

## SENIOR TIMELINE

### FALL

- Continue to take a full course load of college-prep courses.
- Keep working on your grades. Make sure you have taken the courses necessary to graduate in the spring.
- Continue to participate in extracurricular and volunteer activities. Demonstrate initiative, creativity, commitment, and leadership in each.
- Research colleges using websites, college search engines, and by attending college lunch visits and the College Fair in October.
- Talk to counselors, teachers, and parents about your final college choices.
- If possible, visit colleges while classes are in session.
- Register for and take the ACT Assessment, SAT I, or SAT II Subject Tests, as necessary.
- Register for test prep courses.
- Make a calendar showing application deadlines for admission, financial aid, and scholarships.
- Check resource books, computer programs, and the ASD website for information on scholarship and grants. Ask colleges about scholarships for which you may qualify.
- Begin work on admissions essays; these take time and you have more than one to write.
- Create a profile or portfolio for athletics or specialty programs, such as Fine Arts.
- Give recommendation forms to the teachers you have chosen (at least two full weeks before you need the letters), along with stamped, self-addressed envelopes so your teachers can send them directly to the colleges. Be sure to fill out of your name, address, and school name on the top of the form. Talk to your recommendation writers about your goals and ambitions.
- Be sure you have requested, either by mail or online, that your test scores be sent to the colleges of your choice.
- Mail or send electronically any college applications for early-decision admission by November 1.
- Print extra copies or make photocopies of every application you send.

### WINTER

- Attend whatever college-preparatory nights are held at your school or by local organizations.
- Send midyear grade reports to colleges. Continue to focus on your schoolwork!
- Fill out the Free Application for Federal Student Aid (FAFSA), found at <http://www.fafsa.ed.gov>. These forms may not be processed before January 1, so don't send them before then.
- Mail or send electronically any remaining applications and financial aid forms before winter break. Make sure you apply to at least one college that you know you can afford and where you know you will be accepted.
- Follow up to make sure that the colleges have received all application information, including recommendations and test scores.
- Meet with your counselor to verify that all applicable forms are in order and have been sent out to colleges.

## **SPRING**

- Between March 1 and April 1, watch for acceptance notifications from colleges.
- Between April 1 and May 1, watch for notification of financial aid awards.
- Compare the financial aid packages from the colleges and universities that have accepted you.
- Make your final choice and notify all schools of your intent by May 1. If possible, do not decide without making at least one campus visit. Send your nonrefundable deposit to your chosen school by May 1 as well. Request that your final transcript from your high school be sent to the college in June.
- Be sure that you have received a FAFSA acknowledgement.
- If you applied for a Pell Grant (on the FAFSA), you will receive the Student Aid Report (SAT) statement. Review this Pell notice, and forward it to the college you plan to attend. Make a copy for your records.
- Complete follow-up paperwork for the college of your choice (scheduling, orientation session, housing arrangement, and other necessary forms).

## **SUMMER**

- If applicable, apply for a Stafford Loan through a lender. Allow eight weeks for processing.
- Receive the orientation schedule from your college.
- Get residence hall assignment from your college.
- Obtain course scheduling and cost information from your college.
- Congratulations! You are about to begin the greatest adventure of your life. Good luck!
