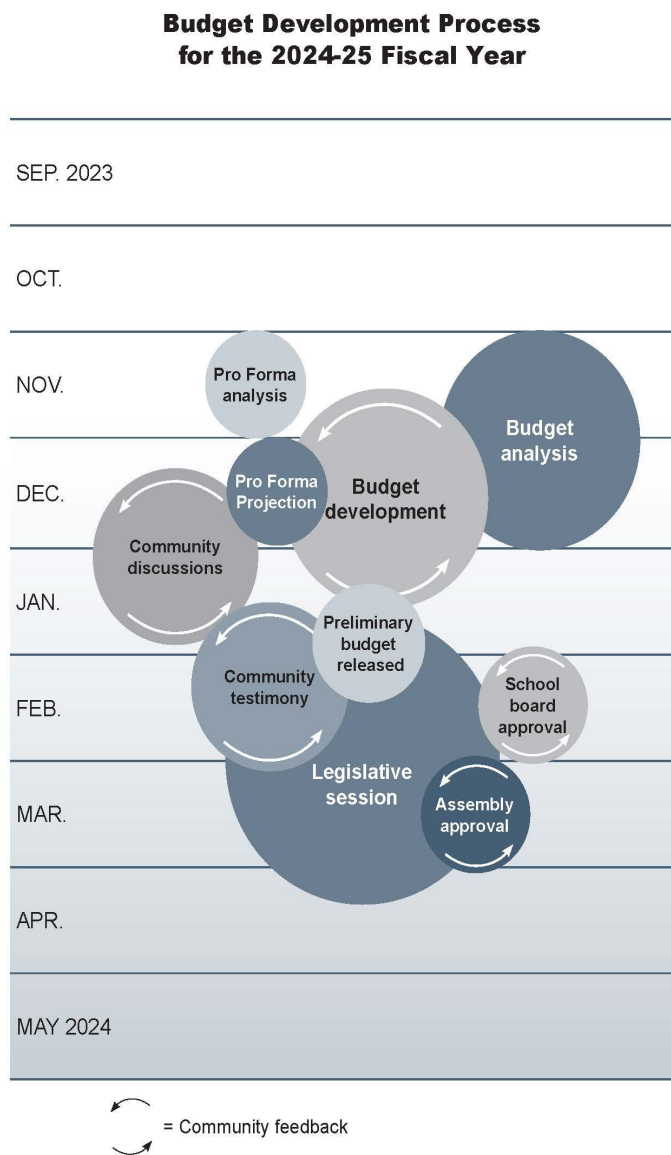

The District is a component unit of the Municipality whose twelve-member assembly approves the District's total budget. The District is operated under a superintendent-board system with a seven-member school board elected at-large from the community. The Superintendent acts under the direction of the Anchorage School Board (School Board) and is responsible for running the day-to-day District activities. The School Board serves as the governing body of the District and approves memorandums, significant contracts, budgets and all personnel appointments and terminations.

The District provides a full range of educational and certain community services. Educational opportunities within the District include a wide range of schools and programs to prepare students to be ready for college and careers. The schools range from traditional local neighborhood schools to specialized schools and programs that draw upon students from across the District. The District has a number of educational alternatives and programs such as Montessori, back to basics ABC learning, language immersion, Alaska Middle College, correspondence and self-paced instruction. In addition, the District offers special education services, gifted programming, career and technical education, as well as multi-cultural education programs. The District offers community use of its facilities such as tracks, fields, playgrounds, ice rinks, classrooms, and libraries.

The District operates eight charter schools which have been approved by the School Board and the State Board of Education. Charter schools are primarily funded through the State of Alaska Public School Funding formula. Each charter school in the District is guided by an Academic Policy Committee, whose purpose is to “supervise the academic operation of a charter school” (AS 14.03.290). Charter schools remain under the purview of the Superintendent and governance of the School Board.

The School Board approves the superintendent's budget for the General Fund, Grants, Food Service, Pupil Transportation and Student Activity Special Revenue Funds, Debt Service Funds and Capital Grants. The District is required to submit the budget to the Anchorage Assembly (Assembly) on (but not later than or prior to) the first Monday in March each year for the subsequent year. The Assembly must approve the District's total budget and appropriate the funds within 30 days after receipt. If the Assembly fails to approve the budget within this time, the budget as submitted becomes the budget for the District. Legislative changes subsequent to the passage of the budget may result in revisions to the Adopted budget.

The District’s timeline for budget development, community engagement, and approval is below:

Budgetary control is maintained by the District by fund, organization, function, and object in the General Fund, Student Nutrition Special Revenue Fund, Grants Special Revenue Fund, Pupil Transportation Special Revenue Fund, and Debt Service Fund only. The Capital Project and Student Activity Funds are controlled based on the amount of revenue generated, where expenditures and encumbrances cannot exceed revenue.

Additional information regarding the District, its programs, services, facilities, events and other statistics can be found on the District’s website at [www.asdk12.org](http://www.asdk12.org).

## Long-term Financial Planning

The District saw a nominal \$30 increase to the Base Student Allocation (BSA), now \$5,960 for fiscal year 2023-2024, an increase of about 0.5 percent. The BSA, which is the unadjusted per-student funding metric used to determine school district revenue, has remained largely unchanged since 2017. The State did provide significant one-time funds for operational and capital uses, \$87.4 million in statewide operational funding of which the District is received approximately \$25 million. The District also received authorization for 0.5 ADM to be provided in funding for preschool students; however, eligible students must not already be funded under certain state and federal programs.

For fiscal years 2022-2023 and 2023-2024, the District used federal stimulus money to maintain operations and provide a safe and adequate education for all students while responding to needs that arose as a result of the COVID pandemic and its impacts on public education. However, these funds will be fully expended in 2023-2024, which will create a substantial deficit heading into fiscal year 2024-2025.

The District initially projected a budget shortfall of approximately \$98 million in fiscal year 2024-2025, and used a combination of budget reductions and fund balance to create a balanced budget. For fiscal year 2024-2025, the District will have spent its savings down to the board minimum and will be faced with difficult choices on how to provide an adequate education to all students without the same level of ongoing reserves. For FY 2025-2026 and FY 2026-2027, the District expects to contend with medical and liability insurance cost increases above the rate of inflation and normal inflation on salaries, benefits, services and supplies, which will generate additional shortfalls of approximately \$20 million each year. If flat funding continues into fiscal years 2025-2026 and 2026-2027 the District could see additional budget shortfalls of \$91 million and \$20 million, respectively. These shortfalls could be exacerbated by prolonged periods of higher than average inflation as seen in 2021 and 2022. These budget shortfalls over the next three years could result in the elimination of over 1,100 positions in order to close the fiscal gap and balance the budgets if additional revenue sources are not provided.

## Enrollment

The majority of the District's funding is derived from the State of Alaska Public School Foundation Program, which provides formula funding based on adjusted average daily membership (ADM). The District's ADM decreased by 1,048 students (2.4 percent) from the prior fiscal year to 42,526 for fiscal year 2023-2024. The projections for fiscal year 2024-2025 and 2025-2026 expect enrollment to continue declining as Alaska continues to experience outmigration.

## Facilities

Under Alaska law, the District cannot legally hold title to real property, therefore, all constructed or purchased school facilities are owned by the Municipality of Anchorage. The Municipality has delegated the construction management of school projects to the District.

# 2024-25 Proposed Budget

*Educating All Students for Success in Life*

## A message from the School Board

The Fiscal Year 2025 budget as presented by the Anchorage School District (ASD), represents a turning point for ASD's future. This year, we faced a nearly \$100 million deficit as a result of years of flat funding by the State. To produce a balanced budget ASD used \$71 million of emergency savings, nearly depleting our

reserves. This fiscal challenge forced us to make difficult decisions impacting programs, services, and positions, ultimately affecting student performance and class sizes.

I urge each of you to join the Anchorage School Board in advocating for our 2024 legislative priorities. The course correction of the Base Student Allocation (BSA) is paramount to ensuring the sustainability of our public education system. Without necessary adjustments, we face the stark reality of a decline in the quality of education and classroom experiences for our students.

ASD's top legislative priority is to secure a permanent BSA increase of \$1,413. Investments in public education are key to building a thriving community and workforce. Fixing the funding formula for public education is not just about safeguarding the future of our students; it is a vital contribution to the overall well-being and prosperity of Anchorage.

Our advocacy efforts must extend beyond a mere financial fix. We need to rally for a state-funded Institute of Social

and Economic Research (ISER) study of the District Cost Factor, prioritize the recruitment and retention of high-quality educators, and establish a competitive retirement plan. Addressing the statewide teacher shortage is a collective responsibility that requires our immediate attention.

Moreover, we are committed to supporting the holistic well-being of our students and staff. This includes practices that promote mental and behavioral health, trauma-informed approaches, Social Emotional Learning (SEL), and restorative justice practices. By investing in these areas, we contribute to the development of well-rounded individuals capable of navigating the challenges of the future.

We need each of you to join our cause in fighting to preserve and strengthen public education across Alaska. Let us convey the urgency of this matter to the Governor and the Alaska Legislature. The success of our students is not only a testament to our commitment to education but also a foundation for building a better, stronger community.

In conclusion, I appreciate your dedication to the welfare of our schools and community. Together, let's work to ensure that the future of education in our state remains bright and promising.

In service,

Margo Bellamy  
President

## A message from the Superintendent

The Anchorage School District (ASD) continues to advocate for its future going into Fiscal Year 2025. It is imperative to address the pressing challenges facing ASD, notably the need for a significant increase in the State of Alaska's Base Student Allocation (BSA).

The urgency for sensible school funding cannot be overstated. The financial outlook for districts across Alaska is nothing less than bleak. We must advocate for fundamental and structural changes to secure the future of our students and teachers. The cornerstone of our financial stability lies in an immediate and permanent increase to the BSA.

Since 2017, ASD has faced systematic flat funding from the State of Alaska (SoA) while contending with skyrocketing inflation and accelerated recurring expenses. The masking effect of one-time federal COVID relief dollars is dissipating, and Alaska's public schools are grappling with difficult decisions to balance their budgets. The stark reality is that the purchasing power of a dollar in 2024 pales in comparison to its value in 2017. As the cost of living, including essentials like housing and transportation, continues to rise, the State's commitment to investing an extra \$30 per student since 2017 falls significantly short.

This financial conundrum, coupled with chronic outmigration and talent shortages, poses a significant threat to Alaska's future. The undeniable truth is that young families seek great neighborhoods and great schools, and the prosperity of Alaska hinges on the success of our educational system.

While the FY25 budget appears balanced, it relies on \$71

million of emergency savings and cuts to programs and services that will result in larger class sizes. Without a BSA increase, ASD will face drastic choices next year as our fund balance is depleted beyond measure. The absence of increased education funding from the state government effectively equates to cuts in education funding. ASD has already initiated painful steps in restructuring and reducing operational costs. The combination of declining enrollment and stagnant funding makes it increasingly challenging to sustain our exceptional academic programs at the current scale. Unfortunately, campus closures and program reductions may become unavoidable in the coming years.

Alaskans are united in the common goal of ensuring our students receive a world-class education. However, the reality of education cuts persisting for over seven years has led to academic outcomes arguably at an all-time low. It is evident that cuts are not yielding the desired results. I am optimistic that, through collaborative efforts with the State, we can elevate Alaska from being consistently ranked 49th to leading the nation in educating our children.

ASD eagerly anticipates engaging in discussions with the legislature to find common ground on sensible solutions that will benefit education and secure the future of our great State.

Best,

Jharrett Bryant, Ed. D.  
Superintendent

# ASD School Funding Since 2017–BSA Equivalents

The State of Alaska (SOA) has maintained a Base Student Allocation (BSA) of \$5,930 from FY17 through FY23 with a \$30 (0.5%) increase for FY24 and no increase for FY25 yet. The SOA provided one-time funds in FY19, FY20, FY23, and FY24, in-lieu-of a permanent increase to the BSA. Anchorage School District applied fund balance, the state’s one-time payments, and federal relief money to maximize educational opportunities during the past six years. The FY25 Proposed budget includes additional State funding of about \$7.1M, about a \$100 BSA equivalent, along with the additional local

match. The district remains grateful that the Municipality of Anchorage has continued to provide the maximum local revenue allowed by state law. Of note, Anchorage is one of the few districts that receive the maximum allowable local contribution.

The chart below depicts the BSA’s inflationary increase, based on Anchorage’s CPI-U, from 2017 through 2022. Rates from January 2023 through 2025 are estimated based on a 2% steady inflation rate for those two years. The dark blue bars represent the BSA.

- ASD revenue is depicted in BSA-equivalent dollars
- FY23 through FY25 inflation is based on historical average of 2%

During the past seven years, ASD has closed three schools (Mt. Iliamna, Mt. Spurr, and Abbott Loop), combined several programs (Crossroads, Avail, AK Choice), merged two schools into one facility (King Tech High School and Alaska Middle College School) and reduced staff accordingly in order to achieve a balanced budget. FY25 relies heavily on the usage of

fund balance and reductions in staffing, services, supplies, and equipment to balance the budget. It should be noted that the half of the \$25 million one-time funds provided by the SOA in FY24 were saved for FY25 to help offset the deficit and are included as fund balance in FY25.

# FY 2024–25 Proposed Budget Highlights

## General Fund Revenue

Anchorage Schools are primarily funded through the State of Alaska Foundation Funding Formula, which includes required and additional allowable local property taxes. Additional Federal revenues come from Federal Impact Aid and reimbursements for Medicaid and JROTC instructors. Other local revenues include fund balance, interest earnings from the municipal investment fund, user fees, and facility rental fees. The District is planning to use over \$71 million in fund balance to address some of the structural deficit resulting from flat funding and reduced purchasing power due to inflation which will deplete nearly all unassigned emergency reserves. Average Daily Membership (ADM) for FY25 is expected to remain relatively stable, however, net out-migration could have negative impacts to overall enrollment over the next several years.

FY 2024–25 General Fund Revenue

## Expenditures

District expenditures are apportioned for personnel costs (87.2%), utilities/rent (4.8%), purchased services (4.6%), supplies & equipment (2.6%), and insurance/other items (0.8%).

## Budget Development

Student enrollment, or membership, drive the State's funding formula. Projected enrollment numbers, and current law, are used to develop the budget. Enrollment data during the first 20 school days in October is used to develop the Average Daily

Membership (ADM); this confirms the State/local revenue for the school year. The following chart depicts ASD's per-student revenue during the past several years from Local, State, and Federal sources.

### General Fund Revenue per Student (ADM)

## Budget Assumptions

The State's legislative session is scheduled to end in late April, requiring some assumptions to be made to develop the budget within required timelines. The budget must be balanced prior to submission to the Anchorage School Board in February and to the Anchorage Assembly no later than the first Monday in March. The following assumptions were used for the budget:

- No increase to the State's Base Student Allocation (BSA) at \$5,960. The BSA has only increased by 0.5% since FY 2016-17.
- Projected BSA equivalent of approximately \$100.
- No changes to the State's Foundation Funding Formula.
- No increases to the State's transportation funding which hasn't changed since FY 2015-16.
- No change in the State's portion of ASD's debt reimbursement.

ESSER Funded Items Added to General Fund

ESSER funded items that were included in the FY24 ESSER spending plan and subsequently added to the FY25 General Fund budget were classroom teachers that were used to limit

the Pupil Teacher Ratio (PTR) increases. ESSER funds are expected to all be expended by the end of FY 2023-24.

Adjustment	FTE	Cost
Classroom Teachers	164	20,773,496
Total Changes for FY25	164	\$20,773,496

Personnel Reductions

Approximately 87% of the District’s budget is used to pay salaries and benefits for employees. As a result, the District’s revenue determines whether the workforce increases or contracts. The PTR formula divides the total number of

students in the school, by grade level, by a ratio (e.g. 1 teacher to 23 students in first grade); this creates a baseline to establish the total number of teachers allocated per school.

School Type	FY 2025 General Fund PTR–Grade Level Groupings							
	K	1	2	3	4–5	6	7–8	9–12
Secondary Schools								31.25
Middle Schools						31.25	31.25	
Elementary Schools	22	23	25	26	27	28	28	

Changes

- Pupil to Teacher Ratio (PTR) is a budget staffing formula, not a class size or class cap
- \$71.2 million in reserves is being used to offset potential increases in PTR
- Moving 6th graders to middle school increased middle school teacher allocations by 82.4 FTE and decreased elementary school teacher allocations by 84 FTE
- Enrollment based changes:
  - » Decrease 35 FTE at elementary schools
  - » Decrease 3 FTE at middle schools
  - » Increase 2.6 FTE at high schools
- Alternative schools increase 10.6 FTE based on programmatic needs

## FY25 General Fund School Based Changes

## Changes in Staffing

- Programmatic changes at AKChoice, SAVE, and Steller resulted in an overall increase in teaching FTE
- Other changes are due to individual needs at school sites

### ***District-level Reductions and Changes***

The District will continue to focus on the School Board Goals and Guardrails while making difficult decisions to reduce costs based on continued flat funding from the State. These reductions will continue to erode the student experience and

the number of specialized programs the District is able to offer. Additional detail on position changes, departmental realignments, and other changes by school/department can be seen in Appendix C of the budget book.

## Governmental Funds Overview

Governmental funds are used to account for governmental activities and focus on near term inflows and outflows of spendable resources as well as on balances of spendable resources available at the end of the fiscal year. The District maintains seven individual governmental funds and adopts an annual appropriated budget for its General Fund, Grants, Student Nutrition, Pupil Transportation, Student Activities Special Revenue Funds, and Debt Service Fund. Additionally, the District adopts an annual budget for the Capital Projects Fund to account for monies received outside of voter approved, bond funded projects such as State Legislative Grants or Capital Contributions from the General Fund. The combined governmental funds budgets are approved and set the Upper Limit Spending Authority in accordance with Municipal Charter.

[3] Capital Projects includes capital Legislative grants and General Fund contributions only; voter approved bond projects that are repaid through debt service have been excluded

The District projects a total decrease for all Governmental Funds of approximately \$15.9 million, or 1.7 percent. This decrease is primarily due to the expiration of the remaining federal COVID relief funding through the American Rescue Plan (ARP) Act, partially offset by an increase in the use of fund balance and maintaining a contingency for Capital Projects.

### General Fund Overview

The General Fund is the general operating fund of the District. It is used to account for all financial resources traditionally associated with school districts except those required to be accounted for in another fund.

### Funding Sources

Anchorage schools are primarily funded through the State of Alaska and local property taxes, with additional Federal revenues coming from Federal Impact Aid (FIA). FIA is a program to help offset lost local tax revenue for students living on Joint Base Elmendorf Richardson and other federally connected students. Other reimbursements for JROTC instructors and Medicaid are also included in Federal revenue. Other local revenues include interest earnings, user fees, facility rentals, and E-rate, a program which reimburses some costs of telecommunications.

### State Revenue

The District's revenue from the State is generated through the Alaska Foundation Formula Program which uses each district's average daily membership (ADM) to calculate State revenue and, in turn, set the amount of local property taxes that a district can collect.

The ADM is based on the District's average enrollment during the first 20 days of October in the fiscal year in which funding is to be provided. Once the ADM is calculated, it is run through the six steps of the Foundation Formula to generate an adjusted average daily membership (AADM). The six steps to determine the AADM through the foundation formula are as follows:

1. Adjusts the ADM at each school based on the school's size
2. Apply the District Cost Factor to the total adjusted ADM from step 1.
3. Apply the Special Needs Factor
4. Apply the Career Technical Education (CTE) Factor
5. Adds adjustment based on Intensive Needs (IN) count
6. Adds adjustment based on correspondence schools ADM

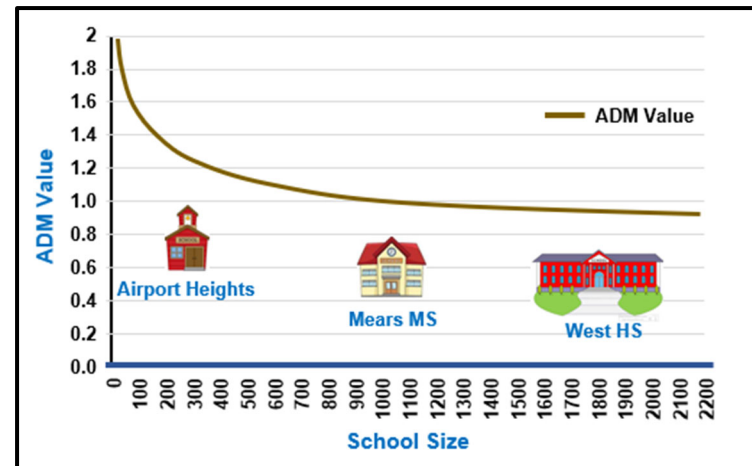

Once the AADM is determined, it is multiplied by the Base Student Allocation (BSA) to determine Basic Need. Basic Need is then reduced by an amount that is required to be funded by the local borough or municipality and reduced for a portion of Federal Impact Aid funds that are received.

The detailed calculations to determine State revenue and local contributions for fiscal year 2024-2025 are as follows:

### Step 1 – School Size Adjustment

Schools are divided into two categories: regular schools (facilities based) and correspondence (home schools). The school size adjustment applies to regular schools only and correspondence schools are added at step 6, not receiving adjustments for special needs or CTE. The school size adjustment is applied on a school-by-school basis (with the exception of alternative and charter schools under 175 and 150 ADM, respectively, which are included within the District’s school with the highest ADM) and is calculated based on the following formula created by the State of Alaska:

Alaska State School Size Table		
Reference	School Size	Formula
1	10 - 19.99	39.60
2	20 - 29.99	$39.60 + (1.62 * (ADM - 20))$
3	30 - 74.99	$55.80 + (1.49 * (ADM - 30))$
4	75 - 149.99	$122.85 + (1.27 * (ADM - 75))$
5	150 - 249.99	$218.10 + (1.08 * (ADM - 150))$
6	250 - 399.99	$326.10 + (.97 * (ADM - 250))$
7	400 - 749.99	$471.60 + (.92 * (ADM - 400))$
8	Over 750	$793.60 + (.84 * (ADM - 750))$
Correspondence student counts are not adjusted for size (See Step 6)		

The school size table effectively creates a sliding scale where an ADM adjustment is incrementally less for each additional student that is enrolled in the school. The graphical representation of the school size adjustment is shown above.

For FY 2024-25, the District is projecting an ADM of 42,664 (40,714 regular and 1,950 correspondence).

<b>Step 1</b>	Regular ADM		40,714.00
	School Size Adjustment	+	4,994.84
	<b>Total</b>		<b>45,708.84</b>

## Step 2 – District Cost Factor

The second step of the formula is the District Cost Factor which is an adjustment for cost differentials between districts. Anchorage is set as the baseline and receives no cost adjustment in this step. Cost factors are specific to each district and range between 1.000 and 2.116. It is worth noting that the district cost factors have not been adjusted based on any studies completed within nearly 20 years. In that time, the cost of living in Anchorage has outpaced many other districts and may not be the least expensive place to conduct business any longer.

<b>Step 2</b>	AADM from Step 1		45,708.84
	District Cost Factor	x	1.00
	<b>Total</b>		<b>45,708.84</b>

## Step 3 – Special Needs Adjustment

The Special Needs Adjustment is block funded at 20 percent of Step 2 and is intended to assist districts in providing vocational education, non-intensive special education, gifted/talented education and bilingual/bicultural education.

<b>Step 3</b>	AADM from Step 2		45,708.84
	Special Needs Factor	x	1.20
	<b>Total</b>		<b>54,850.61</b>

## Step 4 – Career Technical Education Funding

The CTE adjustment is block funded at 1.5 percent of Step 3 and is intended to provide for additional CTE instruction for students in grades 7-12. This step includes an additional 43.58 ADM to account for the Hold Harmless provision that was triggered when Abbott Loop Elementary school was closed in FY 2023-24.

<b>Step 4</b>	AADM from Step 3		54,850.61
	CTE Factor	x	1.015
	<b>Total</b>		<b>55,716.95</b>

### Step 5 – Intensive Needs Funding

Intensive needs funding is based on the actual number of students with an IEP and are receiving intensive services. The number of IN students is multiplied by 13 and added to the total from step 4.

<b>Step 5</b>	Intensive Needs Count		1,118.00
	Intensive Needs Adjustment	x	13.00
	Subtotal		14,534.00
	AADM from Step 4	+	55,716.95
	<b>Total</b>		<b>70,250.95</b>

### Step 6 – Correspondence Funding

Funding for correspondence programs is calculated by multiplying the correspondence ADM by 90 percent. This is added to the total from step 5 to get to the Foundation Formula's total Adjusted Average Daily Membership (AADM).

<b>Step 6</b>	Correspondence ADM		1,950.00
	Correspondence adjustment	x	0.90
	Subtotal		1,755.00
	AADM from Step 5	+	70,250.95
	<b>Total AADM</b>		<b>72,005.95</b>

### Basic Need

After the AADM is determined, the State calculates Basic Need, which is the amount of revenue the State has determined each district needs to fund education, by multiplying the AADM by the BSA. Basic Need, however, is not the amount the District will receive from the State.

District adjusted ADM		72,005.95
Base Student Allocation	\$	5,960
Basic need (BSA x AADM)	\$	429,155,462

### Adjustments to Basic Need

Once Basic Need is calculated, the State makes adjustments to the amount of each district's funding based on a required local contribution that boroughs and municipalities must make towards education, Federal Impact Aid funds received, and the Quality Schools Grant which was incorporated into the formula in 1998.

### *Required Local Contribution*

The Required Local Contribution (RLC) is calculated as the lesser of 45 percent of the prior year's Basic Need or 2.65 mills of the borough or municipality's tax base for prior tax year (e.g. 2023 tax base used for the 2024-25 fiscal year). ASD has historically used the mill rate as the basis of calculation, shown here:

Property Values	\$	45,343,124,634
Mills		x 2.65
Total Required Local Taxes	\$	120,159,280

### *Federal Impact Aid*

Basic Need is then reduced by 90 percent of eligible revenue received from Federal Impact Aid funding that provides an 'in-lieu of local tax revenue' for the children of parents living and/or working on Federal property. For Anchorage, the actual percentage of total Federal Impact Aid receipts that is recaptured in the State Funding Formula is closer to 50 percent.

### *Quality Schools Grant*

The Quality Schools Grant is calculated based on \$16 per AADM and added into the total funding provided by the State. The total adjustments to Basic Need and the resulting net amount of State aid to ASD are calculated as:

### *Operating Grants*

State funded operating grants are generally funds appropriated by the State in lieu of a permanent increase to the BSA. For FY 2024-25, the Legislature has not appropriated any funding outside of the Foundation formula, and did not choose to override a veto of one-time funding it appropriated for FY 2023-24. For FY 2024-25, the district has included a projection of approximately \$7.1 million in additional State funding, equivalent to a BSA increase of about \$100.

Total State revenue for FY 2024-25 is expected to decrease from FY 2023-24 by approximately \$25 million, a 7.44 percent

District adjusted ADM		72,005.95
Base Student Allocation	\$	5,960
Basic need (BSA x AADM)	\$	429,155,462
Required local effort (property taxes)	\$	(120,159,280)
Reduction for Federal Impact Aid		(7,168,320)
State Foundation Revenue		301,827,862
Supplemental State Funds		7,139,017
State Quality School Grant		1,152,095
Total State Revenue	\$	310,118,974

reduction, primarily as a result of the absence of one-time funding along with projected decreases in enrollment.

#### *Education Raffle Proceeds*

In FY 2019-20, the State of Alaska instituted an Education Raffle where residents can purchase raffle tickets when applying for their Permanent Fund Dividend. Half of the proceeds from the raffle are dedicated to go directly to school districts and are distributed to all districts on the basis of AADM. For FY 2024-25, the District is expecting approximately \$0.15 million in revenue generated from the raffle.

#### **Additional Local Contribution**

The State allows boroughs and municipalities the opportunity to contribute additional funds to education above the amount legally required. The maximum additional allowable amount is calculated as the greater of a 2 mill tax levy on the local tax base or 23 percent of the total of Basic Need, the Quality Schools Grant, and other supplemental funds provided outside of the Foundation Formula, if applicable. ASD has historically used the latter method to calculate the total amount of local contributions allowed by the State as shown above.

Basic Need	\$ 429,155,462
Quality Schools	1,152,095
Supplemental Funding	7,139,017
Total	<u>\$ 437,446,574</u>
	23%
Total Allowable Contribution	<u>\$ 100,612,712</u>

#### **Local Revenue**

The District is a component unit of the Municipality of Anchorage and has no ability to levy taxes itself; therefore, any tax appropriations must be levied by the Municipality for the benefit of the District and are subject to the State's allowable local contributions as described above.

#### **Local Property Taxes**

The District is fortunate to have a community that is very supportive of public education and anticipates receiving tax appropriations equal to the maximum allowed under State law. Total local property tax contributions are expected to decrease by \$.267 million, about .12 percent, due to a decrease in property values that shifts funding responsibility from the municipality (\$.2 million) to the State, and a decrease in the additional allowable contribution that is mostly attributable to a decrease in overall enrollment (\$.06 million).

Additionally, the District is subject to a local tax cap defined in Municipal Charter. Information on the District's mill rate and local tax cap can be found in Appendix D - Local Property Tax Mill Rate and Appendix E - Municipal Tax Cap Limitation, respectively. The District can only collect the lesser of the State Allowable Local Contribution or the Municipal tax cap.

#### *Fund Balance*

The District has proposed using fund balance, the governmental equivalent of savings, as a local revenue source in FY2024-25 in the amount of \$71.189 million to address the District's budget gap. The use of fund balance at this level – down to 5 percent instead of the current Board minimum of 8 percent--requires a super majority vote of the Board. Of this amount, approximately \$13 million was from the one-time funds allocated by the State for FY 2023-24 being saved for the following year, and approximately \$58 million comes from savings from prior years as well as projected savings in the current year predominantly due to increases in position vacancies.

#### *E-Rate*

The E-Rate program is intended to help school districts offset the costs of telecommunications, including bandwidth and telephone services. The District has historically received E-Rate revenue directly. However, in FY 2024-25 the District will enter into a contract that shifts the responsibility for submitting requests for E-rate to the contractor. Therefore, E-Rate revenue is expected to be eliminated in FY 2024-25, being offset by a significant reduction in the costs of telecommunications while also increasing bandwidth.

#### *Other Local Revenues*

Other local revenues include interest earnings, facility rentals, user fees and other miscellaneous revenue. For FY 2024-25, the District is expecting an increase of \$5 million in interest earnings based on actual returns in FY2023-24, as well as a small increase to facility rentals based on planned increases to fees.

#### **Federal Revenue**

Federal revenue consists of Federal Impact Aid, JROTC instructor funding and Medicaid claim reimbursements. Budgeted Impact Aid is expected to increase from FY 2023-24 levels by \$1.02 million or about 7 percent based on number of students living on Joint Base Elmendorf Richardson (JBER). JROTC instructor funding is a partial reimbursement for salaries of

JROTC instructors which also sets the Minimum Instructor Pay (MIP), and is expected to increase by approximately 3 percent consistent with expected costs. As costs based on the MIP escalate, the associated revenue will also increase.

## Expenditures

By law, the District is required to have a balanced budget where revenues are equal to expenditures. Given that the District has no authority to levy taxes or raise additional funding, balancing the budget when revenue declines generally results in a reduction of budgeted expenditures. The District spends about 87 percent of its revenue on salaries and benefits so reductions in expenditures predominately come from personnel.

The District has made reductions across most functions since 2013 as revenues have been flat or declining for the past several years. The table below shows the authorized FTE by State Function since 2021. The description of each State Function can be found in Appendix A – State of Alaska Chart of Accounts, as well as a more detailed description of which positions are in each function, in Appendix B – General Fund Detailed Personnel History. A detailed summary of changes can be found in Appendix C – Summary of FTE and Significant Discretionary Budget Changes.

The State of Alaska has separated the State Functions into two distinct categories for the purposes of recognizing the amount that is classified as instructional activities. Functions 100 through 400 have been defined as instructional activities while function 450 through 780 are defined as support services. Up until fiscal year 2016-17, when AS 14.17.520 was repealed, Alaskan districts were required to spend a minimum of 70 percent of operating funds on instructional activities. Anchorage School District has always been well above the minimum requirement and continues to see the value in providing the calculation to demonstrate the funds being directed to each category. The chart below shows expenditures by State Function for the General Fund and the calculation of instruction vs support. The reduction in Function 100 Instruction reflects the increase in PTR. The reduction in positions in Function 550 District Administration is primarily due to aligning school & instruction-based IT positions with the Chart of Accounts classification as Function 350 Support Services - Instruction expenditures.

## Pupil Transportation Fund Overview

The Pupil Transportation Fund is used to account for the operation of the District's home to school and school to school transportation programs. Transportation costs for other extracurricular or instruction purposes, such as sports and educational field trips, are recorded in the fund and function in which the activity applies.

The District is anticipating a decrease of .378 million, about 2 percent, in State revenue for FY 2024-25 based on enrollment changes and a stagnate appropriation of \$481 per ADM, which has remained unchanged since FY 2016. The District is requesting \$9.06 million in local tax revenue to supplement the Pupil Transportation Fund, an increase of \$4.02 million, to support current levels of operation. The overall Pupil Transportation revenues and expenditures are expected to increase by \$.990 million, or about 3.6 percent, as the demand for drivers across multiple industries necessitates competitive wages and benefits. Additionally, the sustained increases in the price of fuel are expected to continue to put a strain on finances.

The chart below shows total revenue for the Pupil Transportation Fund. Additional detailed information on Pupil Transportation Fund expenditures can be found in the Other Funds section of this document.

## Grants Fund Overview

The Grants Fund is used to account for revenues from sources, which include categorical State and Federal grants or contracts used to supplement the District's educational programs.

The District anticipates receiving \$67.67 million in grants in FY 2024-25, a decrease of about 26.8 percent. Federal grants, including contingency, are expected to decrease by approximately \$26.26 million, predominantly due to expiring COVID Relief stimulus funds being completely spent down in FY 2023-24.

Federal grants constitute approximately 84 percent of the Grants Fund and includes \$15 million in contingency for Federal awards that not yet been received. State and local grant awards make up the remaining 16 percent. The graph below shows the amounts and percentages of local, State and Federal awards expected for FY 2024-2025. Additional detailed information on local, State, and Federal grant expenditures can be found in the Other Funds section of this document.

## Debt Service Fund Overview

The Debt Service Fund is used to pay expenditures associated with voter-approved bonding for the purpose of major capital outlay relating to acquisition, construction, and renovation of capital facilities as well as debt incurred through the Municipality of Anchorage's master lease program. Annual debt service payments used to pay long-term principal, interest and related costs are expected to be \$54.597 million, \$9.118 million less than the current year, or a 14.3 percent decrease. The District's total gross bonded debt as of June 30, 2023 is \$473.322 million, down from \$118.229 million a decade ago.

Funding for repayment of principal, interest, and other expenses comes primarily from the State Capital Debt Reimbursement program and local property taxes. The calendar year tax assessment for the repayment of bonds is estimated at .906 mills for 2025, a decrease of .1 mills from 2024. The table below shows the revenue sources by agency and the expenditures by type for the Debt Service Fund.

### Capital Projects Fund Overview

The Capital Projects Fund is used to account for the acquisition and major repair of school facilities and equipment. Capital projects are financed by proceeds from general obligation bonds, local, State, and Federal grants and transfers from other funds. For upper limit spending authority purposes, the District budgets for additional spending authority for funds received outside of voter-approved bonds such as State Legislative grants or transfers in from other funding sources. The District has included \$50 million in upper limit authority, a \$5 million decrease from the prior year, to account for spending the funds authorized by the School Board for projects funded by School Bond Debt Reimbursement received from the State in FY 2021-2022. Additional information regarding the administrative costs and personnel of the Capital Projects Fund can be found in the Other Funds section of this budget document.

### Student Nutrition Fund Overview

The Student Nutrition Fund is used to account for the operation of the School District's student nutrition program. Funding is provided by user fees and proceeds received under the National School Lunch and Breakfast Programs as well as from the State of Alaska's Fresh Fruit and Vegetable grants. For FY 2024-25, the District has included \$0.1 million in transfers from the General Fund to pay for uncollectible, unpaid meal balances, primarily for students in foster care or who subsequently became eligible for free or reduced meals.

Overall revenue for the Student Nutrition Fund is expected to increase by \$0.55 million or about 2.2 percent. However, unforeseen disruptions in service, such as remote learning days or other unplanned closures, can impact revenues. The anticipated revenue is shown in the chart below and detailed statements of expenditures and personnel can be found in the Other Funds section of this budget document.

**STATEMENT OF PROGRAM:**

The School Board is the policy making and legislative body of the School District. The powers granted to the School Board are set forth in Titles 10, 14 and 29 of the Alaska Statutes. The School Board is responsible for adopting, amending or revoking as necessary School District policies. The School Board's decisions are made and related actions taken after consideration and evaluation of both administrative recommendations and public testimony and consultation.

OMB's principle responsibility is for the planning, development, compilation, execution and monitoring of the district's budget and financial planning. This includes developing extensive revenue projections based on state statute, evaluating prospective changes to statutes, estimating future costs of labor, benefits, supplies and services and assessing the risk in each area. Additionally, OMB provides training for school and administrative staff and provides support in financial modeling and reporting to other departments.

**STATEMENT OF PROGRAM:**

ASD preschool provides developmentally appropriate, intentionally planned, preschool programs with a focus on young children, four and five years of age (not yet eligible for kindergarten) and their families. ASD Preschool programming focuses on increasing kindergarten readiness through high-quality classrooms that focus on a comprehensive literacy-based approach to developing the whole child. Curriculum experiences will explicitly support early literacy skills, social/emotional, physical, language, cognitive, and math development in nurturing and responsive early childhood environments for all students.

**STATEMENT OF PROGRAM:**

The Assessment and Evaluation Department serves schools and students within the learning community by supporting the multiple systems of support that contribute to our mission to ensure success in life for all students. The department oversees data collection including state required and district adopted assessments and data analysis by supporting research and evaluation projects. The department, in close collaboration with the Information Technology Department, strives to provide accurate data and analysis to support key decision makers from the classroom to the boardroom so that the district can deliver the best possible education to all students.

**STATEMENT OF PROGRAM:**

The Fine Arts Department provides funding, instruction, and direct supervision for the elementary band, 6-12 orchestra, and middle school choir programs. Our itinerant instrumental music and choral teachers teach more than 5,000 students throughout the District. The FA budget also funds orchestra and band in the secondary optional programs. In addition to funding and supervision, The FA Department also provides support and event coordination for the entire K-12 Music program and K-12 Art program. This includes curriculum support, teacher in-service, professional development, resource materials, festivals, concerts, art shows, and a variety of other services to all schools.

**STATEMENT OF PROGRAM:**

Career and Technical Education (CTE) department designs and delivers career preparation programs aligned to in-demand industry clusters and career pathways. CTE priorities include high quality programs with modern technology and equipment. The department provides rigorous CTE curriculum, work-based learning experiences, and post-secondary connections for students in 6th through 12th grade. Programs are influenced and guided by the CTE Advisory boards, industry partners, and post-secondary education institutions to ensure students can successfully transition out of high school to pursue their career and educational goals.

**STATEMENT OF PROGRAM:**

The Development and Grants Department acts as the central oversight for ASD's external funding opportunities. The Department provides research, prepares competitive grant proposals, and plans for growing the peripheral relationships and networking capacity for ASD to gain funding prospects. The staff works closely with ASD leadership and Academic Services to identify school/instructional funding needs and to strategically align with ASD's long-term goals/objectives. Under the Finance Department, the Development and Grants Dept. works closely with Accounting staff regarding notification of awards, post-award compliance training, budget adjustments, and new award criteria.

**STATEMENT OF PROGRAM:**

The Rentals/Community Services Department coordinates district and community use of ASD facilities for school, community, and recreational events. The department uses an online program that allows rental groups to check site availability and schedule rental requests. The department includes Auditorium techs who maintain high school auditoriums and theater programs. The Auditorium techs provide instruction to students and staff on the safe use of auditorium equipment, and assist with wireless microphones, MPR/Gym projectors, and stage curtains in all schools. The department's goal is to support facility scheduling needs, auditorium use, and sound, projection and stage curtains in large group spaces.

**STATEMENT OF PROGRAM:**

Airport Heights Elementary School provides a comprehensive school experience for children in kindergarten through grade six. The school uses a research-based curriculum combined with ongoing assessment and progress monitoring to deliver data driven, differentiated instruction for all students. By instilling the value of learning, and teaching the skills necessary for social and academic success, we will develop life-long learners who are responsible, productive members of their families and the community.

**STATEMENT OF PROGRAM:**

Alpenglow Elementary School is set in the picturesque Eagle River Valley, a local K-6 neighborhood school. While high academic achievement continues to be a success story, its best attribute is the cohesive community of parents and staff who work together to make each day a positive experience. Alpenglow is a high achieving school that fosters both high expectations and consideration for the social emotional development of the whole child. Alpenglow enjoys strong parental involvement and is dedicated to continuing and expanding its partnership with the community. We are proud to hold a high standard at Alpenglow and pleased to celebrate the many successes of all our hard working students.

**STATEMENT OF PROGRAM:**

Baxter Elementary provides a comprehensive educational program for students in Kindergarten through sixth grade. Baxter is the alternative site for the MSI (Multi-Sensory Instruction) program in the Anchorage School District. MSI is a structured, systematic, explicit approach to teaching Language Arts and Reading. The approach is highly effective with students with Specific Language Disability and those that struggle in reading, writing, and spelling. Baxter has two Life Skills classes for students with disabilities. The Baxter staff is dedicated to providing a safe and positive educational environment in which students are challenged, excellence is expected, and diversity is valued.

**STATEMENT OF PROGRAM:**

Bayshore Elementary School provides a well-rounded education for children in grades K-6 in a traditional neighborhood setting. The rigorous program is focused on district and state standards. Our dedicated 90-minute literacy and math blocks help students learn in flexible groups based on regular review of performance. Reading and math instruction is provided according to students' specific needs. We also use assessment-driven instruction in writing. PTA and staff members are dedicated to providing personal development activities for students such as: chorus, choir chimes, community service, Student Council, spirit days and numerous sports opportunities.

**STATEMENT OF PROGRAM:**

Birchwood ABC is a neighborhood school in the Anchorage School District with an alternative curricular program. The staff emphasizes basic academic skills and subject matter along with character building, citizenship, and patriotism. The school seeks to build a sense of responsibility, confidence, and community. Parent participation is a key component to our success as many parents volunteer six or more hours of their time each quarter. This partnership creates the optimal climate for promoting student success.

**STATEMENT OF PROGRAM:**

Campbell STEM Elementary is ASD's first official STEM (science, technology, engineering and math) alternative school serving the Campbell neighborhood and students throughout Anchorage who are interested in STEM. In addition to PE, Music, Health, Art, and Band or Orchestra for 6th graders, Campbell STEM includes integration of science, technology, engineering and math into all subject areas. Campbell STEM places an emphasis on engineering design process, project-based and place-based learning, and STEM career exposure at every grade level as well as STEM labs and maker-spaces. Campbell STEM utilizes partnership businesses, UAA and high schools to provide STEM experiences for students.

**STATEMENT OF PROGRAM:**

Chinook Elementary is a school providing a comprehensive instruction program for grades K-6. The staff is committed to improving student achievement. Our focus on reading, language arts and the Common Core State Standards continue throughout all grade levels. The staff welcomes focused and intensive staff development to increase their knowledge and skill set. Chinook is also fortunate to have two active parent associations, the PTA and Chinook Optional School Association (COSA). These associations work together to benefit all students and provide enriching experiences for our students.

**STATEMENT OF PROGRAM:**

The students at Chugach Optional Elementary develop a sense of responsibility for themselves and others while becoming confident, independent learners. The open method at Chugach focuses on “doing” and reflects an experiential approach to learning. In practice this means extensive use of manipulative teaching materials, formulation and testing of hypotheses, numerous field trips and classroom visits by a variety of resource persons. Chugach has a strong sense of community with close home school connections.

**STATEMENT OF PROGRAM:**

Offered within the walls of Chugiak Elementary one will find our Natiya Program, an academically rigorous educational program working harmoniously with the District's only one-way Spanish Immersion School. Adding to the richness of our school one will also find an award winning art program, a high-energy physical education program that is committed to lifelong fitness, a state of the art library, and a music program offering the regular music curriculum as well as a handbell choir, an honor choir, and regularly scheduled performances. We are also fortunate to have caring and dedicated support staff in our Teacher's Assistants, office personnel, recess attendants, and bus drivers.

**STATEMENT OF PROGRAM:**

Huffman Elementary is a K-6 neighborhood school emphasizing strong, caring relationships and high academic expectations. In addition to the K-6 neighborhood program, Huffman offers a K-6 Extended Resource program for children with significant cognitive delays. We are committed to providing a well-rounded education where students are challenged to take academic risks and share their unique perspectives. We strive to meet the individual needs of every student. Parent and community involvement are vital to Huffman's success and we are lucky to have a strong and involved PTA and parent group. Huffman emphasizes our motto, "We are safe, respectful, responsible, friendly, and caring" everyday.

**STATEMENT OF PROGRAM:**

Kasuun Elementary School is a neighborhood school. In addition to our traditional K-6 education program, our school provides bilingual support and fulfills gifted education needs. We also house an Early Intervention Preschool Program. We are committed to providing a safe and engaging environment for the success of all of our students. Our well-rounded academics incorporate technology, art, music and character building. We stress a strong commitment to the relationship between home and school and encourage our families to become involved at the school. By working together this approach will set up our students to become life-long learners.

**STATEMENT OF PROGRAM:**

Kincaid Elementary is a neighborhood K-6 school. We prepare our students with strong academic foundations while promoting an environment based on respect and responsibility. Our school community emphasizes good citizenship and responsible social conduct. We celebrate our unique diversity and embrace the gifts and talents of all students. Our school helps students succeed through quality staff, parent involvement and community partnerships. Parents play a crucial role in making sure their children do well in school. Principals share school achievement data with parents and actively seek parents' suggestions, comments and participation in developing plans for continuous school improvement.

**STATEMENT OF PROGRAM:**

Lake Hood Elementary is a preK-6 school that celebrates its wide diversity and development of respect for all. The academic, physical, social and emotional needs of all of our students are addressed throughout the building and in every classroom. Our Power of Positive Students program helps us maintain a positive school environment. We directly teach social and emotional learning skills (SEL) through our Connected and Respected lessons. SEL is also incorporated into content areas. Through our RTI process we regularly review student academic progress and apply interventions when necessary. We have an active family community.

**STATEMENT OF PROGRAM:**

Lake Otis Elementary School provides a complete education for children in grades K-6 in a traditional neighborhood setting, adjacent to Wendler Middle School and the University of Alaska. A strong focus on the individual child is evident daily. Lake Otis offers an excellent academic program, as well as before and after-school activities that support the physical and academic growth of our students. Our PTA and staff are dedicated to providing additional learning experiences for students such as chorus, community service, student council and bicycle rodeo. We are proud of our school's accomplishments and look forward to improving all aspects of our education community.

**STATEMENT OF PROGRAM:**

Mountain View Elementary is a Pre-K through 5th grade Title 1 school, located in northeast Anchorage. Our student population is comprised of multiple racial and ethnic groups who speak a wide variety of languages. We celebrate diversity in our school and in our neighborhood. Our instruction is data-driven and district curricula are implemented with fidelity and integrity. Science and math have often been strong areas for our students and we have fielded several winning Math Derby teams in the last several years. Our mission statement: At Mountain View Elementary we are dedicated to promoting a safe productive learning environment in which all students can thrive academically and socially.

**STATEMENT OF PROGRAM:**

Northern Lights ABC K-8 School is an alternative program in the Anchorage School District known for its back-to-basics approach to education. The parents, teachers, and staff believe the purpose of education is to provide children with the skills necessary to live successfully as responsible citizens and contribute to their community. The academic program at Northern Lights ABC is based on the premise that many students learn best within the framework of a structured environment, where self-discipline is encouraged and boundaries are consistently applied. The program challenges students to take responsibility for their own learning and to have pride in their work.

**STATEMENT OF PROGRAM:**

The mission of Orion Elementary School is to ensure optimal learning and safety for all and help make respect, courtesy, and consideration for others a common practice. Located on Joint Base Elmendorf Richardson, Orion serves approximately 450 Pre K-6 students, most of whom are military dependents. Students attend art, health, library, music, and physical education classes in addition to classroom instruction. Parent and community involvement, participation, and support of our exceptional teaching and classified staff are key ingredients to Orion's educational program and positive learning environment.

**STATEMENT OF PROGRAM:**

Rogers Park Elementary School provides a climate that promotes instructional excellence through a student-oriented program that focuses on the development of the whole child. Recognizing that individual students have unique learning styles, Roger Park School affords every person opportunities for success with access to special services and resources for those students who are exceptional. At Rogers Park, two educational programs exist; a neighborhood K-6 program and a K-6 for highly gifted students. Cooperation of school professionals, parents, and community members ensures support for each student to achieve positive academic, emotional, physical and social growth.

**STATEMENT OF PROGRAM:**

"Leading with Respect, Learning for a Lifetime" is more than a vision statement; it is a way of life at Sand Lake Elementary School. As a "Leader in Me" School, Sand Lake is a strong community of learners with students, teachers, parents and the community partnering to provide the best opportunities for every student. Sand Lake has a vibrant neighborhood program and is home to the Japanese Immersion Program. The staff is recognized for its commitment and the school benefits from involved parent groups. While Sand Lake is the largest elementary school in the Anchorage School District, the sense of community gives it the feel of a much smaller school.

**STATEMENT OF PROGRAM:**

Scenic Park Elementary provides a complete K-5 instructional program using the Anchorage School District curriculum. Students learn the language and culture of China from our certificated Chinese teacher. Chinese classes are taught 20-30 minutes twice a week. We also provide bilingual students and native students with support through English Language Learners and the Cook Inlet Tribal Council program. We strive to promote a safe and healthy environment where students are taught how to solve problems and make good choices. We are a community committed to the success of all learners as they become knowledgeable, responsible, and caring citizens.

**STATEMENT OF PROGRAM:**

Spring Hill Elementary School is a neighborhood school and provides a complete K-6 educational program. Spring Hill also serves as a regional site for Special Education Extended Resource serving kindergarten through sixth grade students. We believe in educating students for success in life with a focus on both academic skills and personal responsibility. A teacher is available for students who qualify for the gifted program. Spring Hill offers students in our neighborhood an instructional program based on the curriculum adopted by the Anchorage School Board. Emphasis is placed on development of the whole child using a standards-based approach to teaching and learning.

**STATEMENT OF PROGRAM:**

Susitna Elementary is a large, diverse school in east Anchorage with two programs: a neighborhood program and an "open optional" alternative program. The Susitna community is committed to the success of all learners as they become knowledgeable, responsible, and caring citizens. There are 14 traditional classrooms for grades K-5 and 6 open-optional, multi-age classrooms, 2 special education, 2 extended resource classes, and full-day kindergarten. Specialists include: art, music, health and PE teacher, nurse, librarian and ELL tutor. A speech specialist and psychologist also provide instruction and services. Special education teachers provide both in-class and individualized instruction.

**STATEMENT OF PROGRAM:**

Taku Elementary students are scored from AIMSweb, COREK12 and informal tests to determine student needs. The school day is structured with a 90 minute literacy block, 60 minute math block for k-4 and 75 minute math block for 5-6, 30 minute writing block and 30 minute intervention block for grades 1-6, to provide differentiated instruction for all students. Staff professional development is provided through study groups, grade-level collaboration, district training, and staff meetings. Second step lessons along with Conscious Discipline are regularly directly taught to students.

**STATEMENT OF PROGRAM:**

Turnagain Elementary provides educational opportunities for K-6 students. The Turnagain educational community believes all children can learn and be successful in a safe, nurturing environment where a respectful relationship exists between staff, students, and parents. We are dedicated to improving student achievement and to providing opportunities for students to acquire strategies and coping skills that foster good citizenship and life-long learning. In addition to a neighborhood school program, a Russian Immersion Program is available through a lottery process. Our goal is that all students will become literate, independent, positive and respectful citizens who take pride in themselves.

**STATEMENT OF PROGRAM:**

William Tyson Elementary School provides a comprehensive elementary curriculum that strives to develop each. It is our vision that people in our community will become aware that we have many constructive choices for dealing with conflict, and encourage our students to develop skills that will help them make those choices. We are dedicated to increasing respect for our own and others cultures, and above all, believe Tyson has a powerful role to play in creating a more democratic, just and peaceful world. We are committed to providing a safe and peaceful learning environment for everyone.

**STATEMENT OF PROGRAM:**

Gladys Wood Elementary School serves students in grades Pre-school to 6th. The staff provides a well-balanced education that follows Anchorage School District expectations and initiatives, including Response to Instruction and Common Core State Standards. Instructional practice focuses on the "whole child," with Social Emotional Learning a key component. Block scheduling is utilized for Language Arts and Math. The school community is highly valued, and Gladys Wood enjoys extensive parent involvement. The PTO is a vital part of Gladys Wood's instructional program. The school is utilized for community activities throughout the year.

**STATEMENT OF PROGRAM:**

Polaris is an evolving program that creates an environment challenging its students, teachers, and parents to personal excellence, lifelong learning, and ethical responsibility to self, community, and world. The Polaris community holds true to our student-centered philosophy by using a project-based approach. This encourages an active learning environment that keeps students excitedly engaged in their work while simultaneously cultivating and prompting students to ask, explore, and synthesize deep and interesting questions. Community involvement and parent participation are an integral part of the program.

**STATEMENT OF PROGRAM:**

The Alaska Native Cultural Charter School is operating in its new building. The K-8 school offers a curriculum that is similar to Anchorage School District adopted curriculum with an emphasis on Native subsistence life styles and rural Alaskan culture. Several Native languages are introduced to students and various Native groups and organizations present special programs and provide guest helpers in the classroom to enrich the children's' educational experience. The school provides free and reduced breakfasts and lunches as well as makes available Title I assistance for all students. The school is open to all students in ASD and uses the lottery system to determine enrollment.

**STATEMENT OF PROGRAM:**

Aquarian Charter School serves students in grades K-6 and is currently residing in an ASD facility. The program philosophy statement says that Aquarian provides an educational community which supports a learning environment based on high expectations within an academic foundation, experiential hands-on learning and a commitment to personal character. The instructional program follows many aspects of an enrichment model, with Spanish inclusion in all grades, a solid core curriculum, which is aligned to State Performance Standards, fine arts, thematic instruction and technology integration.

**STATEMENT OF PROGRAM:**

Eagle Academy is a K-6 charter school. It offers an academically challenging program requiring students to master Eagle Academy's performance standards before progressing to the next level of curriculum. Students are placed in instructional levels after teachers analyze the results of standardized tests and classroom assessments. The Spalding Method of Integrated Language Arts is the basis for instruction across curriculum in all grades, employing a multi-sensory learning approach. Saxon Math is used across all levels for math instruction. All students receive an hour of instruction in art, music, physical education, and technology weekly.

**STATEMENT OF PROGRAM:**

Family Partnership is no longer a charter school and has been moved into Organization code 1831. Family Partnership is a K-12 alternative school. "Parent directed education" defines this program. It is based on the premise that a partnership between students, parents, professional educators, and community members is an ideal educational environment for children. This partnership is established between a family and a certificated ASD teacher who share similar educational philosophies and work together to create customized educational programs for each student.

**STATEMENT OF PROGRAM:**

Highland Academy serves as a model for educational entrepreneurship and illustrates a paradigm shift in education and learning. Highland Academy serves 6th - 12th graders from the Anchorage School District. Students are expected to follow a dress code resembling casual business dress. Since students will be going into the community, a professional appearance and stature is expected. The facility promotes a digital learning environment, which integrates technology, connectivity and digital content into the classroom. Student learning is rigorous and demanding and students must pass each level with at least an 80 percent proficiency in each of the eight content areas.

**STATEMENT OF PROGRAM:**

Rilke Schule Charter School was opened in the fall of 2007 and serves K-8 students. The program philosophy states that this school will provide an immersion program in the German language for students who attend the school. There will be an emphasis on being responsible citizens of the community and the world. The Anchorage School District curricula will be followed in all classes except German. The school will be open to all students selected through the lottery application process.

**STATEMENT OF PROGRAM:**

The Alaska State School for Deaf and Hard of Hearing is mandated to serve all deaf and hard of hearing students within the State whose IEP requires this centralized program of comprehensive services. This budget details funding necessary to operate the preschool through age 22 program. AKSDHH students receive instruction in a variety of settings. They are included with non-disabled students as part of a school within a school at Russian Jack Elementary, Clark Middle School, East High School, King Tech, and ACT programs.

**STATEMENT OF PROGRAM:**

The gifted program provides services for identified gifted students requiring a curriculum with acceleration and enrichment. These students have been determined to need extensions beyond the regular classrooms. The elementary program consists of two components: IGNITE and Highly Gifted (HG). The IGNITE program is a pull-out model which offers enrichment supplemental to the regular classroom to students in grades two through six and who are identified as superior in the range of intelligence. The HG program is a self-contained full time program for the highly gifted in kindergarten through grade six and is housed at Rogers Park Elementary School.

**STATEMENT OF PROGRAM:**

Whaley School provides special education services to students who require an intensive, specialized program designed to meet the specific educational, behavioral, and social/emotional needs as determined by the student's Individual Education Program (IEP) team. The school primarily serves students in grades 5-12. The School and staff are dedicated to addressing the concerns of special education students whose severe emotional/behavioral needs justify placement in this separate day school program.

**STATEMENT OF PROGRAM:**

The mission of the Psychology Department is to assist teachers, parents and administrators to meet the academic, emotional and social needs of the Anchorage School District students. This includes accurate, timely evaluations for special education provision of direct and indirect services to students, and consultation and short-term counseling to ensure the total health and wellness of students and staff in an environment free of emotional and psychological barriers to learning. Psychologists will directly respond to and assist staff in responding to crises created by violence in schools, student and/or staff injury or death.

**STATEMENT OF PROGRAM:**

Middle School Special Education provides special education services to support students with disabilities in grades 7-8, as well as grade 6 in certain schools. Students receive instruction in their least restrictive learning environment, with access to the general education curriculum as determined by the student's IEP team. Specialized, research-based curriculum is used to address reading, writing, math, and/or behavioral skills for students based on their individual needs. Middle School Special Education provides a continuum of services to address all levels of student need.

**STATEMENT OF PROGRAM:**

The Outreach Program provides special education services for students with an Individual Education Program (IEP) who have received a long term out-of-school suspension, expulsion, or alternative placement in lieu of suspension or expulsion. The Outreach classroom is housed at Whaley School. Students receive their special education services and have the opportunity to earn credits through online instruction. Certificated staff may provide educational services at various community locations such as the library, community center, or jail (for incarcerated students).

**STATEMENT OF PROGRAM:**

The ACT Program (Adult Community Transition) provides instruction for special education students who have completed four years of high school, have not received a diploma, and who are eligible for services as determined by their IEP. Students are eligible for participation in ACT through age 22. The program's goal is to give students as much independence as possible in their adult lives through instruction to promote job skills and functioning in a variety of settings. Instruction concentrates on work maturity, self-help, communication, social and recreation/leisure skills. The program utilizes multiple community settings, including leased space at the Trust Authority Building.

**STATEMENT OF PROGRAM:**

Special Schools Program has been moved out of the Special Education code series into Organization code 1882 to align with ASD's Account Code structure since the program also serves non-Special Ed students. The Special Schools Program provides educational programs outside traditional school settings for students who experience physical, medical, emotional, or behavioral conditions which affect the student's ability to attend school. Services are provided at various residential treatment centers and hospitals within the municipality of Anchorage. Fifty to sixty percent of students served are from the Anchorage area, and forty percent from outside the district. Additionally, visiting teacher services are provided in the hospital or home setting to students who are physically unable to attend school due to temporary or chronic medical conditions.

**STATEMENT OF PROGRAM:**

The Health Services program improves and protects the health of students in a supportive learning environment. School nurses prioritize health maintenance, injury and disease prevention, and health restoration. Nursing interventions support educational staff in providing students with a safe, caring and educationally relevant school program. Students with disabilities are provided nursing services as identified in the Individual Education Plan (IEP). Health Services program administration supports supervision, delegation, evaluation of nursing practice and employee training. Mandatory first aid training is provided promoting safe and caring schools.

**STATEMENT OF PROGRAM:**

The Special Education summer school budget provides funding to pay for Extended School Year services for special education students who qualify for the services under federal and state statute. These funds pay for administrators, instructional and custodial staff, teaching supplies, transportation and more. The Extended School Year program is a six to seven week program supporting maintenance of skills for over 1000 students identified as needing these services.

**STATEMENT OF PROGRAM:**

Mears Middle School provides seven instructional periods daily. All students are enrolled in four required academic courses, physical education and electives. Remedial and gifted course work is offered in language arts, science and mathematics. Electives include computer and industrial technology, arts/crafts, family consumer science, foreign languages and music. Growth in traditional academic areas is emphasized. Students are also encouraged to participate in career and leisure time activities. Intramural, interscholastic and after school extracurricular activities are available to all students. Mears' parents, staff and school business partners work together to build a dynamic community.

**STATEMENT OF PROGRAM:**

The Martin Luther King Jr. Technical High School is a hybrid model with full time and part time students. King Tech is a full time school for ASD juniors and seniors; it combines career technical education with regular core classes in a design- your- own-education format. King Tech students work with a mentor to design a personalized learning plan that could include the following: career path, relevant electives, core classes, King Tech classes, internships (on the job training), District options outside King Tech, and digital learning (APEX, ASD iSchool).

**STATEMENT OF PROGRAM:**

Chugiak High School offers a standard high school program in line with the expectations of the Anchorage School District. Spanish Immersion, World Discovery Seminar, NJROTC, AP and CTE Courses are some of the special programs offered. Chugiak High School is a partnership of students, staff, families, and the community. This partnership works to graduate students who communicate effectively, think logically and critically, discover and develop their own creative talents, and possess essential career and technical skills. Included in this vision is the encouragement of all facets of educational levels and future career goals as they pertain to each individual student.

**STATEMENT OF PROGRAM:**

Bettye Davis East Anchorage High provides a safe and positive educational environment for a highly diverse population of students. High expectations for academics and decorum are the norm. Students are served by a curriculum encompassing a range of remedial through advanced placement courses, and opportunities in fine arts, world languages, JROTC, career technology, and physical education. Extra-curricular offerings in both athletic and academic teams, clubs, and organizations are available, and an intentional focus on building positive one-to-one adult-student relationships for every student occurs through a four-year advisory program.

**STATEMENT OF PROGRAM:**

Family Partnership Correspondence is a K-12 alternative school. "Parent directed education" defines this program. It is based on the premise that a partnership between students, parents, professional educators, and community members is an ideal educational environment for children. This partnership is established between a family and a certificated ASD teacher who share similar educational philosophies and work together to create customized educational programs for each student.

**STATEMENT OF PROGRAM:**

Steller Secondary is an open optional school of choice that serves students in grades 7-12 from across the Anchorage School District. The emphasis of the school program is attaining an education through responsibility to self and to the community. Students, parents, and staff participate in the democratic process of setting school policies. Students participate in all aspects of the school program from planning and scheduling activities, mentoring and assisting younger students, and designing coursework through independent study and peer taught classes. Students acquire leadership and responsibility for both their school and their community through participation in operation of the school.

**STATEMENT OF PROGRAM:**

West High School has served the community for over fifty years making it the original high school for Anchorage. This history in the community has fostered and supported a tradition of academic excellence that includes an International Baccalaureate program, a Highly Gifted strand, and a School Through the Arts Program. Additionally, over sixty nine percent of graduates attend post secondary schooling. The population at West is a direct reflection of Anchorage, diverse in both ethnicity and economic status. Accredited by Advance Education and partnering with over 25 local businesses, West offers a balanced and varied comprehensive high school curriculum.

**STATEMENT OF PROGRAM:**

Eagle River is a comprehensive high school that serves students in grades nine through twelve. The student body is evenly comprised of students from the local Eagle River community and from Joint Base Elmendorf/Richardson. Annual enrollment fluctuates due to a high mobility rate amongst the 45% of students who are military dependents and the school provides a variety of transitional supports. Despite being the smallest of the ASD high schools, ERHS provides a full compliment of fine arts, world languages, Advanced Placement offerings, and CTE programs. The school also supports a regional autism program.

**STATEMENT OF PROGRAM:**

McLaughlin School provides educational services for residents of McLaughlin Youth Center. Youth are placed at MYC as a result of their criminal activity and placed in a detention or a long-term treatment unit (based on court ordered disposition). The educational program is an essential component of each student's treatment plan. This requires additional academic assessment, appropriate class placements, and differential curriculum to meet the unique educational and treatment needs of each student.

**STATEMENT OF PROGRAM:**

Benny Benson Secondary School provides students with alternative pathways for earning credit. SEARCH (grades 7-10) is a full day academic program offering small classes with personalized instruction. SAVE II (grades 11-12) is a self-paced credit recovery program where student take three classes at a time and attend King Tech for half the day. It is recommended that all students maintain some form of employment in order to receive work experience credit. Students and staff at Benny Benson are focused on regaining lost credits in a safe and respectful environment.

**STATEMENT OF PROGRAM:**

The Special Schools Program provides educational programs outside traditional school settings for students who experience physical, medical, emotional, or behavioral conditions which affect the student's ability to attend school. These services are provided at various residential treatment centers and hospitals within the municipality of Anchorage. Fifty to sixty percent of the students served are from the Anchorage area, and forty percent from outside the district. In addition, visiting teacher services are provided to students who are physically unable to attend school due to temporary or chronic medical conditions. These services are provided in the hospital or home settings.

**STATEMENT OF PROGRAM:**

The Food Service Administration is responsible for the planning, organizing, coordination, accountability, regulating, control and evaluation of all Student Nutrition Program functions within the District, i.e., administration, unit operations and delivery. The administrative staff role is to assess the program needs; set measurable goals; maintain advisory groups as appropriate; meet and respond to inquiries from students, staff, parents and the community. The main department goal is to provide proper student nutrition to enhance their overall wellness, to increase their participation, and to provide resources for employees to be creative and to promote good practices.

## Functions

**FUNCTION** is used to group within a fund the different broad classifications of financial activities or services performed; for example, Instruction is function 100, a broad group of activities and services performed. Functions provide for the reporting of financial information in a manner, that is useful to school boards, superintendents, the Department of Education and Early Development, the Legislature and in some instances provides for the accumulation of expenditures in such a manner as to show compliance with law or regulation.

For school districts that wish to accumulate financial information in greater detail than the required function level many required functions are further subdivided into optional functions. Optional functions provide for the grouping of activities or services in further detail; for example, Instruction 100 is a required function but could be further broken out into the optional function Correspondence Instruction 120. The optional functions are components of the required functions and if optional functions are used, then they should be aggregated and reported at the required function level. When establishing coding for required functions the explanations and detail provided in the optional functions should be considered.

- 100      **INSTRUCTION** - Instruction includes the educational activities directly involving the interaction between teachers and students. Instruction may be provided in the school classroom, in another location such as a home or hospital, or in other learning situations such as student curricular field trips. It may also be provided through some other approved medium such as televisions, radio, computer, multimedia, telephone, or correspondence. Technology that is used by students in the classroom or that has a student instruction focus should be coded here. Included here are the certificated classroom teachers or other certificated personnel who are performing as classroom teacher and classroom aides or classroom assistants who directly assist in the instructional process. Examples of the types of expenditures to include are salaries, employee benefits, teaching supplies, textbooks, equipment and equipment repair directly used in the teaching process, and travel between schools or other locations for instructional purposes. Inservice teacher training, conferences and workshops that are for the benefit of teachers for staff development are not included here but in Support Services - Instruction, function 350. **(Required)**
- 120      **BILINGUAL/BICULTURAL INSTRUCTION** - Bilingual and bicultural instruction includes the educational activities directly involving the interaction between teachers and students of limited English-speaking ability. Included here are the certificated bilingual and bicultural classroom teachers or other certificated personnel who are performing as the bilingual and bicultural classroom teacher and classroom aides or classroom assistants who directly assist in the bilingual and bicultural instructional process. Examples of the types of expenditures to include are salaries, employee benefits, teaching supplies, textbooks, equipment and equipment repair directly used in the teaching process, and travel between schools and other locations for bilingual and bicultural instructional purposes. Specific inservice teacher training, conferences and workshops for bilingual and bicultural staff development are also included here. **(Optional)**

- 130      **GIFTED/TALENTED INSTRUCTION** - Gifted and talented instruction includes the educational activities directly involving the interaction between teachers and students who exhibit outstanding intellect, ability, or creative talent. Included here are the certificated gifted and talented classroom teachers or other certificated personnel who are performing as the gifted and talented classroom teacher and classroom aides or classroom assistants who directly assist in the gifted and talented instructional process. Examples of the types of expenditures included are salaries, employee benefits, teaching supplies, textbooks, equipment and equipment repair directly used in the teaching process, and travel between schools and other locations for gifted and talented instructional purposes. (Optional)
- 140      **CORRESPONDENCE STUDY INSTRUCTION** - Correspondence study instruction includes the educational activities directly involving the interaction between teachers and students when the primary medium of instruction is communication between the instructor at one physical location and the student at another physical location when the student does not attend a designated school on a regular basis. Included here are the certificated correspondence study teachers or other certificated personnel who are performing as the correspondence study teacher and classroom aides or classroom assistants who directly assist in the correspondence study instructional process. Examples of the types of expenditures to include are salaries, employee benefits, teaching supplies, textbooks, equipment and equipment repair directly used in the teaching process, telephone, internet, courses and postage, and travel to visit correspondence students for instructional purposes. (Optional)
- 160      **VOCATIONAL EDUCATION INSTRUCTION** - Vocational education instruction includes the educational activities directly involving the interaction between teachers and students in state approved vocational education classes. Included here are the certificated vocational education teachers or other certificated personnel who are performing as the vocational educational teacher and classroom aides or classroom assistants who directly assist in the vocational education instructional process. Examples of the types of expenditures to include are salaries, employee benefits, instructional supplies, textbooks, equipment and equipment repair directly used in the teaching process and travel between schools and other locations for vocational instructional purposes. (Optional)
- 200      **SPECIAL EDUCATION INSTRUCTION** - Special education instruction includes the educational activities directly involving the interaction between teachers and special education students in the classroom or other facility. Included here are the costs of instruction for the student who deviates from the average or normal child in mental, physical or social characteristics to such an extent that he or she requires a modification of school practices or special education services in order to develop to his or her maximum potential. Included here are the certificated special education teachers or other certificated personnel who are performing as the special education teacher and classroom aides or classroom assistants who directly assist in the special education instructional process. Examples of the types of expenditures to include are salaries, employee benefits, instructional supplies, textbooks, equipment and equipment repair directly used in the
